Corporate Legal Compliance Handbook, 3rd Edition Banks and Banks, 2020-06-19 Corporate Legal Compliance Handbook Third Edition provides the knowledge necessary to implement or enhance a compliance program in a specific company or in a client's company. The book focuses not only on doing what is legal or what is right, the two are both important but not always the same, but also on how to make a compliance program actually work. The book is organized in a sequence that follows how to approach a compliance program. It gives the compliance officer, consultant, or attorney a good grounding in the basics of compliance law. This includes such things as the rules about corporate and individual liability and an understanding of the basics of the key laws that impact companies and the workings of the U.S. Sentencing Guidelines. Successful programs also require an understanding of educational techniques, good communication skills, and the use of computer tools. The effective compliance program also takes into account how to deliver messages using a variety of media to reach employees in different locations of different ages or education who speak different languages. Note: Online subscriptions are for three-month periods.
