Follow the Spring North - Land's End to John O'groats

Christine Roche, 2004-12-09 This book is written from the pages of the diary kept by the author on her walk the diary being written every night or perhaps the next day while all the experiences were fresh in her mind You can read it and live the walk as you do so Following the spring north meant enjoying the sight of each new spring flower and sight or sound of birds as the journey continued northward through ever changing landscape Although a stress fracture to the neck of the femur delayed the completion of the walk until the following spring this did not seem to break the continuous nature of the journey It s still there Keep smiling kept her looking forward to the next stage of the walk She met some delightful people on the walk enjoyed the company of some good friends for parts of it and enjoyed the bliss of solitude for much of it appreciating being alone in wild places but not lonely Having walked and enjoyed the scenery from the south of Cornwall to the north of Scotland she was sorry to finish
