The Last Summer Of Reason:

The Last Summer of Reason Tahar Djaout, 2007-09-01 This elegant haunting novel takes us deep into the world of bookstore owner Boualem Yekker. He lives in a country being overtaken by the Vigilant Brothers, a radically conservative party that seeks to control every element of life according to the laws of their stringent moral theology: no work of beauty created by human hands should rival the wonders of their god. Once treasured art and literature are now despised. Silently holding his ground, Boualem withstands the new regime using the shop and his personal history as weapons against puritanical forces. Readers are taken into the lush depths of the bookseller's dreams, the memories of his now empty family life, his passion for literature, then yanked back into the terror and drudgery of his daily routine by the vandalism, assaults and death warrants that afflict him. From renowned Algerian author Tahar Djaout, we inherit a brutal and startling story that reveals how far an ordinary human being will go to maintain hope.

Silence Is Death Julija Sukys, 2007-01-01 On May 26, 1993, the Algerian novelist and poet Tahar Djaout was gunned down in an attack attributed to Islamist extremists. An outspoken critic of the extremism roiling his nation, Djaout in his death became a powerful symbol for the murder of Algerian culture as scores of journalists, writers and scholars were targeted in a swelling wave of violence. The author of twelve books of fiction and poetry, Djaout was murdered at a critical point in his career just as his literary voice was maturing. His death was a great loss not only for Algeria and for Francophone literature but also for world literature. Rage at the news of his slaying was explosive but did nothing to quell the increasing bloodshed. *Silence Is Death* considers the life and work of Djaout in light of his murder and his role in the conflict that raged between Islamist terrorist cells and Algeria's military regime in the 1990s. The result is an innovative meditation on death, authorship and the political role of intellectuals. By collapsing the genres of history, biography, personal memoir, fiction and cultural analysis, Julija Sukys investigates notions of authorial neutrality as well as the relationship between reader and writer in life and in death. Her work offers a view of reading as an encounter across time and place and opens the possibility of a relationship between different cultures under peaceful terms.

Literature, Migration and the 'War on Terror' Fiona Tolan, Stephen Morton, Anastasia Valassopoulos, Robert Spencer, 2013-09-13 This is a major new collection of essays on literary and cultural representations of migration and terrorism, the cultural impact of 9/11 and the subsequent war on terror. The collection commences with analyses of the relationship between migration and terrorism, which has been the focus of much mainstream political and media debate since the attacks on America in 2001 and the London bombings in 2005, not least because liberal democratic governments in Europe and North America have invoked such attacks to justify the regulation of migration and the criminalisation of minority groups. Responding to the consequent erosion of the liberal democratic rights of the individual, leading scholars assess the various ways in which literary texts support and/or interrogate the conflation of narratives of transnational migration and perceived terrorist threats to national security. This crucial debate is furthered by contrasting analyses of the

manner in which novelists from the UK North Africa the US and Palestine have represented 9 11 exploring the event s contexts and ramifications This path breaking study complicates the simplistic narratives of revenge and wronged innocence commonly used to make sense of the attacks and to justify the US response Each novel discussed seeks to interrogate and analyse a discourse typically dominated by consent belligerence and paranoia Together the collected essays suggest the value of literature as an effective critical intervention in the very fraught political aftermath of the war on terror This book was published as a special issue of the Journal of Postcolonial Writing
