entries covering the history philosophy and politics of the Olympics and of course the medal winners This book is an excellent access point for students researchers and anyone wanting to know more about the Olympics     **Historical Dictionary of the Olympic Movement** John Grasso,Bill Mallon,Jeroen Heijmans,2015-05-14 The Olympic Movement began with the Ancient Olympic Games which were held in Greece on the Peloponnesus peninsula at Olympia Greece It is not clear why the Greeks instituted this quadrennial celebration in the form of an athletic festival The recorded history of the Ancient Olympic Games begins in 776 B C although it is suspected that the Games had been held for several centuries by that time The Games were conducted as religious celebrations in honor of the god Zeus and it is known that Olympia was a shrine to Zeus from about 1000 B C In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals the Olympic Games seeking to use sport as a means to promote internationalism and peace This fifth edition of Historical Dictionary of The Olympic Movement covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on the history philosophy and politics of the Olympics major organizations the various sports the participating countries and especially the athletes This book is an excellent access point for students researchers and anyone wanting to know more about The Olympic Movement     **The 1896 Olympic Games** Bill Mallon,Ture Widlund,2015-07-11 During the 1996 Centennial Olympic Games in Atlanta much of the world watched and celebrated as athletes broke world records and took home medals fulfilling their Olympic dreams The athletes scores were available instantaneously and are now easily accessible but what about the performance records of the first modern Olympic athletes The Modern Olympic Games began in 1896 in Athens Greece but an official record of these Olympic games does not exist This work is the first in a series of comprehensive reference works giving the results of the Olympic Games beginning in 1896 Based primarily on 1896 sources the sites dates events competitors and nations as well as the event results are compiled herein for track and field cycling fencing gymnastics shooting swimming tennis lawn weightlifting wrestling and other sports and events Although mainly a statistical analysis this work does include a short synopsis of the Sorbonne Congress and reprints of famous articles about the Olympics     *The 1920 Olympic Games* Bill Mallon,Anthony Th. Bijkerk,2015-07-11 Until this volume was compiled the results of the 1920 Olympics held in Antwerp Belgium have been far from complete The Antwerp organizing committee typed up a report of the results almost as an afterthought because it was so financially strapped after the games For some events only the medalists are listed with little if any additional information Very few copies were ever produced and those few copies were in French The seventh in a series on the early Olympics this work fills a gap in the recording of early Olympics history by providing complete results for all competitors and all events except for shooting which has only partial information available In virtually all cases a 1920 source has been used in preference to a more modern source of information and all details have been fully researched in contemporary newspapers journals and magazines and checked for accuracy by experts on various sports from
