Schaller, 2003 There are many questions that leaders of small membership congregations ask themselves about their church's future Lyle Schaller suggests that two in particular should rise to the top of the list What is the right size of a church and should these congregations make their plans on the basis of few resources and fewer options If you believe that believes that small membership churches are distinctive places of Christian witness and service then this book is for you     *Christian Education in the Small Membership Church* Karen B. Gail Irwin, 2014-01-13 At a time when pews are not as full as they used to be many churches are struggling to stay open But no matter how creative or hard working some congregations are unable to revitalize their ministry Is it time to talk about closing your church Are there any other options for your future Toward the Better Country tells the stories of real congregations that have faced a significant downsizing merger or closure and found positive ways to move forward in ministry While no local church is meant to live forever congregations that have chosen to faithfully complete their ministry are finding hope in the new ventures born from passing on their spiritual and material legacies     Middle Class Pentecostalism in Argentina Jens Köhrsen, 2016-04-08 In Middle Class Pentecostalism in Argentina Inappropriate Spirits Jens Köhrsen offers an intriguing account of how the middle class relates to Latin America's most vibrant religious movement Based on pervasive field research this study suggests that Pentecostalism stands in tension with the social imaginary of the middle class and is perceived as an inappropriate lower class practice As such middle class Pentecostals negotiate the appropriateness of their religious belonging by demonstrating distinctive tastes and styles of Pentecostalism Abstaining from the expressiveness emotionality and strong spiritual practice that have marked the movement they create a milder and socially more acceptable form of Pentecostalism Increasingly turning into a middle class movement this style has the potential to embody the future shape of Pentecostalism     **By What Authority Do We Teach?** Robert W. Pazmiño, 2002-04-29 To reject power and its legitimate use is ultimately to reject God's gift and intention for Christians as we live in the world writes Robert W Pazmiño He defines what authority is and how it is perceived by and operates in various Christian communities He applies these factors and the need for confident authoritative teachers specifically to the ministry of Christian education By What Authority Do We Teach completes a trilogy covering key elements

of evangelical education Also in print are Foundational Issues in Christian Education an agenda of theological sociological psychological curricular and other concerns and Principles and Practices of Christian Education which integrates conversion and connection into the teaching task *Church Building* Ralph Adams Cram,1924 One Size Doesn't Fit All Gary L.
