

Slavoj Zizek

Slavoj Zizek

Slavoj Zizek:

Slavoj Zizek Tony Myers, 2004-06-02 Slavoj Zizek is no ordinary philosopher Approaching critical theory and psychoanalysis in a recklessly entertaining fashion Zizek's critical eye alights upon a bewildering and exhilarating range of subjects from the political apathy of contemporary life to a joke about the man who thinks he's a chicken from the ethereal heroism of Keanu Reeves in *Speed* to what toilet designs reveal about the national psyche Tony Myers provides a clear and engaging guide to Zizek's key ideas explaining the main influences on Zizek's thought most crucially his engagement with Lacanian psychoanalysis using examples drawn from popular culture and everyday life Myers outlines the key issues that Zizek's work has tackled including What is a Subject and why is it so important The Imaginary the Symbolic and the Real What is so terrible about Postmodernity How can we distinguish reality from ideology What is the relationship between men and women Why is Racism always a fantasy Slavoj Zizek is essential reading for anyone wanting to understand the thought of the critic whom Terry Eagleton has described as the most formidably brilliant exponent of psychoanalysis indeed of cultural theory in general to have emerged in Europe for some decades *Slavoj Žižek: Live Theory* Rex Butler, 2005-01-01 Slavoj Zizek is undoubtedly one of the world's leading cultural critics His witty psychoanalytically inspired analyses of contemporary society have almost single handedly revived the notion of ideology His brilliant commentaries on the French psychoanalyst Jacques Lacan and the 19th century German Idealists have brought alive their often difficult ideas for a new generation of readers But does Zizek have anything to say in his own right Is there a system of thought that we can properly call Zizekian This book argues that there is through a reading of two terms in his work the master signifier and the act Featuring an interview with Zizek himself Slavoj Zizek *Live Theory* presents a snapshot of the Zizek system ideal for undergraduates in social and cultural theory and philosophy *Violence* Slavoj Zizek, 2008-07-22 Philosopher cultural critic and agent provocateur Zizek constructs a fascinating new framework to look at the forces of violence in the world [In Defense of Lost Causes](#) Slavoj Žižek, 2009-10-19 No Marketing Blurb **The Sublime Object of Ideology** Slavoj Zizek, 2019-02-28 Slavoj Zizek the maverick philosopher author of over 30 books acclaimed as the Elvis of cultural theory and today's most controversial public intellectual His work traverses the fields of philosophy psychoanalysis theology history and political theory taking in film popular culture literature and jokes all to provide acute analyses of the complexities of contemporary ideology as well as a serious and sophisticated philosophy His recent films *The Pervert's Guide to the Cinema* and *Zizek* reveal a theorist at the peak of his powers and a skilled communicator Now Verso is making his classic titles each of which stand as a core of his ever expanding life's work available as new editions Each is beautifully re packaged including new introductions from Zizek himself Simply put they are the essential texts for understanding Zizek's thought and thus cornerstones of contemporary philosophy *The Sublime Object of Ideology* Slavoj Zizek's first book is a provocative and original work looking at the question of human agency in a postmodern world In a thrilling tour de force that made his name he explores the ideological fantasies

of wholeness and exclusion which make up human society

Slavoj Žižek Ian Parker, 2004-03-20 When I read Ian Parker's manuscript I experienced an underlying solidarity despite obvious differences we share the same basic political concerns and visions And this makes his critical remarks always pertinent Slavoj Žižek This is not simply the best critical introduction to Žižek in a much more radical sense this is the only critical introduction to Žižek Parker's study is much more than an important contribution to the ongoing debate it redefines its very terms Yannis Stavrakakis author of *Lacan and the Political* A sharp clear and radical analysis Christian Ingo Lenz Dunker Professor of Psychoanalytic Theory and Lacanian Psychoanalyst Sao Paulo Brazil Since the publication of his first book in English in 1989 Slavoj Žižek has quickly become one of the most widely read and contentious intellectuals alive today With dazzling wit and tremendous creativity he has produced innovative and challenging explorations of Lacan Hegel and Marx and used his insights to exhilarating effect in analyses of popular culture While Žižek is always engaging he is also elusive and even contradictory It can be very hard to finally determine where he stands on a particular issue Is Žižek Marxist or Post Marxist How seriously should we take his recent turn to Christianity Slavoj Žižek *A Critical Introduction* shows the reader a clear path through the twists and turns of Žižek's writings Ian Parker takes Žižek's treatment of Hegel Lacan and Marx in turn and outlines and assesses Žižek's interpretation and extension of these thinkers theories While Parker is never hastily dismissive of Žižek's innovations he remains critical throughout aware that the energy of Žižek's writing can be bewitching and beguiling as well as engaging and profound

On Belief Slavoj Žižek, 2001 What is the basis for belief in an era when globalization multiculturalism and big business is the new religion This book probes beneath the surface of the way we normally think about belief in particular Judaism and Christianity

The Year of Dreaming Dangerously Slavoj Žižek, 2012-10-09 Call it the year of dreaming dangerously 2011 caught the world off guard with a series of shattering events While protesters in New York Cairo London and Athens took to the streets in pursuit of emancipation obscure destructive fantasies inspired the world's racist populists in places as far apart as Hungary and Arizona achieving a horrific consummation in the actions of mass murderer Anders Breivik The subterranean work of dissatisfaction continues Rage is building and a new wave of revolts and disturbances will follow Why Because the events of 2011 augur a new political reality These are limited distorted sometimes even perverted fragments of a utopian future lying dormant in the present

The Ticklish Subject Slavoj Žižek, 2020-05-05 Slavoj Žižek the maverick philosopher author of over 30 books acclaimed as the Elvis of cultural theory and today's most controversial public intellectual His work traverses the fields of philosophy psychoanalysis theology history and political theory taking in film popular culture literature and jokes all to provide acute analyses of the complexities of contemporary ideology as well as a serious and sophisticated philosophy His recent films *The Pervert's Guide to the Cinema* and *Žižek* reveal a theorist at the peak of his powers and a skilled communicator Now Verso is making his classic titles each of which stand as a core of his ever expanding life's work available as new editions Each is beautifully re-packaged including new introductions from Žižek

himself Simply put they are the essential texts for understanding Žižek's thought and thus cornerstones of contemporary philosophy *The Ticklish Subject* *The Absent Centre of Political Ontology* A specter is haunting Western thought the specter of the Cartesian subject In this book Slavoj Žižek unearths a subversive core to this elusive specter and finds within it the indispensable philosophical point of reference for any genuinely emancipatory project **Slavoj Žižek and Radical**

Politics Sean Homer, 2016-05-05 In this book Sean Homer addresses Slavoj Žižek's work in a specific political conjuncture his political interventions in the Balkans The charge of inconsistency and contradiction is frequently levelled at Žižek's politics a charge he openly embraces in the name of pragmatism Homer argues that his interventions in the Balkans expose the dangers of this pragmatism for the renewal of the Leftist politics that he calls for The book assesses Žižek's political interventions in so far as they advance his self proclaimed ruthlessly radical aims about changing the world Homer argues the Balkans can be seen as Žižek's symptom that element which does not fit into the system but speaks its truth and reveals what the system cannot acknowledge about itself In Part II Homer explores Žižek's radicalism through his critique of Alain Badiou arguing that Badiou's affirmationism provides a firmer grounding for the renewal of the left than Žižek's negative gesture analyzed in Part I What distinguishes Žižek from the majority of the contemporary Left today is his valorization of violence Homer tackles this issue head on in relation to political violence in Greece Finally Homer defends the utopian impulse on the radical left against its Lacanian critics **Slavoj Žižek**

Matthew Sharpe, 2017-05-15 Slavoj Žižek has emerged as the pre eminent European cultural theorist of the last decade and has been described as the ultimate Marxist Lacanian cultural studies scholar His large and growing body of work has generated considerable controversy yet his texts are not structured as standard academic tomes In *Slavoj Žižek A Little Piece of the Real* Matthew Sharpe undertakes the difficult task of drawing out an evolving argument from all of Žižek's texts from 1989 to 2001 and reads them as the bearers of a single theoretical project providing an authoritative reliable clearly written and well structured account of Žižek's demanding body of work From an exposition of Žižek's social and philosophical critical theory the book moves to a critical analysis of Žižek's theoretical project and its political implications Sharpe concludes by suggesting that Žižek's work however raises as many questions as it answers questions both about Žižek's theoretical system and to the wider new Left in today's world **Did Somebody Say Totalitarianism?**

Slavoj Žižek, Slavoj Žižek, 2002 Totalitarianism as an ideological notion has always had a precise strategic function to guarantee the liberal democratic hegemony by dismissing the Leftist critique of liberal democracy as the obverse the twin of the Rightist Fascist dictatorships Instead of providing yet another systematic exposition of the history of this notion Žižek's book addresses totalitarianism in a Wittgensteinian way as a cobweb of family resemblances He concludes that the devil lies not so much in the detail of what constitutes totalitarianism as in what enables the very designation totalitarian the liberal democratic consensus itself *Introducing Slavoj Žižek*

Christopher Kul-Want, 2014-06-05 Charting his meteoric rise in popularity Christopher Kul-Want and Piero explore Žižek's timely analyses

of today's global crises concerning ecology mounting poverty war civil unrest and revolution Covering topics from philosophy and ethics politics and ideology religion and art to literature cinema corporate marketing quantum physics and virtual reality Introducing Slavoj Žižek deftly explains Žižek's virtuoso ability to transform apparently outworn ideologies Communism Marxism and psychoanalysis into a new theory of freedom and enjoyment Event Slavoj Žižek, 2014-08-26 One of the most famous living philosophers provides a philosophical analysis of the meaning of events in this deeply interesting and provocative book The Guardian An event can be an occurrence that shatters ordinary life a radical political rupture a transformation of reality a religious belief the rise of a new art form or an intense experience such as falling in love Taking us on a trip that stops at different definitions of event Žižek addresses fundamental questions such as are all things connected How much are we agents of our own fates Which conditions must be met for us to perceive something as really existing In a world that's constantly changing is anything new really happening Drawing on references from Plato to arthouse cinema the Big Bang to Buddhism Event is a journey into philosophy at its most exciting and elementary The Subject of Politics: Slavoj Žižek's Political Philosophy Henrik Jøker Bjerre, Carsten Bagge Lausten, 2010-01-01 The Subject of Politics provides a new study of Slavoj Žižek's political philosophy Focusing on the combination of psychoanalytic theory and philosophy the book offers an overview of Žižek's analysis of contemporary society In five chapters the reader is introduced to Žižek's method his view of the political impasse in the postmodern world and his suggestion for a way ahead to renewed action and political invention Rich in examples the book gives an engaging and entertaining tour around the landscape of Žižek's political endeavour while at the same time insisting on a more systematic and piecemeal approach than the Slovenian tends to offer himself **The Courage of Hopelessness** Slavoj Žižek, 2018-02-06 Maverick philosopher Slavoj Žižek returns to explore today's ideological political and economic battles and asks whether radical change is possible In these troubled times even the most pessimistic diagnosis of our future ends with an uplifting hint that things might not be as bad as all that that there is light at the end of the tunnel Yet argues Slavoj Žižek it is only when we have admitted to ourselves that our situation is completely hopeless that the light at the end of the tunnel is in fact the headlight of a train that fundamental change can be brought about Surveying the various challenges in the world today from mass migration and geopolitical tensions to terrorism the explosion of rightist populism and the emergence of new radical politics all of which in their own way express the impasses of global capitalism Žižek explores whether there still remains the possibility for genuine change Today he proposes the only true question is or should be this do we endorse the predominant acceptance of capitalism as fact of human nature or does today's capitalism contain strong enough antagonisms to prevent its infinite reproduction Can we he asks move beyond the failure of socialism and beyond the current wave of populist rage and initiate radical change before the train hits Žižek leaves no social or cultural phenomenon untheorized and is master of the counterintuitive observation The New Yorker **Žižek and Politics** Matthew Sharpe, 2010-03-14 In Žižek and Politics Geoff Boucher and Matthew Sharpe go

beyond standard introductions to spell out a new approach to reading Žižek one that can be highly critical as well as deeply appreciative. They show that Žižek has a raft of fundamental positions that enable his theoretical positions to be put to work on practical problems. Explaining these positions with clear examples they outline why Žižek's confrontation with thinkers such as Derrida, Foucault and Deleuze has so radically changed how we think about society. They then go on to track Žižek's own intellectual development during the last twenty years as he has grappled with theoretical problems and the political climate of the War on Terror. This book is a major addition to the literature on Žižek and a crucial critical introduction to his thought.

The Metastases of Enjoyment Slavoj Žižek, 2005. A disturbing and radical examination of the status of women and the role of violence in contemporary culture and politics.

Welcome to the Desert of the Real! Slavoj Žižek, 2002. Probing beneath the level of TV punditry Žižek offers a highly original and readable account that serves as a fascinating and insightful comprehension of the events of September 11.

The Most Sublime Hysteric Slavoj Žižek, 2014-08-12. What do we know about Hegel? What do we know about Marx? What do we know about democracy and totalitarianism, Communism and psychoanalysis? What do we know that isn't a platitude that we've heard a thousand times or a self-satisfied certainty? Through his brilliant reading of Hegel, Slavoj Žižek, one of the most provocative and widely read thinkers of our time, upends our traditional understanding, dynamites every cliché and undermines every conviction in order to clear the ground for new ways of answering these questions. When Lacan described Hegel as the most sublime hysteric, he was referring to the way that the hysteric asks questions because he experiences his own desire as if it were the Other's desire. In the dialectical process the question asked of the Other is resolved through a reflexive turn in which the question begins to function as its own answer. We had made Hegel into the theorist of abstraction and reaction, but by reading Hegel with Lacan, Žižek unveils a Hegel of the concrete and of revolution, his own and the one to come. This early and dazzlingly original work by Žižek offers a unique insight into the ideas which have since become hallmarks of his mature thought. It will be of great interest to anyone interested in critical theory, philosophy and contemporary social thought.

Getting the books **Slavoj Zizek** now is not type of challenging means. You could not and no-one else going following book addition or library or borrowing from your connections to admittance them. This is an definitely easy means to specifically acquire lead by on-line. This online statement Slavoj Zizek can be one of the options to accompany you past having extra time.

It will not waste your time. take me, the e-book will totally tune you further issue to read. Just invest little get older to gate this on-line message **Slavoj Zizek** as with ease as evaluation them wherever you are now.
