Germany - The People Kathryn Lane, 2001 A book about the people of Germany *Ukraine, the Land and its People, an Introduction to its Geography* Stephen Rudnitsky, 2023-09-03 Excerpt There are few lands upon the whole globe so imperfectly known to geographic science as the one which we shall try to describe in this little work The geographic concept of the Ukraine does not exist in the geography of today Even the name has been almost forgotten in Europe in the course of the last century and a half Only occasionally on some maps of Eastern Europe the name Ukraine shows timidly along the middle of the Dnieper And yet it is an old name of the country originating in the 11th Century generally known throughout Europe from the 16th to the end of the 18th century and then after the abrogation of the autonomy of the second Ukrainian state gradually fallen into oblivion The Russian Government has determined to erase the old name of the land and the nation from the map of Europe Little Russia West Russia South Russia New Russia were officially introduced in place of the old name Ukraine the Austrian part of the Ukraine receiving the name of East Galicia The people were named Little Russians South Russians Ruthenians and all remembrance of the old name seemed to have been blotted out But in the speech of the people and in the magnificent unwritten popular literature of the nation the name of the land could not be destroyed and with the unexpected rise of Ukrainian literature culture and a feeling of national political independence in the 19th Century the name Ukraine came into its own again Today there is not an intelligent patriotic Ukrainian who would use another name for

his country and nation than Ukraine and Ukrainian and slowly these designations are penetrating foreign lands as well
