After Django Tom Perchard, 2015-01-12 How did French musicians and critics interpret jazz that quintessentially American music in the mid twentieth century How far did players reshape what they learned from records and visitors into more local jazz forms and how did the music figure in those angry debates that so often suffused French cultural and political life After Django begins with the famous interwar triumphs of Josephine Baker and Django Reinhardt but for the first time the focus here falls on the French jazz practices of the postwar era The work of important but neglected French musicians such as Andr Hodeir and Barney Wilen is examined in depth as are native responses to Americans such as Miles Davis and Thelonious Monk The book provides an original intertwining of musical and historical narrative supported by extensive archival work in clear and compelling prose Perchard describes the problematic efforts towards aesthetic assimilation and transformation made by those concerned with jazz in fact and in idea listening to the music as it sounded in discourses around local identity art 1968 radicalism social democracy and post colonial politics **Annual Review of Jazz Studies 13:**

2003 Edward Berger, Henry Martin, Dan Morgenstern, George Bassett, Evan Spring, 2007-08 This 13th issue of the ARJS includes an extensive study of the saxophonist Sonny Red an analysis of a composition by Steve Swallow a new perspective on John Coltrane's compositional approach and an examination of Miles Davis's classic Walkin plus book reviews and a continuing bibliography of scholarly articles about jazz in non jazz journals **Civic Jazz** Gregory Clark, 2015-02-25 Greg Clark welcomes his readers by asking them to accompany him on a trip to a New Orleans club where the warmth of the music and the warmth of the audience instill a special feeling of communion of getting along Clark's book treats the idea that jazz demands from those who make it as well as those who listen a form of life that substantiates the seemingly impossible American value that is e pluribus unum The process of getting along in communication in community is something the great student of culture and rhetoric Kenneth Burke spent his life trying to describe Clark has found that jazz as an activity and a cultural form goes a long way toward illustrating that process Jazz is often described as democratic Burke's rhetorical and aesthetic ideas explain how this is so Working with others to address immediate problems they share can align for a time individuals who are otherwise very different That is what jazz does it enables people who are different and even in conflict with each other to combine in cooperation toward an end that matters to all of them just now And this too is what civic life in democratic cultures demands In chapters that deal with such issues as what jazz does and how jazz works Clark uses examples from jazz history from Louis Armstrong and Earl Hines to Miles Davis and Bill Evans but also from contemporary jazz both recorded and live e.g. pianist Jonathan Batiste and his Social Music drummer Terri Lyne Carrington and her collaborative Mosaic Project or the newly emergent vocalist Cecile McLorin Salvant all of this in the service of making

improvisation and ensemble work yield the experience of transcendence that results from intense engagement with jazz as aesthetic form for players and listeners alike The resulting book is a study of jazz in the context of American aspirations toward democratic interaction and a study of Kenneth Burke s democratic rhetorical theory and practice as essentially aesthetic in function and effect Marcus Roberts the much lionized neoclassical pianist crafts a Foreword that points to practical ways these ideas can work to improve and inspire both musicians and citizens **So What** John F
