Six Chapters of Canada's Prehistory James Vallière Wright,1976 **Six Chapters of Canada's Prehistory** James Vallière Wright,1976 *Archaeological Survey of Canada Annual Reviews, 1977-1979* Roger J. M. Marois,1980-01-01 A report on the activities of the Archaeological Survey of Canada National Museum of Man for the years 1977 to 1979 Published in English **History of the Native People of Canada, Volume III (A.D. 500 - European Contact)** James Vallière Wright,1996-01-01 Part 1 of the final volume of A History of the Native People of Canada treats eastern Canada and the southern Subarctic regions of the Prairies from A D 500 to European contact It examines the association of archaeological sites with the Native peoples recorded in European documents and particularly the agricultural revolution of the Iroquoian people of the Lower Great Lakes and Upper St Lawrence River Part 2 was never completed as the author passed away Published in English Canadian Books for Young People/Livres canadiens pour la jeunesse, 3e Irma McDonough,1980-12-15 This third completely revised edition contains hundreds of new entries for a total of almost 2 000 children s books and magazines carefully selected and described by a team of children s librarians Entries are arranged by subject with reading levels indicated where necessary and are also listed in a separate author title index A list of prize winning Canadian children s books and a basic book list for librarians teachers and parents are included in this charmingly illustrated volume **Archaeological Survey of Canada: Annual Review 1975 and 1976** George F. MacDonald,1977-01-01 A review of the activities of the Archaeological Survey of Canada for the years 1975 and 1976 Published in English *Literary History of Canada* William H. New,Carl Berger,Alan Cairns,Francess G. Halpenny,Henry Kreisel,Douglas Lochhead,Philip Stratford,Clara Thomas,1990-12-15 This new volume of the Literary History of Canada covers the continuing development of English Canadian writing from 1972 to 1984 As with the three earlier volumes this book is an invaluable guide to recent developments in English Canadian literature and a resource for both the general reader and the specialist researcher The contributors to this volume are Laurie Ricou David Jackel Linda Hutcheon Philip Stratford Barry Cameron Balachandra Rajan Robert Fothergill Brian Parker Cynthia Zimmerman Frances Frazer Edith Fowke Bruce G Trigger Alan C Cairns Douglas Williams Carl Berger Shirley Neuman Raymond S Corteen and Francess G Halpenny A History of the Native People of Canada: 10,000-1,000 B.C James Vallière Wright,1995 *The Superior North Shore* Thomas F. Waters,1987 **Native People, Native Lands** Bruce Alden Cox,1988 The changing roles of native women devices for assimilation the re birth of the Metis these are among the issues examined in this collection of provocative essays which explore the link between aboriginal culture and economic patterns **Document D'Enquête Archéologique Du Canada** ,1972 Canadians and their environment David T. Ruddel,1983-01-01 This book provides a brief but sweeping treatment of the history of resource use in Canada Subjects discussed include attitudes of the Native peoples and the colonists towards the environment exploration fishing the fur trade the timber industry mining immigration farming industrialization and

urbanization and the exploitation of resources today Historical illustrations and photographs of artifacts and reconstitutions from the exhibits at the National Museum of Man Ottawa complete the text Published in English **A History of the Native People of Canada** James Vallière Wright, Canadian Museum of Civilization, 1995 This is Part 1 of the third and final volume of A History of the Native People of Canada as revealed by archaeological evidence Over 12 000 years of Native history preceded the arrival of Europeans Due to a markedly increased body of information Volume III had to be divided into two parts which appear as separate books Part 1 treats eastern Canada and the southern Subarctic regions of the Prairie provinces It examines the association of archaeological sites with the Native peoples recorded in European documents and in particular the agricultural revolution pertaining mainly to the Iroquoian people of the Lower Great Lakes and Upper St Lawrence River Cultural developments in other areas of the east and the Canadian Shield essentially retained earlier cultural practices It is hoped that these volumes will contribute to an appreciation of Native history prior to the devastating events initiated by the European occupation of Canada It is further hoped that with the amalgamation of archaeologically based on documentary based human history the impressive cultural heritage of the original occupants of this land will receive the respect and attention it richly deserves Late Palaeo-Indian Great Lakes Lawrence J. Jackson, Andrew Hinshelwood, 2004-01-01 Articles by prominent archaeologists and geological scientists shed new light on the late Palaeo Indian cultures of the Great Lakes during a time of staggering environmental change and challenge as the ice sheets retreated northward The human response to the dramatic environmental upheaval produced unique cultural patterns which we are just beginning to understand Published in English **Western Apache Heritage** Richard J. Perry, 2014-04-21 A reconstruction of Apachean history and culture that sheds much light on the origins dispersions and relationships of Apache groups Mention Apaches and many Anglo Americans picture the marauding savages of western movies or impoverished reservations beset by a host of social problems But like most stereotypes these images distort the complex history and rich cultural heritage of the Apachean peoples who include the Navajo as well as the Western Chiricahua Mescalero Jicarilla Lipan and Kiowa Apaches In this pioneering study Richard Perry synthesizes the findings of anthropology ethnology linguistics archaeology and ethnohistory to reconstruct the Apachean past and offer a fuller understanding of the forces that have shaped modern Apache culture While scholars generally agree that the Apacheans are part of a larger group of Athapaskan speaking peoples who originated in the western Subarctic there are few archaeological remains to prove when where and why those northern cold dwellers migrated to the hot deserts of the American Southwest Using an innovative method of ethnographic reconstruction however Perry hypothesizes that these nomadic hunters were highly adaptable and used to exploiting the resources of a wide range of mountainous habitats When changes in their surroundings forced the ancient Apacheans to expand their food quest it was natural for them to migrate down the mountain corridor formed by the Rocky Mountain chain Perry is the first researcher to attempt such an extensive reconstruction and his study is the first to

deal with the full range of Athapaskan speaking peoples His method will be instructive to students of other cultures who face a similar lack of historical and archaeological data *A History of Canadian Architecture* Harold Kalman,1994

Archaeological Survey of Canada Archaeological Survey of Canada,1972 **Painting the Past with a Broad Brush** David L.
