Sovereignty and Command in Canada-US Continental Air Defence, 1940-57 Richard Goette, 2018-07-09 The 1940 Ogdensburg Agreement entrenched a formal defence relationship between Canada and the United States But was Canadian sovereignty upheld Drawing on untapped archival material *Sovereignty and Command in Canada US Continental Air Defence 1940 57* documents the close and sometimes fractious relationship between the two countries Richard Goette challenges prevailing perceptions that Canada's defence relationship with the United States eroded Canadian sovereignty He argues instead that a functional military transition from an air defence system based on cooperation to one based on integrated and centralized command and control under NORAD allowed Canada to retain command of its forces and thus protect Canadian sovereignty Goette combines historical narrative with conceptual analysis of sovereignty command and control systems military professionalism and civil military relations In the process he provides essential insights into the Royal Canadian Air Force's paradigm shift away from its Royal Air Force roots toward closer ties with the United States Air Force and the role of the nation's armed forces in safeguarding its sovereignty

handbook is not a definitive list of all Canadian manufactured or operated aircraft but should serve as a quick reminder for anyone with an enthusiastic interest in Canadian military aviation Canadian Warbird Survivors Harold A. Skaarup, 2000

The purpose of this handbook is to provide aviation enthusiasts with a handbook on where to find the surviving retired military aircraft preserved in Canada. The majority of the Canadian Warbird and War Prize Survivors are on display within a significant number of aviation museums. Many others are displayed as gate guards on or near a number of Canadian and Allied Armed Forces Bases and installations. There are also a few in the hands of private owners and collectors that have been restored to flying status. These include a number of foreign warbird survivors that were brought back to Canada as War Prizes. The museum staffs and volunteer organizations such as the Canadian Aviation Preservation Association (CAPA) have done tremendous work in preserving military and civilian aircraft that have been a major part of Canada's aviation heritage. A few of these aircraft are illustrated in this book along with a short description of the aircraft flown by Canadian servicemen and women. The aircraft are listed alphabetically along with a city or museum location, the manufacturer, aircraft serial number and call sign where known. Canadian Warbird and War Prize Survivors is part of a series on aircraft used by the Canadian Forces throughout its history.
