Ready for What? M. Elizabeth Graue, 1993-01-01 This book looks at readiness from a different perspective arguing that we must move away from the readiness as child characteristic so prevalent in education and the popular press Instead readiness is explained as an idea constructed by parents teachers and children as they interact in their neighborhoods and communities Graue describes three communities in the same school district a middle class suburban town of professionals a rural working class community and a group of Hispanic working class families making their way through their children's kindergarten experiences In each setting the local meaning of readiness is the underlying theme in the actions taken by parents and their attitudes about their children's first public school experience

Blue Dreams Nancy ABELMANN, John Lie, Nancy Abelman, 2009-06-30 No one will soon forget the image blazed across the airwaves of armed Korean Americans taking to the rooftops as their businesses went up in flames during the Los Angeles riots Why Korean Americans What stoked the wrath the riots unleashed against them Blue

Dreams is the first book to make sense of these questions to show how Korean Americans variously depicted as immigrant seekers after the American dream or as racist merchants exploiting African Americans emerged at the crossroads of conflicting social reflections in the aftermath of the 1992 riots The situation of Los Angeles s Korean Americans touches on some of the most vexing issues facing American society today ethnic conflict urban poverty immigration multiculturalism and ideological polarization Combining interviews and deft socio historical analysis Blue Dreams gives these problems a human face and at the same time clarifies the historical political and economic factors that render them so complex In the lives and voices of Korean Americans the authors locate a profound challenge to cherished assumptions about the United States and its minorities Why did Koreans come to the United States Why did they set up shop in poor inner city neighborhoods Are they in conflict with African Americans These are among the many difficult questions the authors answer as they probe the transnational roots and diversity of Los Angeles s Korean Americans Their work finally shows us in sharp relief and moving detail a community that despite the blinding media focus brought to bear during the riots has nonetheless remained largely silent and effectively invisible An important corrective to the formulaic accounts that have pitted Korean Americans against African Americans Blue Dreams places the Korean American story squarely at the center of national debates over race class culture and community Table of Contents Preface The Los Angeles Riots the Korean American Story Reckoning via the Riots Diaspora Formation Modernity and Mobility Mapping the Korean Diaspora in Los Angeles Korean American Entrepreneurship American Ideologies on Trial Conclusion Notes References Index Reviews of this book Blue Dreams a poetic allusion to the clear blue sky that Koreans see as a symbol of freedom is a welcome exploration by outsiders into the vexing and largely invisible Korean American predicament in Los Angeles and the nation Abelman and Lie s colorful interview subjects offer sharp observations K W Lee Los Angeles Times Reviews of this book An informed and thoughtful examination of Korean immigration to the United States since 1970 Abelman and Lie show that even in a period as short as twenty five years there have been successive waves of differently motivated differently resourced Korean immigrants and their experiences and reactions have differed accordingly Michael Tonry Times Literary Supplement Reviews of this book The authors transnational perspective is particularly effective for explicating Korean immigrants behaviors activities and feelings Interesting and readable Pyong Gap Min American Journal of Sociology Reviews of this book Beginning with a poetic book title the authors recount in depth as to how the Blue Dreams of the Korean American merchants in East Los Angeles had shattered in the midst of the 1992 riot that turned out to be elusive dreams in America The book not only portrays the L A riot surrounding the Korean merchants but also characterizes diaspora of the Koreans in America The authors have also examined with scholarly insights the more complex socioeconomic and political underplay the Koreans encountered in their Promised New Land Eugene C Kim International Migration Review Ethics and Context in Second Language Testing M. Congress, 1995. *Interrogating the Neoliberal Lifecycle* Beverley Clack, Michele Paule, 2018-12-14. In this timely collection, contributors from a number of disciplines discuss neoliberal visions of success and the subsequent effects they have on the construction of the lifecycle. Frequently mentioned in popular political discourse, the notion of neoliberalism is often deployed as shorthand for the consensus that austerity is necessary and the hard-working individual can survive it. This volume unpicks and interrogates the term by engaging with the interface between the political ubiquity of neoliberal forms and its lived experience in neoliberal societies, cutting across a multiplicity of factors including gender, age and access to education. Impressive in its wide scope and analysis, *Interrogating the Neoliberal Lifecycle* presents an informed discussion not only of the limits of the neoliberal paradigm but also of possible alternatives. "So What Are You Going to Do with That?" Susan Basalla, Maggie Debelius, 2008-09-15. Graduate schools churn out tens of thousands of Ph.D.s and M.A.s every year. Half of all college courses are taught by adjunct faculty. The chances of an academic landing a tenure-track job seem only to shrink as student loan and credit card debts grow. What's a frustrated would-be scholar to do? Can he really leave academia? Can a non-academic job really be rewarding and will anyone want to hire a grad school refugee? With *So What Are You Going to Do with That?* Susan Basalla and Maggie Debelius, Ph.D.s themselves, answer all those questions with a resounding Yes! A witty, accessible guide full of concrete advice for anyone contemplating the jump from scholarship to the outside world, *So What Are You Going to Do with That?* covers topics ranging from career counseling to interview etiquette to translating skills learned in the academy into terms an employer can understand and appreciate. Packed with examples and stories from real people who have successfully made this daunting but potentially rewarding transition and written with a deep understanding of both the joys and difficulties of the academic life, this fully revised and up-to-date edition will be indispensable for any graduate student or professor who has ever glanced at her CV, flipped through the want ads and wondered, "What if I will absolutely be recommending this book to our graduate students exploring their career options?" I'd love to see it on the coffee tables in department lounges. Robin B. Wagner, former associate director for graduate career services, University of Chicago.
