Sean Martin

The Knights Templars:

The Knights Templar Stephen Howarth, 1982 The age of the Crusades encompassed the rise and fall of a singular Order of fighting men equally devoted to God war and the defense of Palestine After the Crusades the Templars obeyed no one except the Pope and acquired land and castles by gift conquest and purchase becoming a church within the Church They were bankers merchants diplomats and tax gatherers and though they themselves were poor the wealth of their Order was legendary As the nation states arose the Templars were accused of heresy treachery sodomy usury blasphemy and idolatry The author assesses the faults and fine qualities of the brotherhood examining the reasons for its initial allure and eventual ignominious obliteration [The History of the Knights Templar](#) Charles Addison, 2018-06-21 A richly detailed sometimes

challenging work Charles Addison's *The History of the Knights Templar* traces the rise and fall of this legendary religious military organization Addison was an official member of the Templar Inner Table when he composed his definitive study This newly edited 2018 edition from The Templar Press updates some of Addison's more archaic wording into modern English

The History of the Knights Templars, the Temple Church, and the Temple Charles Greenstreet Addison, 1852 **The Everyday Life of the Templars** Helen J. Nicholson , 2017-08-17 **The Templars** Piers Paul Read, 2009-01-06 Explores the rise fall and far reaching legacy of the Knights Templar **The History of the Knights Templars, the Temple Church, and the Temple** Charles Addison, 2022-01-29 [The Knights Templar](#) Sean Martin, 2004-11-20 Chronicles the rise of the Knights Templar who during the Crusades blended religious fervor with military prowess to become a powerful political force in Europe **Secrets of the Knights Templar** Susie Hodge, 2013-12-03

Secrets of the Knights Templar is the compelling chronicle of the warrior monks and their fight to defend the Catholic faith and of their participation in the efforts to vie for control of the Holy Land with the Muslim armies of Kurdish military genius Saladin and his successors Informally organized in 1119 to protect pilgrims on their journeys to visit the Holy Land and officially sanctioned by the Catholic Church in 1129 the medieval Knights Templar grew into an elite fighting force that played a central role in the battles of the Crusades They were highly trained well equipped and unafraid to take up the sword to defend the church at the limits of western civilization Though Templar was initially celebrated for their military acumen and acts of bravery the once celebrated order was eventually dismantled in disgrace accused of political crimes as well as crimes against the faith With its concise authoritative and accessible narrative amplified by extensive citations from contemporary sources and accompanied by generously captioned and stunning images of the period *Secrets of the Knights Templar* brings a distant era of history dramatically and vividly to life It is the perfect gift for anyone with a love of medieval religious or military history From the Hardcover edition

[The Knights Templar](#) Rudolf Steiner, 2013-05-16 Founded in the early twelfth century allegedly to protect pilgrims to the Holy Land the Knights Templar became famous for their pioneer banking system crusading zeal and strict vows of obedience chastity and poverty Having grown to some 15 000 men they came to be perceived as a threat by Philip the Fair who in 1307

disbanded the group and tortured their leaders for confessions The French king accused the order of heresy sodomy and blasphemy Recent works of fiction and popular histories have created a resurgence of interest in the mysterious Knights Templar Numerous contradictory and fantastic claims are made about them adding to the enigma that already surrounds the warrior monks of France In this unique collection of lecture material and writings from Rudolf Steiner a new perspective emerges Based on his spiritual perceptions Steiner speaks of the Templars connection to the esoteric tradition of St John their relationship with the Holy Grail and their spiritual dedication to Christ He describes the secret order that existed within the Templars and the strange rituals they performed He also throws light on the Templars attitude to the Roman Church and the spiritual forces that inspired their torture and confessions The History of the Knights Templars Charles Addison,2016-01-11 Addison details the rise of the Templars to become essentially the first multinational corporation The Templars were entrusted by the Church and States of Europe to be the spearhead of the crusades In the process they gained immense wealth and influence although individual Templars took a vow of poverty Jerusalem was won and lost several times by the crusaders through the 12th and 13th centuries Addison notably cites eye witness descriptions from both the Crusaders and their Moslem opponents to give a well rounded picture Note this copy is the original scanned edition there may be artifacts on the printed page
