Women's Sexuality Across the Life Span Judith C. Daniluk, 2003-06-09 Moving beyond a traditional focus on sexual functioning this book emphasizes the complex interaction of psychological social cultural and biological influences on womens s sense of themselves as sexual beings Written for practitioners and educators its goal is to challenge contradictory messages and meanings that cause many women to feel disconnected from their bodies and from their needs and desires Themes explored include the development of sexual awareness and sexuality in childhood and adolescence the critical sexual choices of young adulthood and the multiple transitions characterizing the middle and later years of life The book features creative exercises and interventions to help girls and women construct more affirming sexual meanings **The Widowed Self** Deborah Kestin van den Hoonaard, 2009-10-22 How do older women come to terms with widowhood Are they vulnerable or courageous predictable or creative in dealing with this life challenge Most books about widows usually focus on younger women this book interweaves the voices of older widows their experiences and insights to show how they have come to terms

with widowhood and have recreated their lives in new unsuspected ways The widows speak about how they relate to their children their friends to men With powerful emotions they describe their husbands final illnesses and deaths and the challenging early days of widowhood Disputing stereotypes about older women and widows The Widowed Self allows the reader to visualize the impact of losing one's life partner and offers a new way of thinking about widowhood This new book by Deborah Kestin van den Hoonaard fills a void in previous work on widowhood Rather than seeing these women as unfortunate passive victims of life the reader will come to appreciate the strength and creativity with which these women face one of life's greatest challenges a challenge that affects more than half of all women over the age of sixty five Widows and their families scholars social workers and other professionals who work with older adults will all be interested in reading The Widowed Self The Older Woman's Journey through Widowhood **Ways of Aging** Jaber F.
