Terra Incognita Sara Wheeler,2014-10-01 It is the coldest windiest driest place on earth an icy desert of unearthly beauty and stubborn impenetrability For centuries Antarctica has captured the imagination of our greatest scientists and explorers lingering in the spirit long after their return Shackleton called it the last great journey for Apsley Cherry Garrard it was the worst journey in the world This is a book about the call of the wild and the response of the spirit to a country that exists perhaps most vividly in the mind Sara Wheeler spent seven months in Antarctica living with its scientists and dreamers No book is more true to the spirit of that continent beguiling enchanted and vast beyond the furthest reaches of our imagination Chosen by Beryl Bainbridge and John Major as one of the best books of the year recommended by the editors of
