Directory of Nigerian Book Development Vincent Chukwuemeka Ike, 1998 *Annual Bibliography of Modern Art* Museum of Modern Art (New York, N.Y.). Library, 1998 **Salvagnini 30+20 - Jubilee (1963/1993/2013) - Versione inglese** Mario Marobin, 2018-04-18 When the company was founded in a basement in the Milanese district of Quarto Oggiaro

in 1963 to design and construct lubrication units it is probable that even the engineer Guido Salvagnini didn't realize he was beginning a journey which would be as long and successful as that of the company which still bears his name. This volume does not claim to reconstruct or retell the history of Salvagnini but is simply a series of memoirs and recollections about people who spent a long time with the company. It comprises an organized collection of memory flashes from a community of men who shared a common passion for a company that was one of a kind and who were attracted and fascinated by the figure of Ing Guido who was for all of his co-workers a stimulus and in his own way a master.

John Moore John Moore, 2009 Industrial landscape paintings by John Moore executed over the last three decades focus on sites from Conneaut Ohio to Waterville Maine including Coatesville Pennsylvania a locale that has inspired such American Modernists as Charles Demuth and Ralston Crawford. Moore has revisited places in Coatesville and throughout the rustbelt that he painted twenty years ago and his most recent paintings depict changes that have occurred there since. One of his subjects Paradise Pennsylvania 13 miles west of Coatesville is Amish farmland a place that is the rural antithesis of industrial life in America. Moore is often described as one of the leading realist painters of his generation and many of his paintings resemble places where he grew up. While the images appear immediately recognizable the paintings are in fact partial composites based on specific sites but also incorporating formal concerns and oral history as told by individuals with ties to the regions. The *Thirteen Miles from Paradise* catalogue is drawn from the exhibition of the same name at the Arthur Ross Gallery of the University of Pennsylvania where Moore has been Gutman Professor of Fine Arts and chair of the Department of Fine Arts since 1999. The catalogue includes contributions by Alexi Worth a senior critic in the Department of Fine Arts at the University of Pennsylvania and by Debra Bricker Balken an independent curator and writer.

The Geometries of Afro Asia Joan Kee, 2023-04-18 How do we embark on a history of art that proceeds from the assumption of a global majority? Taking as a rhetorical departure the construct of Afro Asia which doubles as both an ontological reference and an epistemological intervention this book centers the worlds Black and Asian artists initiate through their work. Afro Asia breaks down delineated time into points trajectories angles magnitudes and relative positions so that temporality and chronology figure primarily as questions of geometry. It asks if and how we can be something other than what biology politics culture and economics tells us we are or must become. Spanning North America Europe Asia and Africa this book challenges the institutionalization of contemporary art as a global enterprise increasingly governed by the judgments of a self-selecting minority.
