Slaver's Challenge Timothy L. Huffman, 2000-09 In a universe shaped by interstellar wars and the iron fist of a depraved Imperial family Jac Kunig was alone and broke and running Betrayed by his partner desperate to find care for Lara his horrifically injured lover Jacster Kunig decided to go home it was the last thing he should have done In a galaxy spanning struggle Jac will come face to face with his own weaknesses and find danger and defeat at every turn With only a sword in his hand with Lara's life and the fate of an entire world hanging in the balance Jac Kunig must win Slaver's Challenge no matter the cost Failure is not an option Ismailia Sir Samuel White Baker, 1874 *Southern Slavery and the Law, 1619-1860*

Thomas D. Morris, 2004-01-21 This volume is the first comprehensive history of the evolving relationship between American slavery and the law from colonial times to the Civil War As Thomas Morris clearly shows racial slavery came to the English colonies as an institution without strict legal definitions or guidelines Specifically he demonstrates that there was no coherent body of law that dealt solely with slaves Instead more general legal rules concerning inheritance mortgages and transfers of property coexisted with laws pertaining only to slaves According to Morris southern lawmakers and judges struggled to reconcile a social order based on slavery with existing English common law or in Louisiana with continental civil law Because much was left to local interpretation laws varied between and even within states In addition legal doctrine often differed from local practice And as Morris reveals in the decades leading up to the Civil War tensions mounted between the legal culture of racial slavery and the competing demands of capitalism and evangelical Christianity **Saving Haiti,**

Saving the World - Can Christianity Face the Challenge Ruthy Charlot, Jean-Baptiste Luc Charlot, 2008-03-06 Saving Haiti Saving the World breaks three rules by looking at politics religion and ethnicity as they related to each other at the birth of the Revolutionary era and as they do now It argues that Haiti and the United States mirror one another By exploring the connectedness of religion race and ethnicity in these not so opposite countries the book tackles the question is Christianity all the problem solver a democratic republic needs

The World of Prometheus Danielle S. Allen, 2009-01-10 For Danielle Allen punishment is more a window onto democratic Athens fundamental values than simply a set of official practices From imprisonment to stoning to refusal of burial instances of punishment in ancient Athens fueled conversations among ordinary citizens and political and literary figures about the nature of justice Re creating in vivid detail the cultural context of this conversation Allen shows that punishment gave the community an opportunity to establish a shining myth of harmony and cleanliness that the city could be purified of anger and social struggle and perfect order achieved Each member of the city including notably women and slaves had a specific role to play in restoring equilibrium among punisher punished and society The common view is that democratic legal processes moved away from the emotional and personal to the rational and civic but Allen shows that anger honor reciprocity spectacle and social memory constantly prevailed in Athenian law and politics Allen draws upon oratory tragedy and philosophy to present the lively intellectual climate in which punishment was incurred debated and inflicted by Athenians Broad in scope this book is one of the first to offer both a full account of punishment in antiquity and an examination of the political stakes of democratic punishment It will engage classicists political theorists legal historians and anyone wishing to learn more about the relations between institutions and culture normative ideas and daily events punishment and democracy

Anti-slavery Monthly Reporter Zachary Macaulay, 1831 *Challenges on the Emmaus Road* T. Felder Dorn, 2021-11-25 While slavery and secession divided the Union during the American Civil War they also severed the Northern and Southern dioceses of the Protestant Episcopal Church In *Challenges on the Emmaus Road* T Felder Dorn focuses on the way Northern and Southern Episcopal bishops confronted and responded to the issues and events of their turbulent times Prior to the Civil War Southern bishops were industrious in evangelizing among enslaved African Americans but at the same time they supported the legal and social aspects of the peculiar institution Southern and Northern bishops parted company over the institution of slavery not over the place of blacks in the Episcopal Church As Southern states left the Union Southern dioceses separated from the Episcopal Church in the United States The book s title was inspired by the Gospel of Luke 24 13 35 in which the resurrected

Jesus Christ walked unrecognized with his disciples and discussed the events of his own crucifixion and disappearance from his tomb Dorn perceives that scriptural episode as a metaphor for the responses of Episcopal bishops to the events of the Civil War era Dorn carefully summarizes the debates within the church and in secular society surrounding the important topics of the era In doing so he lays the groundwork for his own interpretations of church history and also provides authentic data for other church scholars to investigate such topics as faith and doctrine evangelism and the administrative history of one of the most important institutions in America Dorn devotes the final chapters to the postwar reunification of the Episcopal Church and Southern bishops involvement in establishing the Commission on Freedmen to offer help with the educational and spiritual needs of the recently emancipated slaves

attack and end the institution A wide variety of people and organizations nurtured and extended this antislavery religious figures political economists slaves sailors artisans missionaries planters captains of slave ships democratic enthusiasts and others were all involved along with the various organizations secular religious or otherwise with which they were associated Antislavery was by no means exclusively or even principally the work of an intellectual elite and the force of all from the lowly and unlearned to the privileged and prominent is represented The presence of slavery continued to be attacked in the contracting Ottoman Empire in the early twentieth century in Liberia in the 1930s in Saudi Arabia in the mid twentieth century and even in the latter years of the century in countries like Sudan Pakistan India and others in Southeast Asia The entries have a worldwide focus covering antislavery movements and important developments in slavery abolition and slave emancipation in many places around the globe Other entries cover individuals groups events documents and organizations related to the history of abolition and emancipation over the last two centuries Coverage also address a wide range of topics issues and ideas related to the broad topic of ending historical systems of slavery and human bondage Besides over 400 cross referenced entries most of which conclude with lists of additional readings the encyclopedia also includes an Introduction tracing the history of abolition and emancipation a selected general bibliography a guide to related topics numerous illustrations and a detailed subject index
