The Last Taboo Sex And The Fear Of Death:

The Last Taboo James Lewton Brain, 1979 Cross cultural study of sexual attitudes Misha Schutt **Handbook of Death and Dying** Clifton D. Bryant, 2003-10 Dying is a social as well as physiological phenomenon Each society characterizes and consequently treats death and dying in its own individual ways ways that differ markedly These particular patterns of death and dying engender modal cultural responses and such institutionalized behavior has familiar economical educational religious and political implications The Handbook of Death and Dying takes stock of the vast literature in the field of thanatology arranging and synthesizing what has been an unwieldy body of knowledge into a concise yet comprehensive reference work This two volume handbook will provide direction and momentum to the study of death related behavior for many years to come Key Features More than 100 contributors representing authoritative expertise in a diverse array of disciplines Anthropology Family Studies History Law Medicine Mortuary Science Philosophy Psychology Social work Sociology Theology A distinguished editorial board of leading scholars and researchers in the field More than 100 definitive essays covering almost every dimension of death related behavior Comprehensive and inclusive exploring concepts and social patterns within the larger topical concern Journal article length essays that address topics with appropriate detail

Multidisciplinary and cross cultural coverage **Pornography** Andrea Dworkin, 2025-02-25 Andrea Dworkin's 1981 critique of pornography is an important and urgent document about how the culture consumes and manipulates images of women Essential and discomfiting reading in a social media era where women's bodies are being commodified and displayed more than ever Andrea Dworkin's seminal 1981 work on the issue of pornography argues that the industry serves only to harm and oppress women Her discussion of pornography as an outgrowth of the power that men exert over women the power of owning the power of money and the power of sex among others still blazes with its clarity and immediacy and illustrates how these inequities while displayed in raw form in pornography are endemic in all media With a lively and deeply compelling voice Andrea Dworkin succinctly outlines her anti pornography stance Though the media environment may have changed this passionately and powerfully argued classic remains a relevant and crucial contribution to the area of feminist studies

Reflecting on the Inevitable Peter J. Adams, 2020-03-09 Reflecting on the Inevitable combines evidence from several disciplinary fields to explore the varying ways each of us engages with the prospect of personal mortality In each chapter the subtleties and applicability of key ideas are enhanced through a series of illustrative narratives built up around the lives of four people at different ages living in two adjacent houses Reflecting on the Inevitable is relevant not only to academics of death studies but also those training and practicing in people helping professions as well as anyone experiencing or attempting to make sense of major life events **The Oxford Handbook of Taboo Words and Language** Keith Allan, 2019
