Assessing Cultural Influences in Worship Dr. Timothy D. Price III, 2020-10-08. There are emerging cultures and generations at war between traditional and contemporary styles of worship. Cultural change is present in society but the circumstances of change differ from generation to generation. In 2020 COVID 19 a world pandemic shut down places of worship. However pre pandemic many churches had been struggling trying to find their DNA in an evolving society with culture changes. COVID 19 has infected and exposed areas of failure in the church. Some may have found their way yet others have been left behind and are on life support. Leadership of the church must find innovative ways so that the needs of multi generations will be met upon reentry in worship. Dr Timothy D Price III provides the answer for the tension, anxiety, conflict and concern that many Christian churches face today. This book provides an in depth project journey that offers life changing applications to help a local church find their individual path in worship. This project is the culmination of his Doctoral work that will take all who read through a transformational journey in the life of a church and her community. It provides life giving jewels for leaders who need help reviving their church that is on life support.
