 Penney, 2015-09-16 This book explores the complex nexus of discourses principles and practices within which educators
 mobilise school based health education Through an interrogation of the ideas informing particular models and approaches to
 health education the authors provide critical insights into the principles and practices underpinning approaches to health
 education policy curriculum pedagogy and assessment Drawing on extensive literature and research the book explores and
 considers what health education can and should do Chapters examine the extent to which health education past and present
 has attended to the needs and interests of young people in school environments as well as assess common pedagogical
 approaches and whether the outcomes tally with expectations By considering the problems in teaching health education
 curriculum making health education pedagogies and porous classrooms the book offers a knowledge base from which
 educators can consider how theories and models can sit together to shape curriculum and influence practice *School Health
 Education in Changing Times* will be of key interest to postgraduate students researchers and academics in the field of health
 education It will also be a valuable resource for teacher educators current teachers and those on professional development
 courses who want to navigate the moral minefield surrounding health education
