The Kremlin and the Prague Spring Karen Dawisha,1984-01-01 **Subversion** Lennart Maschmeyer,2024 In 2014 Russia launched a Hybrid War against Ukraine that according to some ushered in a revolution in conflict The term is notoriously vague referring to all measures short of war states use to attain strategic aims States of course have long used measures in the gray zone between war and peace Yet they did not always have the Internet *Hitler's Stalingrad Decisions* Geoffrey Jukes,2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985 India and the China Crisis Steven A. Hoffmann,2024-06-12 The earliest accounts of the Sino Indian boundary dispute cast India as the victim of Chinese betrayal and expansionism but a more favorable image of China vis a vis India has appeared since the 1970s Since then China has been portrayed as the victim of India's self righteous intransigence with the 1962 India China war occurring because China was provoked into practicing a justifiable form of realpolitik These two seemingly irreconcilable academic schools of thought still exist In this case study of India's decision making between the years of 1959 and 1963 the critical first years of its border conflict with China Steven A Hoffmann takes an important step in reconciling the conflicting views of the crisis and of the ascribed reasons for the war that ensued in 1962 Drawing on interviews with Indian officials military officers and political leaders and on memoirs and other sources gathered during concentrated research in India England and North America between 1983 and 1986 the author provides previously unknown material on the perceptions and realities of Indian decision making A model for international crisis behavior as proposed by Michael Brecher is used to help establish a balanced treatment of information and offer insights into such questions as why India and China both failed to understand one another's frontier psychologies and strategies and why the Nehru government did not succeed in managing the conflict This richly detailed and carefully researched approach is invaluable in this time when India and China are once again exploring ways to establish a solid relationship This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Middle East Crisis** Alan Dowty,2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984 **Books in Print Supplement** ,1988 A Study of Crisis Michael Brecher,Jonathan Wilkenfeld,2022-06-07 As the
