be drawn between time action and ethical human relations From vantage points across the humanities and social sciences
Women Making Time looks at how women fashion understandings of the past present and future The book reviews the ways
in which feminist issues have been reduced to generational disputes between 1970s and 1990s Feminism has always looked
towards the future when envisaging and enacting social change At the same time feminists have sought to recuperate
forgotten and overlooked moments usually through response to the constraints faced by particular women Women Making
Time is a rich and diverse collection of essays that moves through the complementary domains of past and future and into the
complex now of aesthetic and cultural production By valuing the processes of loss and excess the book illuminates the
complex banalities achievements and continuities of women s experiences Cancer Facts & Figures ,2003 De passion
