Sixty Days that Shook the West

The fall of France: 1940

Introduction by Cyril Falls

Sixty Days That Shook The West

Jianjun Gao

Sixty Days That Shook The West:

Time and the Shape of History P. J. Corfield, 2007-01-01 In this lively comedy of love and money in sixteenth century Venice Bassanio wants to impress the wealthy heiress Portia but lacks the necessary funds He turns to his merchant friend Antonio who is forced to borrow from Shylock a Jewish moneylender When Antonio's business falters repayment becomes impossible and by the terms of the loan agreement Shylock is able to demand a pound of Antonio's flesh Portia cleverly intervenes and all ends well except of course for Shylock

From the Dardanelles to Oran Arthur Marder, 2015-06-10 This collection of thought provoking essays by arguably the 20th century's greatest naval historian was first published in 1974 but their continuing relevance fully justifies this reprint It opens with a stimulating reappraisal of the naval attack on the Dardanelles the success of which would have made the disastrous Gallipoli land campaign that followed completely unnecessary Marder identifies a number of relatively minor issues that made a failure of what was in reality a great strategic opportunity to shorten the war Other chapters cover what the Royal Navy did and did not learn from the Great War and Churchill's controversial time at the Admiralty before he became Prime minister in 1940 while Marder's analysis of the inter war Ethiopian Crisis _ asking whether military aggression can be countered by sanctions _ has powerful echoes of current political concerns The final essay looks at one of the most contentious episodes of the Second World War the British preemptive strike on the fleet of their one time allies at Oran after the French surrender in 1940 Because Marder's view of history emphasises the human dimension over abstract forces his work is always approachable in style and of as much interest to the layman as the professional historian This book is no exception

Dunkirk 1940: 'Whereabouts Unknown' Tim Lynch, 2015-04-06 They called it the slaughter of the innocents The barely trained and poorly equipped men of the Labour Divisions were never meant to fight but when the German blitzkreig sliced through the Allied armies they were all that stood in the way of the annihilation of the British Expeditionary Force Paying with their lives they bought precious time as the army fell back towards Dunkirk and long after the last of the little ships reached home the men of the Labour Divisions fought on Dunkirk 1940 Whereabouts Unknown uses official reports diaries and personal accounts to tell the story of the chaos terror and heroism of the amateur soldiers of 137th Infantry Brigade during the fall of France

The Eastern Front, 1941-45, German Troops and the Barbarisation of Warfare Omer Bartov, 1986-04-28 Based largely upon unpublished sources Omer Bartov's study looks closely at the background of the German army on the Eastern Front during the Second World War He describes the physical hardship the discipline and morale at the front and analyses the social educational and political background of the junior officers who formed the backbone of the German army Only with these factors in mind together with the knowledge of the extent of National Socialist indoctrination can we begin to explain the criminal activities of the German army in Russia and the extent of involvement of the army in the execution of Hitler's brutal policies

Fall Gelb 1940 (1) Douglas C. Dildy, 2014-04-20 Never in the history of warfare has the clash between such great and apparently equal

forces been decided so swiftly and conclusively as the German conquest of France and the Low Countries in May and June of 1940 Not deigning to spend itself against the extensive fortifications of France s Maginot Lines Hitler s Wehrmacht planned to advance its 136 of 157 divisions through Belgium and northern France in order to destroy the Allied forces there and gain territory from which to prosecute continued combat operations against France and England Beginning on 10 May 1940 this title follows the fortunes of Heeresgruppe A as its three Panzer Korps moved stealthily through the dark hilly and thickly forested Ardennes in southern Belgium before forcing a passage across the river Meuse and racing through France to the Channel in one of the most daring campaigns in history

Radicals and Reactionaries in Twentieth-Century International Thought I. Hall, 2016-01-12 The history of international thought is a flourishing field but it has tended to focus on Anglo American realist and liberal thinkers This book moves beyond the Anglosphere and beyond realism and liberalism It analyses the work of thinkers from continental Europe and Asia with radical and reactionary agendas quite different from the mainstream

Military Review ,1988

The Shadow Warriors: O.S.S. and the Origins of the C.I.A. Bradley F. Smith, 2022-04-02 This is an account of the nation s first intelligence agency the Office of Special Services O S S how it operated what it accomplished and how it laid the basis for the present Central Intelligence Agency and how its charismatic founder Wild Bill Donovan established control over it recruited its staff and most importantly sold Roosevelt the armed services the Allies and the rest of the country on the agency s varied and often bizarre shadow warfare missions during World War II The O S S s special relationship with the British the key role of academics and its embarrassing connection with the Soviets N K V D are also addressed Smith concludes that the creation of the C I A after the war owed less to the accomplishments of the O S S than to Donovan s public relations skills and the precarious military situation the country found itself in at the time Mr Smith has done an exhaustive job of research on the O S S and Donovan the book offers an honest lively portrait of an important American and the contributions good and bad that he and the O S S made to the American intelligence system Much of this book can be read for the pleasure of observing a genuine American character in action Mr Smith who does not fawn on his subject captures Donovan s kinetic energy and vision Philip Taubman The New York Times This may be as close to a definitive medium length history of OSS as we are likely to get It draws fully on the extensive original files now available both American and British and on the recent flood of secondary writing The author has a sure grasp of the basic history of the war His narrative chapters put OSS firmly into that wider context and his perspectives and judgments ring true And there are excellent chapters on the usually neglected Research and Analysis section and on the relations between OSS and Soviet intelligence agencies an important book Foreign Affairs A lmost certainly the most balanced study to date of the shadow or irregular warfare that was the special province of OSS Resting on an impressive amount of research into unpublished manuscript collections in both this country and Great Britain The Shadow Warriors is a convincing account in large measure because its author retains a balance in his conclusions even as he does not hesitate to

render firm judgments The Public Historian Bradley F Smith has produced a carefully researched lucid study of the Office of Strategic Services OSS Smith deserves recognition for writing the most comprehensive study to date on the origins of United States central intelligence The Journal of American History Bradley Smith has undertaken a formidable task in writing this history of the Office of Strategic Services which is the most reliable record to date of its wide range of activities during the Second World War an audacious book that is fascinating for its disclosures and entertaining to read The Slavonic and East European Review Bradley Smith credits the OSS with accomplishments in support of the military but considers shadow warfare dangerously overvalued The book is humanly interesting at the same time that it addresses the very largest moral and military questions Kirkus

Sixty Days That Shook the West the Fall of France 1940 - Primary Source Edition Jacques Benoist-Mechin, 2014-02-27 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **50**

Div In Normandy: L-Cmdr Ethan R. Williams, 2014-08-15 In late 1943 the British army ordered the veteran 7th Armored 51st Highland and 50th Northumbrian Divisions to return to the Great Britain to provide combat experienced troops for the invasion of northwest Europe On D Day the 50th Division achieved nearly all of its objectives By mid June however the 50th held positions only a few miles beyond its final D Day positions The apparent failures of the veteran divisions in later operations led many senior leaders to believe that these divisions had become a liability This thesis will evaluate the performance of the 50th Division in Normandy by first examining the period before the invasion to determine the 50th s readiness for war British army doctrine and weapons The 50th s prior combat experiences and pre invasion training will be analyzed to determine the effect that prior combat had on the division Finally this thesis will evaluate the performance of the 50th Division in specific combat engagements in Normandy

The Top Books of the Year Sixty Days That Shook The West The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Sixty Days That Shook The West : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
