Revolutionary Churches in

Revolutionary Seasons: Dagmawi M. Wube, 2018-01-20 Since the downfall of the Derge and the establishment of the decree for religious freedom there have been types of problems related to the size and type of groups that have greatly affected the Ethiopian evangelical church. The first category of problem is due to the attraction that many contemporary church leaders have for reaching multitudes and building mega church ministries at the expense of small group ministries. Because of the priority on the large group environment, small group ministries have been neglected, resulting in a whole generation of students and people who have never experienced the vibrant spiritual benefits of a small group. As a result, believers are inclined to attend only Sunday Worship Services and the rest of the week live disconnected from vital relational community and involvement. Too many churches in Ethiopia today have chosen to focus on the quantity of the people rather than the quality of the disciple, resulting in the spiritual diseases of nominalism and carnality. Discipleship and biblical Koinonia are being ignored; therefore, many people are not experiencing the richness of biblical Christianity in many practical ways. This has resulted in the loss of Ethiopian Evangelicals' identity as well as an influence on all aspects of Ethiopian culture, including her institutions and government.

How To Conduct Discipleship Training Rufus McDowell, D. Min., 2022-03-09 Leadership Training In Discipleship For Christians With Prior Drug and Alcohol Dependence. This book is resultant of my Doctor of Ministry Research Project providing a means for leaders and teachers to learn dynamics to disciple Christians that had prior drug or alcohol dependence. Before implementation of this dissertation, I discovered that there was not a definitive manual to train individuals to facilitate or conduct discipleship programming exclusive and conducive to this group. This book is not only meant to be academic; the intent is to offer concise information and instruction to aid ministers, pastors, church laity, and others delivering drug and alcohol rehabilitative pastoral care. Further usage will aid participants in traditional church institution, chaplaincy, prison, workplace, and other faith-based settings. Fundamentally, this book insinuates spiritual, social, and emotional suggestions for anyone desiring development in both personal and spiritual formation. In addition, this book will equip you with biblical principles and modalities to teach holistically. These standpoints entail examination of a biblical philosophy of discipleship centered on the Great Commission and Great Commandment in developing a comprehensive strategy involving a theological and practical study and teaching approach. Throughout this study, a small group format is emphasized for training and evaluation, giving particular attention to Christ's model of discipleship with regards to facilitating and coaching. This book will aid in revealing that the culture of the church consists of a unique group of Christians, some of whom have abused drugs or alcohol, served time in prison, and misunderstood in church ministries.

New Directions for Small-group Ministry Paul Borthwick, 1999 Six fresh, easy-to-implement models help to build adult small groups that work, including honest evaluations of the strengths and weaknesses of each.
