Campbell, 1915 *Sketches From Formosa (Classic Reprint)* W. Campbell, 2015-08-05 Excerpt from Sketches From Formosa
Some of the following Sketches appeared as an appendix to my book on the work of the early Dutch Mission in Formosa and
two or three others had a very limited circulation as separate papers but all of them have been re written and many new
pieces have been added for the present issue my intention being to take at least one way of marking the fiftieth year since
our English Presbyterian Church began work in this important although still little known island of the Pacific On turning over
the pages my young friends in the Church will have an eye mainly to those incidents which are amusing while other readers
including perhaps a few who do not habitually betake themselves to the perusal of such books may find some things which
are informing and of more enduring interest In any case I hope it may serve some useful purpose thus to furnish another
opportunity for seeing the Missionary with his Illustrated West of England and dog collar actually off so to speak thus to
submit these first hand statements regarding his methods of work his difficulties his encouragements and most important of
all regarding the way in which God is pleased to use weak things of the world for the accomplishment of His own great and
glorious purposes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more
