For this digital edition of the PCT READER we combined our two print volumes into a single robust ebook that features stories from both the CALIFORNIA and OREGON WASHINGTON volumes Because the two volume set is a compilation of old and new essays however the editors were not able to obtain digital publication rights for some of the previously published material So while this combination ebook includes all the newly commissioned stories as well as many other pieces for which the editors did have digital access there are approximately four contributions from each of the printed books that do not appear here
