Sinn Féin Brian Feeney, 2002 The dual function the voice of national identity and a political party has played a determining role in the unique history of Sinn Féin From its origins as an intellectual and political ginger group founded by Arthur Griffith at the beginning of the last century to foster independence from the British Empire Sinn Féin has today become a powerful force in Ireland North and South led by Gerry Adams and Martin McGuinness This book traces Sinn Féin's zigzag path towards constitutional politics presents a critical analysis of Sinn Féin's personalities and policies over the century and shows how it has arrived at last in government in the North with hopes of a future role in coalition in the Republic and confidently predicting a united Ireland

Currie, 2011-07-15 This collection of papers examines the current rise in violence by Dissident Irish Republicans and its impact on the Northern Ireland Peace Process The work will address advanced undergraduate and graduate students in Terrorism Studies Irish Politics Political Violence and Conflict Studies Religious Leaders and Conflict Transformation Nukhet A. Sandal, 2017-02-16 The book introduces a theoretical framework to understand the role of religious leaders in conflict transformation and peacebuilding **The Origins and Rise of Dissident Irish Republicanism** John F. Morrison, 2013-12-19 Throughout its history the Irish Republican Movement has been beset by splits The former paramilitary and author Brendan Behan famously quipped that The first thing on the agenda was always the split In this in depth research Morrison analyses the splits through his extensive range of interviews with leadership and rank and file members of the political and paramilitary wings of the Movement This timely analysis shows how the splits have both aided the politicization of Sinn Féin and the Provisional IRA while in parallel they have brought about the recent intensification of dissident Republican paramilitary activity He charts the rise of groups including the Real IRA Continuity IRA and the newly emerging New IRA By applying his unique process model of splits Morrison provides an insightful analysis of this long lasting terrorist movement *Remembering the Year of the French* Guy Beiner, 2007-02-01 Remembering the Year of the French is a model of historical achievement moving deftly between the study of historical events the failed French invasion of the West of Ireland in 1798 and folkloric representations of those events **The A to Z of the Northern Ireland Conflict** Gordon Gillespie, 2009-09-24 For nearly four decades the conflict in Ireland has embittered relations between the communities living there and spoiled relations between the Republic of Ireland and Great Britain For three decades it escalated punctuated by periodic bloody clashes followed by somewhat calmer periods of tension during which violence of all sorts robberies kidnappings serious injuries and deaths were all too common During the past decade fortunately all sides have realized that armed solutions were unlikely to bring a solution to anyone's problems and that peace should be given a chance Fortunately with the establishment of a new Northern Ireland Executive there is a general acceptance that the conflict is now part of the past The A to Z of the Northern Ireland Conflict covers the history of the Troubles through a chronology covering the Northern Ireland conflict and peace process from 1968 until the formation of

the new Northern Ireland Executive in May 2007 an introductory essay a bibliography and several hundred cross referenced dictionary entries on main events individuals and organizations Researchers with an interest in the Northern Ireland conflict will find this book to be an essential addition to their collection of reference books on the subject
