## **Some Kind Of Friend:**

**The Ways of Friendship** Amit Desai, Evan Killick, 2010-08-01 Friendship is an essential part of human experience involving ideas of love and morality as well as material and pragmatic concerns Making and having friends is a central aspect of everyday life in all human societies Yet friendship is often considered of secondary significance in comparison to domains such as kinship economics and politics How important are friends in different cultural contexts What would a study of society viewed through the lens of friendship look like Does friendship affect the shape of society as much as society moulds friendship Drawing on long term ethnographic fieldwork in Asia the Middle East Africa Latin America and Europe this volume offers answers to these questions and examines the ideology and practice of friendship as it is embedded in wider social contexts and transformations

**The Passion of Love in the Summa Theologiae of Thomas Aquinas** Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers

**Friendship** James O. Grunebaum, 2003-03-27 Addresses the question of whether special preference for friends is morally justified

**Spiritual Traditions and the Virtues** Mark R. Wynn, 2020-06-30 Spiritual Traditions and the Virtues develops a philosophical appreciation of the spiritual life The book shows how a certain conception of spiritual good one that is rooted in Thomas Aquinas's account of infused moral virtue can generate a distinctive vision of human life and the possibilities for spiritual fulfilment Wynn examines the character of the goods to which spiritual traditions are directed the structure of such traditions including the connection between their practical and creedal commitments the relationship between the various vocabularies that are used to describe from the insider's perspective progress in the spiritual life the significance of tradition as an epistemic category and the question of what it takes for a spiritual tradition to be handed on from one person to another In his account of the virtues Aquinas shows how our relations to the everyday world can be folded

into our relationship to the divine or sacred reality otherwise conceived In this sense he offers a vision of how it is possible to live between heaven and earth Spiritual Traditions and the Virtues considers how that vision can be extended across the central domains of human thought and experience and how it can deepen and diversify our understanding of what it is for a human life to be lived well *Summa Theologica (All Complete & Unabridged 3 Parts + Supplement & Appendix + interactive links and annotations)* Thomas Aquinas, 2013-08-20 This carefully crafted ebook *Summa Theologica All Complete Unabridged 3 Parts Supplement Appendix interactive links and annotations* is formatted for your eReader with a functional and detailed table of contents This ebook is the best known work of Thomas Aquinas c 1225 1274 Although unfinished the *Summa* is one of the classics of the history of philosophy and one of the most influential works of Western literature It is intended as an instructional guide for moderate theologians and a compendium of all of the main theological teachings of the Catholic Church It presents the reasoning for almost all points of Christian theology in the West The *Summa Theologica* is divided into three parts and each of these three parts contains numerous subdivisions Part 1 deals primarily with God and comprises discussions of 119 questions concerning the existence and nature of God the Creation angels the work of the six days of Creation the essence and nature of man and divine government Part 2 deals with man and includes discussions of 303 questions concerning the purpose of man habits types of law vices and virtues prudence and justice fortitude and temperance graces and the religious versus the secular life Part 3 deals with Christ and comprises discussions of 90 questions concerning the Incarnation the Sacraments and the Resurrection Some editions of the *Summa Theologica* include a Supplement comprising discussions of an additional 99 questions concerning a wide variety of loosely related issues such as excommunication indulgences confession marriage purgatory and the relations of the saints toward the damned Scholars believe that Rainaldo da Piperno a friend of Aquinas probably gathered the material in this supplement from a work that Aquinas had completed before he began working on the *Summa Theologica* It seeks to describe the relationship between God and man and to explain how man's reconciliation with the Divine is made possible at all through Christ To this end Aquinas cites proofs for the existence of God and outlines the activities and nature of God Approximately one half of the *Summa Theologica* then examines the nature and purpose of man Finally Aquinas devotes his attention to the nature of Christ and the role of the Sacraments in effecting a bridge between God and man Within these broad topical boundaries though Aquinas examines the nature of God and man in exquisite detail His examination includes questions of how angels act on bodies the union of body and soul the cause and remedies of anger cursing and the comparison of one sin with another Aquinas is attempting to offer a truly universal and rational view of all existence Thomas Aquinas O P 1225 1274 also Thomas of Aquin or Aquino was an Italian Dominican priest and an immensely influential philosopher and theologian in the tradition of scholasticism within which he is also known as the Doctor Angelicus Doctor Communis and Doctor Universalis He was the foremost classical proponent of natural theology and the father of Thomism His influence on Western thought is considerable
