The Last Jeffersonian Ronald Reagan's Dreams Of America:

The Last Jeffersonian Steven Greffenius, 2002 Governor Reagan Lou Cannon, 2009-04-27 In Governor Reagan Lou Cannon offers through recent interviews and research drawn from his unique access to the cabinet minutes of Reagan's first years as governor of California a fresh look at the development of a master politician At first Reagan suffered from political amateurism an inexperienced staff and ideological blind spots But he quickly learned to take the measure of the Democrats who controlled the State Legislature and surprised friends and foes alike by agreeing to a huge tax increase which made it possible for him to govern for eight years without additional tax hikes He developed an environmental policy that preserved the state's scenic valleys and wild rivers and he signed into law what was then the nation's most progressive declaration on abortion rights His quixotic 1968 presidential campaign revealed his higher ambitions to the world and taught him how much he had to learn about big league politics Written by the definitive biographer of Ronald Reagan this new biography is a classic study of a fascinating individual's evolution from a conservative hero to a national figure whose call for renewal stirred Republicans working class Democrats and independents alike **The Last Jeffersonian** Steven

Greffenius, 2002-03-01 Analysis of Ronald Reagan's political thought and its connections to American political traditions

Ronald Reagan's America [2 Volumes] Eric J. Schmertz, Natalie Datlof, Alexej Ugrinsky, 1997-04-30 Supporters of the Reagan presidency claim that the Reagan Revolution defeated inflation reduced the role of government rehabilitated the authority of the states and local government and established a sensible balance between industrial progress and environmental protection Opponents assert that these policies increased the national debt by more than 1 trillion gutted social programs and created a trickle down economy that increased unemployment insecurity homelessness and the percentage of Americans living at or below the poverty level Both positions are argued by such participants as Edwin Meese III James G Watt and Lyn Nofzinger and such commentators and scholars as Mike Wallace Roy Innis and Kenneth W Thompson Students of the era as well as of the presidency and the evolution of domestic political and social affairs will find provocative and insightful observations in this volume *Subject Guide to Books in Print*, 1991 *Rebooting the American Dream* Thom Hartmann, 2011-08-01 If we are going to live in a democracy we need to have a healthy middle class tells us what needs to be done to reclaim what it is to be American Eric Utne founder Utne Reader America does not need an upgrade For years the Right has been tampering with one of the best political operating systems ever designed The result has been economic and environmental disaster In this hard hitting book nationally syndicated radio and television host and bestselling author Thom Hartmann outlines eleven common sense proposals deeply rooted in America's history that will once again make America strong and Americans not corporations and billionaires prosperous Some of these ideas will be controversial to both the Left and the Right but the litmus test for each is not political correctness but whether or not it serves to revitalize this country we all love and make life better for its citizens **This Is Not America** Alan

Friedman,2017-07-11 What has happened to America and what s become of the American dream Behind the self confident image of world s most influential country we now see a nation tearing itself apart The United States may be arguably the world s only superpower but its internal tensions are a symptom of suffering and division a condition only exacerbated by the election of President Donald Trump In this searing account expatriate journalist Alan Friedman returns after thirty years in Europe and examines the real America through the mouths of its citizens Set against the backdrop of the 2016 presidential election campaign and the inauguration of President Trump Friedman tells a vivid story of terrible inequality from the excesses of Wall Street to the grinding poverty of Mississippi and explores the issues from racism and gun control to Obamacare that have polarised a nation Drawing on his personal interviews with Trump and with Russia s President Putin Friedman paints a detailed portrait of the new leader of the free world and explores the real risks of the Trump presidency for America and for the world Dark and provocative This Is Not America may just be the most important book of the year

Ain't My America Bill Kauffman,2008-04-15 Passionate and witty Ain t my America is an eye opening exploration of the rich honorable and absurdly under known history of right wing peace movements Pointing toward a Little American alternative to the bipartisan imperialism that reigns in today s Washington it is also a clarion manifesto for the antiwar conservatives of today from dust jacket *America/AmŽricas* Eldon Kenworthy,2010-11-01 **Politics on a Human Scale** Jeff Taylor,2013-09-27 Featuring a foreword by Congressman Glen Browder Politics on a Human Scale examines political decentralization in the United States from the founding of the republic to the present Part of the desirable equilibrium is a sense of proportionality Some sizes some amounts some levels are more appropriate than others Decentralism is the best political tool to ensure equilibrium to promote proportionality and to obtain appropriate scale Power distribution should be as wide as possible Government functions should be as close to the people as practicable In this way individual human beings are not swallowed by a monstrous Leviathan Persons are not at the mercy of an impersonal bureaucracy led by the far away few Decentralism gives us politics on a human scale It gives us more democracy within the framework of a republic The longest chapters in the book deal with crucial turning points in U S history specifically when decentralists lost the upper hand in the two major political parties Decentralism in our nation runs deep both intellectually and historically It also has considerable popular support Yet today it is a virtual political orphan In Washington neither major political party is serious about dispersing power to lower levels of government or to the people themselves Still there are dissident politicians and political movements that remain committed to the decentralist principle Power needs to be held in check partly through decentralization because power holds a great and dangerous attraction for humans Recognition of this human tendency is the first step in guarding against it and getting back on a better path
