

Dissolving Salt in Water

CHEMICAL CHANGE OR PHYSICAL CHANGE?

VALID ARGUMENT FOR BOTH SIDES

Chemical Change

Dissolving salt may be written as a chemical equation. New products are formed, so a chemical reaction occurs.

Physical Change

Salt doesn't react with the solvent (water), so no chemical reaction occurs. If you remove the solvent, the original compound remains.

A Page of Madness Aaron Gerow, 2016-02-02 Kinugasa Teinosuke's 1926 film *A Page of Madness* Kurutta ichipeiji is celebrated as one of the masterpieces of silent cinema It was an independently produced experimental avant garde work from Japan whose brilliant use of cinematic technique was equal to if not superior to that of contemporary European cinema Those studying Japan focusing on the central involvement of such writers as Yokomitsu Riichi and the Nobel Prize winner Kawabata Yasunari have seen it as a pillar of the close relationship in the Taisho era between film and artistic modernism as well as a marker of the uniqueness of prewar Japanese film culture But is this film really what it seems to be Aaron Gerow brings meticulous research to the film's production distribution exhibition and reception and closely analyzes the film's shooting script and shooting notes which were recently made available He draws a new picture of this complex work revealing a film divided between experiment and convention modernism and melodrama the image and the word cinema and literature conflicts that play out in the story and structure of the film and its context *A Page of Madness* a film fundamentally about differing perceptions and conflicting worlds was received at the time in different versions and with varying interpretations and ironically the film that exists today is not in fact the one originally released Including a detailed analysis of the film and translations of contemporary reviews and shooting notes for scenes missing from the current print Gerow's book offers provocative insight into the fascinating film *A Page of Madness* was and still is and into the struggles over this work that tried to articulate the place of cinema in Japanese society and modernity

In Search of Joshua King Jason Kalaus, 2014-06-09 Joshua King spends his nights sitting on different stools in different bars listening to music that reminds him of the days and more importantly the people he has lost. He only has one person left in his life. Liam, his best friend, has been with him from day one and he may be the last reason for Joshua to hold onto the bar he's sitting in front of. He's stuck in a cycle of always searching the past for answers to his present state and looking for the one thing that will help him stop looking back and help him break free from his cycle of bars and lonely nights. Joshua is the only one who can see himself. No one around is let in to see what he really looks like. *In Search of Joshua King* examines the cracks that occur in a person when divorce becomes his earliest childhood memory. Songs play throughout as a soundtrack to Joshua's life and as a navigation tool that reveals how the divorce of his parents affected both him and the relationships that he so desperately clings to. His primary escape is to find a bartender who is willing to fill his glass for him and let him forget about everything he has lost in life, including his two loves.

Gender Un/Bound Susanne Gannon, Ampersand Press, Jayne Osgood, 2024-12-11 This collection is focused on the possibilities for unbinding people from gendered expectations in and around educational spaces and accounts for the ways gender is reconstituted in and through education. This book presents a broad interpretation of gender of what education might mean and where educational experiences manifest. It explores more conventional schooling spaces to communally generated inclusive spaces, families and marginalised sites where gender is realised and contested. Alongside more familiar framings the book incorporates decolonial and Indigenous contestations, theoretical innovations and methodological experiments that pry open the ways that gender binds and limits individuals. The chapters are organised in smaller conceptual clusters offering multiple and overlapping reading paths according to the interests of the reader. A mapping of clusters and potential reading paths is included at the opening of the book designed for instructors to expand course content. Written to enrich reading for preservice teacher education students and to challenge researchers, postgraduate and doctoral candidates, this book provides essential new perspectives on gender education and the various ways in which they are unbound together and apart.
