that modality and tonality are different in kind and not mutually exclusive Using several hundred homophonic partsongs from Italy Germany England and France Long addresses a historical question of critical importance to music theory musicology and music performance Hearing Homophony presents not only a new model of tonality s origins but also a more comprehensive understanding of what tonality is providing novel insight into the challenging world of seventeenth century music    *Peter Maxwell Davies, Selected Writings* Peter Maxwell Davies,2018 A varied and wide ranging collection in which the celebrated post war composer Peter Maxwell Davies presents his work and his opinions    **The Sacred Vocal Music of Giaches de Wert** Melvin Bernstein,1967    **Selection of Recent Books Published in Great Britain** 1940-Apr. 1941 ,1940    British Book News ,1944
