**Sketches of the Life and Correspondence of Nathanael Greene, Major General of the Armies of the United States, in the War of the Revolution, Vol. 1 of 2 (Classic Reprint)** William Johnson,2016-09-19 Excerpt from Sketches of the Life and Correspondence of Nathanael Greene Major General of the Armies of the United States in the War of the Revolution Vol 1 of 2 This made a trip to rhode island indispensable and during the summer of 1 818 I was occupied in exploring the private cabinets of his friends in the northern and eastern states It is impossible to express my sense of the polite attention which I received from the friends and admirers of General Greene during these researches The intelligence had preceded me that I was collecting materials for the Biography of General Greene and original documents were showered upon me from all quarters while his friends showed themselves ever ready to listen to and satisfy all those explanatory inquiries which the materials already in my hands suggested I found that the general s early correspondence had been religiously preserved and that various small collections of historical materials had been made which were now liberally communicated to me to aid in a work in the promotion of which every one manifested an individual interest I must here express my sense of the kind attentions of General Gibbes at present Governor Gibbes of Rhode Island of his brother Colonel Gibbes of long island and of the surviving brothers and nephews of General Greene also of his two early friends Colonel Ward and General Vsrnum who had passed their youth in habits of unrestrained intimacy with the subject of these Sketches and could furnish of him what may be called the delineations of the heart About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Financier of the American Revolution was a signer of the Declaration of Independence the Articles of Confederation and the Constitution a powerful committee chairman in the Continental Congress an important figure in Pennsylvania politics and perhaps the most prominent businessman of his day he is today least known of the great national leaders of the Revolutionary era This oversight is being rectified by this definitive publication project that transcribes and carefully annotates the Office of Finance diary correspondence and other official papers written by Morris during his administration as superintendent of finance from 1781 to 1784 [The Papers of Thomas Jefferson, Retirement Series, Volume 19](#) Thomas Jefferson,2023-04-18 The Retirement Series documents Jefferson s written legacy between his return to private life on 4 March 1809 and his death on 4 July 1826 During this period Jefferson founded the University of Virginia and sold his extraordinary library to the nation but his greatest legacy from these years is the astonishing depth and breadth of his correspondence with statesmen inventors scientists philosophers and ordinary citizens on topics spanning virtually every field of human endeavor **Sketches of the Life and Correspondence of Nathanael Greene; Major General of the Armies of the United States, in the War of the Revolution** Anonymous,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1822 edition Excerpt with regard to them be as inaccurate as they are with regard to the numbers Chap with the southern army the deficiencies in the Virginia line must have been v DEGREES DEGREES DEGREES much greater than that admitted The field return of the army of the same date with Mr Jefferson s statement gives of the Virginia brigade five hundred and thirty four rank and file fit for duty thirty metrosses and seventy four cavalry about one half the number claimed by the state The deficiency of six hundred and twenty two if with the army must be made up of noncommissioned officers musicians sick and absent on duty But it is well known that the cavalry especially never equalled one hundred instead of three Yet there was obviously no want of zeal in the government of Virginia to discharge its duty in the common cause Their legislature being in session when General Greene was moving southwardly passed a most liberal act in consequence of the requisitions which he made upon them But laws without the means of carrying them into effect can neither create or supply an army Very little aid to the southern army ever grew out of that law Yet there was one hardship which the southern department generally and Virginia in particular had at this time to complain of which has remained unnoticed although its effects were at the time very sensibly felt When Congress resolved more in the spirit of policy than of faith not to carry into effect the convention of Saratoga the troops captured with Burgoyne were marched into the interior of Virginia and here they were subsisted altogether by Virginia The subsistence of prisoners at this time required of the state two thousand rations per day and was so much subtracted from [The Jews of South Carolina](#) Barnett Abraham Elzas,1905 **R. He accepted and his research of Lee was exhaustive he evaluated and cataloged every item about Lee and reviewed records at West Point the War Department and material in private collections In narrating the general s Civil War years he used what came to be known as the fog of war technique providing readers only the limited information that Lee himself had at a given moment This helped convey the confusion of war that Lee experienced as well as the processes by which Lee grappled with problems and made decisions R E Lee A Biography was published in four volumes in 1934 and 1935 In its book review The New York Times declared it Lee complete for all time Historian Dumas Malone wrote Great as my personal expectations were the realization far surpassed them In 1935 Freeman was awarded the Pulitzer Prize for his four volume biography Freeman s R E Lee A Biography remains the authoritative study on the Confederate general *The Life of John Marshall* Albert J.
