The Last Sunset:

1999: A Space Odyssey John K Balor,2018-08-03 Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series Space 1999 can be understood in relation to Stanley Kubrick's 2001 A Space Odyssey by looking at both narratives through the perspective of systems theory As a result of doing so an engaged debate concerned with the political and philosophical subtext of both stories developed This book gives a full account of the debate with summaries of ideas and insights The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **What Ever Happened to Robert**

Aldrich? Alain Silver,1995 There was something about Robert Aldrich's artistic temperament that enabled him to transcend the apparent vulgarity of so many of his motion pictures Besides the great films such as Kiss Me Deadly which is certainly one of the finest examples of film noir are several little seen or underrated later works such as the revisionist Western Ulzana's Raid the gangster love story The Grissom Gang or the grim cop picture Hustle Aldrich's career has long deserved the detailed evaluation which this book provides Andrew Sarris **Robert Aldrich** Robert Aldrich,2004 In this collection of interviews the filmmaker tells fascinating stories of making motion pictures with such film legends as Burt Lancaster Bette Davis Joan Crawford Burt Reynolds and many others

An Exploration of Space 1999 Through the Lens of Video Games: Payne 1999 John K. Balor,2019-07-02 This book contains transcripts from Online Alpha discussions where the video game PAYNE 1999 game theory and game study theories are used for analysing and commenting on problems of conflict and cooperation in SPACE 1999 The discussions build on more than a decade of conversations and debate about PAYNE 1999 and the aim of the book is to put the various threads together while also developing new ideas and providing direction for further investigations The book has been developed on an idealistic basis and it is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **Cosmos 1999 - The Third Year of Space 1999**

John K. Balor,2019-07-10 What does Gerry Anderson's television series SPACE 1999 have in common with Carl Sagan's award winning television documentary COSMOS Not very much one might expect but this book documents an Online Alpha discussion where fans of the science fiction series discuss and debate differences and similarities from a wide range of perspectives some of them arguing that two series may be so closely connected that it might be natural to think of COSMOS as the third year of SPACE 1999 This book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **Midnight Blue** Pauline Fisk,2005-05-06

Balor,2018-02-18 This book contains transcripts from Online Alpha discussions where the epic and narrative structure of SPACE 1999 is being discussed by comparing episodes with themes characters and elements of plot from the Homeric Odyssey and Lewis Carroll s stories about Alice The discussion is motivated by questions raised in the scholarly literature and earlier Online Alpha debates about how to make sense of SPACE 1999 from the viewpoint of critical theory The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **Prima Facie** Richard Thomas,2007-12 Filled with more than eighty compelling and often humorous essays Prima Facie explores a wide array of subjects human nature free will war evolution religion political correctness death and taxes Author Richard Thomas reflects on these subjects and his own life to determine why people act the way they do Thomas proposes three laws to explain human behavior Reciprocity This law states that everyone should have an equivalent exchange of goods for services rendered We all want fair treatment from our associates The Leg Up This law claims that a person will climb over someone else to improve his situation or enforce his supposed superior status LCD This law maintains that humans tend to drag each other down to the lowest common denominator LCD One person cannot be

better than someone else Thomas argues that the various systems we have created to control our interactions with one another have turned the human race from once fearful huddling prey into predators who now stalk their own kind Prima Facie asks us to examine our own lives and beliefs requires us to recognize the negative impact our everyday behavior has on others and encourages us to take back responsibility for our destiny
