

LEONCE PEILLARD

THE LACONIA AFFAIR

From the archives of World War II
comes this enthralling story of the
fateful encounter of U-156 and the
Laconia in South Atlantic waters.

The Laconia Affair

Theodore P. Savas

The Laconia Affair:

The Laconia Affair Léonce Peillard, 1963 **The Battle of the Atlantic** Jonathan Dimbleby, 2016 The only thing that ever really frightened me during the war was the U boat peril wrote Winston Churchill in his monumental history of World War Two Churchill's fears were well placed the casualty rate in the Atlantic was higher than in any other theater of the entire war The enemy was always and constantly there and waiting lying just over the horizon or lurking beneath the waves In many ways the Atlantic shipping lanes where U boats preyed on American ships were the true front of the war England's very survival depended on assistance from the United States much of which was transported across the ocean by boat The shipping lanes thus became the main target of German naval operations between 1940 and 1945 The Battle of the Atlantic and the men who fought it were therefore crucial to both sides Had Germany succeeded in cutting off the supply of American ships England might not have held out Yet had Churchill siphoned reinforcements to the naval effort earlier thousands of lives might have been preserved The battle consisted of not one but hundreds of battles ranging from hours to days in duration and forcing both sides into constant innovation and nightmarish second guessing trying desperately to gain the advantage of every encounter Any changes to the events of this series of battles and the outcome of the war as well as the future of Europe and the world would have been dramatically different Jonathan Dimbleby's *The Battle of the Atlantic* offers a detailed and immersive account of this campaign placing it within the context of the war as a whole Dimbleby delves into the politics on both sides of the Atlantic revealing the role of Bletchley Park and the complex and dynamic relationship between America and England He uses contemporary diaries and letters from leaders and sailors to chilling effect evoking the lives and experiences of those who fought the longest battle of World War Two This is the definitive account of the Battle of the Atlantic

Prisoners of War Bob Moore, 2022-04-14 The Second World War between the European Axis powers and the Allies saw more than twenty million soldiers taken as prisoners of war While this total is inflated by the unconditional surrender of all German forces in Europe on 8 May 1945 it nonetheless highlights the fact that captivity was one of the most common experiences for all those in uniform even more common than frontline service Despite this and the huge literature on so many aspects of the war prisoner of war histories have remained a separate and sometimes isolated element in the wider national chronicles of the conflict constructed in the post war era Prisoners of every nationality had their own narratives of military service and captivity While it is impossible to encompass their collective histories let alone the individual experiences of all twenty million prisoners in a single volume Bob Moore uses a series of case studies to highlight the key elements involved and to introduce analyse and refine some of the major debates that have arisen in the existing historiography The study is divided into three broad sections captivity in Eastern and Western Europe during the war itself comparative studies of specific categories of prisoners and the repatriation and reintegration of prisoners after the war

Silent Hunters Theodore P. Savas, 2022-05-20 The compelling true stories of six little known U boat commanders and

their dramatic WWII careers When World War II erupted across Europe in 1939 Germany knew it couldn't hope to compete with the Royal Navy in a head to head naval war Left with no viable alternatives the U-Bootwaffe wagered everything on the submarine in a desperate attempt to sink more tonnage than the Allies could construct Some of these silent hunters who slipped out of their shelters along Europe's shores to stalk their prey have enjoyed considerable recognition in the years since While most aspects of the bitter struggle have been told and retold from both the Axis and Allied points of view the careers of some highly effective U-boat commanders have languished in undeserved obscurity The profiles of six such commanders are presented in this collection of essays They include Englebert Endrass whose spectacular career before being lost off the coast of Gibraltar is described here by his best friend and fellow ace Enrich Topp who wrote this while on his fifteenth War Patrol Karl Friedrich Merten who was ranked among the war's top tonnage aces Ralph Kapitsky whose U-615 suicidal surface to air battle in the Caribbean allowed many of his fellow submariners to escape into the Atlantic Fritz Guggenberger who sank an aircraft carrier and organized the biggest POW escape attempt in American history Victor Oehrn a former staff officer of Karl Dönitz's and Heinz Eck who was executed by the British Includes photographs **Waves of Hate** Tony Bridgland, 2001-03-15 Whilst researching his earlier book *Sea Killers in Disguise* the author unearthed a rich stem of incidents at sea which happened during the two World Wars that shocked and surprised him This book is the result of further in depth study covering the Second World War It reveals a long catalogue of atrocities perpetrated not just by Germany and Japan but sensationally by the British and her Allies Thanks to Tony Bridgland's meticulous research into a wide variety of incidents at sea makes for vivid and compelling if uneasy reading *Air University Quarterly Review*, 1964

Air University Review, 1964 **The Fourth Service** John Slader, 2010-06-04 Here at last is the true story of the merchant fleet during World War II the non fighting service in which 32 000 men died yet whose essential role has never been fully appreciated The author himself a member of the service from 1941-47 relates the stories of merchantmen and their crews with unique insight From the early days of the war to the day of victory on the Rhine through combined operations in the Mediterranean and at Normandy the complete operation of the fleet is examined with vivid accounts of the horrific losses undergone the heroism of the crews and the sacrifices endured to ensure that Britain received its essential supplies of food oil and raw materials Highly illustrated this book will be absorbing for the war historian maritime enthusiast and general reader alike World War II at Sea Craig L. Symonds, 2018-04-02 Author of *Lincoln and His Admirals* winner of the Lincoln Prize *The Battle of Midway* Best Book of the Year *Military History Quarterly* and *Operation Neptune* winner of the Samuel Eliot Morison Award for Naval Literature Craig L Symonds has established himself as one of the finest naval historians at work today *World War II at Sea* represents his crowning achievement a complete narrative of the naval war and all of its belligerents on all of the world's oceans and seas between 1939 and 1945 Opening with the 1930 London Conference Symonds shows how any limitations on naval warfare would become irrelevant before the decade was up as

Europe erupted into conflict once more and its navies were brought to bear against each other World War II at Sea offers a global perspective focusing on the major engagements and personalities and revealing both their scale and their interconnection the U boat attack on Scapa Flow and the Battle of the Atlantic the miracle evacuation from Dunkirk and the pitched battles for control of Norway fjords Mussolini s Regia Marina at the start of the war the fourth largest navy in the world and the dominance of the Kid Butai and Japanese naval power in the Pacific Pearl Harbor then Midway the struggles of the Russian Navy and the scuttling of the French Fleet in Toulon in 1942 the landings in North Africa and then Normandy Here as well are the notable naval leaders FDR and Churchill both self proclaimed Navy men Karl D nitz Fran ois Darlan Ernest King Isoroku Yamamoto Erich Raeder Inigo Campioni Louis Mountbatten William Halsey as well as the hundreds of thousands of seamen and officers of all nationalities whose live were imperiled and lost during the greatest naval conflicts in history from small scale assaults and amphibious operations to the largest armadas ever assembled Many have argued that World War II was dominated by naval operations few have shown and how and why this was the case Symonds combines precision with story telling verve expertly illuminating not only the mechanics of large scale warfare on and below the sea but offering wisdom into the nature of the war itself Hot Straight and Normal Ron Martini,2001 Hot Straight and Normal is a submarine bibliography with over 6000 references to books videos articles and Internet sources It is designed to assist reseachers historians students teachers collectors and others with an interest in submarines their history construction and use in wars worldwide It s unique format of listing the books by title will assists the researcher and casual reader alike in finding or searching for familiar words and subjects Fiction book titles are also included Each listing contains title author date published publisher page count ISBN number and other informative descriptions if known This is the only submarine bibliography currently in publication The article index includes all articles in all issues of Naval Submarine League s Submarine Review and Naval Institute s Naval Proceedings magazine There are Web sites and other Internet sources listed and even information on obtaining more information through the Freedom of Information Act Also included is how to find materials inside government archives Collected and edited by a former U S submariner and member of U S Submarine Veterans Inc
