Webster, 1845 **An American Dictionary of the English Language ... Thoroughly Rev. and Greatly Enlarged and Improved by C.A. Goodrich and Noah Porter ... with an Appendix of Useful Tables ... Also a New Pronouncing Biographical Dictionary** Noah Webster, 1880 An American Obsession Jennifer Terry, 2010-12-15 Drawing on original

research from medical texts psychiatric case histories pioneering statistical surveys first person accounts legal cases sensationalist journalism and legislative debates Jennifer Terry has written a nuanced and textured history of how the century old obsession with homosexuality is deeply tied to changing American anxieties about social and sexual order in the modern age Terry s overarching argument is compelling that homosexuality served as a marker of the abnormal against which malleable tenuous and often contradictory concepts of the normal were defined One of the few histories to take into consideration homosexuality in both women and men Terry s work also stands out in its refusal to erase the agency of people classified as abnormal She documents the myriad ways that gays lesbians and other sexual minorities have coauthored resisted and transformed the most powerful and authoritative modern truths about sex Proposing this history as a useable past An American Obsession is an indispensable contribution to the study of American cultural history **An American**

and endlessly resourceful teacher of English Language Acquisition If Mr Williams does his job right the newcomers will leave his class at the end of the school year with basic English skills and new confidence their foundation for becoming Americans and finding a place in their new home Ultimately The Newcomers reads more like an anthropologist s notebook than a work of reportage Helen Thorpe not only observes she chips in her two cents and participates Like her we re moved and agitated by this story of refugee teenagers Donald Trump s gross slander of refugees and immigrants is countered on every page by the evidence of these students lives and characters Los Angeles Review of Books With the US at a political crossroads around questions of immigration multiculturalism and America s role on the global stage Thorpe presents a fresh and nuanced perspective The Newcomers is not only an intimate look at lives immigrant teens live but it is a primer on the art and science of new language acquisition and a portrait of ongoing and emerging global horrors and the human fallout that arrives on our shores USA TODAY **Spectator [Philadelphia].
