William Morris,2025-01-06T22:18:48Z The King of Upmeads has four sons who are tired of living in the peaceable kingdom and yearn to adventure abroad Three are sent out but the fourth Ralph is chosen to stay home He can't stand being left behind and so he runs away wandering to the many lands beyond Upmeads On his travels he encounters much evil meeting both thieves and tyrants At the start Ralph is somewhat naive and is merely carried along by events But when he hears of a legendary Well at the World's End that grants health and long life he devotes himself to finding it though many before him have tried Ralph must make allies escape evil plots and take charge of his journey to fulfill his quest Along the way he'll grow into a confident warrior and the kind of ruler that can set things right in the world The Well at the World's End is an early example of the high fantasy genre as it takes place in a fictional world filled with romance and features a heroic protagonist The magic is subtle and the story is largely an adventure of knights damsels villains and heroes The prose is written in an archaic style of English which inspired many later fantasy writers including J R R Tolkien who may have been influenced by the book's King Gandolf and horse Silverfax and C S Lewis This book is part of the Standard Ebooks project which produces free public domain ebooks

Housing and Social Change in Europe and the USA Michael Ball,Michael Harloe,Maartjie Martens,2013-10-28 First published in 1988 This book argues that there is a growing structural crisis in the provision of housing in advanced capitalist countries and that the steady improvement in housing conditions since 1945 is unlikely to continue The dilemmas facing housing policy makers can no longer be seen as concerned just with distributional questions but with problems generated by the restructuring of key elements of housing provision including private housing finance and the housebuilding industry It looks at housing markets housing policies and specific institutions connected with housing provision in many advanced capitalist countries including Britain the USA France West Germany the Netherlands and Denmark It considers the different sectors and the changes taking place there using case study material where appropriate to support its varied and convincing arguments

individuals struggling with addiction or emotional disorders to families who've been dealt a bad hand in an often unforgiving economy.
