Rahaman,2017-12-19 As the field s premiere source this reference is extensively revised and expanded to collect hard to find applications equations derivations and examples illustrating the latest developments in ceramic processing technology This book is concerned primarily with the processing of polycrystalline ceramics and focuses on the widespread fabrication of ceramics by the firing of consolidated powders forms A brief treatment of sol gel processing is also included Ceramic Processing and Sintering Second Edition provides clear and intensive discussions on colloidal and sol gel processing sintering of ceramics and kinetic processes in materials From powder synthesis and consolidation to sintering and densification behavior this latest edition emphasizes the impact of each processing procedure on ceramic properties The second edition also contains new and extended discussions on colloid stability polymer growth and gelation additives in ceramic forming diffusion and defect strucutre normal and abnormal grain growth microwave sintering Rayleigh instability effects and Ostwald ripening Illustrating the interconnectedness between the various steps in the overall fabrication route Ceramic Processing and Sintering Second Edition approaches the fundamental issues of each process and show how they are applied to the practical fabrication of ceramics **Futuromania** Simon Reynolds,2024-05-07 A collection of writing by Simon Reynolds centered on music that seemed in its moment to prefigure the Future Simon Reynolds s first book in eight years is a celebration of music that feels like a taste of tomorrow Sounds that prefigure pop music s future the vanguard genres and heroic innovators whose discoveries eventually get accepted by the wider mass audience But it s also about the way music can stir anticipation for a thrillingly transformed world just around the corner a future that might be utopian or dystopian but at least will be radically changed and exhilaratingly other Starting with an extraordinary chapter on Giorgio Moroder and Donna Summer taking in illuminating profiles of Ryuichi Sakamoto Boards of Canada Burial and Daft Punk and arguing for Auto Tune as the defining sound of 21st century pop Futuromania shapes over two dozen essays and interviews into a chronological narrative of machine music from the 1970s to now Reynolds explores the interface between pop music and science fiction s utopian dreams and nightmare visions always emphasizing the quirky human individuals abusing the technology as much as the era defining advances in electronic hardware and digital software A tapestry of the scenes and subcultures that have proliferated in that febrile sexy and contested space where man meets machine Futuromania is an enthused listening guide that will propel readers towards adventures in sound There is a lifetime of electronic listening here

Urban Music and Entrepreneurship Joy White,2016-11-03 Youth unemployment in the UK remains around the one million mark with many young people from impoverished backgrounds becoming and remaining NEET Not in Education Employment

or Training However the NEET categorisation covertly disguises and obscures the significance of the diverse range of activities achievements and accomplishments of those who operate in the informal creative economy With grime music and its related enterprise a key component of the urban music economy this book employs the inherent contradictions and questions that emerge from an exploration of the grime music scene to build a complex reading of the socio economic significance of urban music Incorporating insightful dialogue with the participants in this economy White challenges the prevailing wisdom on marginalised young people whilst also confronting the assumption that the inertia and localisation of the grime culture results from its close links to NEET members and the informal sector Offering an ethnographic and timely critique of the NEET classification this compelling book would be suitable for undergraduate and post graduate students interested in urban studies business work and labour education and employment ethnography music and cultural studies
