A Biblical Theology of the Doctrines of Sovereign Grace George J. Zemek, 2005-09-19 **Global Dictionary of Theology** William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context *A Biblical Theology of the Book of Isaiah* Douglas W. Kennard, 2020-04-29 Using a biblical theology method explained in SwJT 56 1 2013 227 57 this book reflects the content of the text of Isaiah within its Jewish Christian context

Reforming Theological Anthropology F. LeRon Shults, 2003-02-20 With the profound changes in today's intellectual and scientific landscape traditional ways of speaking about human nature sin and the image of God have lost their explanatory power In this volume F LeRon Shults explores the challenges to and opportunities for rethinking current religious views of humankind in contemporary Western culture From philosophy to theology from physics to psychology we find a turn to the categories of relationality Shults briefly traces this history from Aristotle to Levinas showing its impact on the Christian doctrine of anthropology and he argues that the biblical understanding of humanity has much to contribute to today's dialogue on persons and on human becoming in relation to God and others Shults's work stands as a potent effort to reform theological anthropology in a way that restores its relevance to contemporary interpretations of the world and our place in it Hope's Reason: A Journal of Apologetics Vol. 1 No. 1 Stephen J. Bedard (editor), 2011-02-05 In an increasingly skeptical world there is now more of a need than ever for quality apologetic resources defending the Christian faith The

purpose of this journal is to bridge the gap between the academy and the church equipping pastors and interested laypeople to present the Christian faith to an unbelieving world The Westminster Theological Wordbook of the Bible Donald E. Gowan,2003-01-01 In The Westminster Theological Wordbook of the Bible an outstanding group of biblical scholars explain key theological and ethical words of the Bible New Revised Standard Version In its exploring groups of related words and drawing the reader into the meanings of the original Hebrew Aramaic and Greek Gowan s Wordbook will prove immensely helpful in understanding important terms such as Just Kingdom of God Resurrection and Son of Man Theology and Practice in Early Christianity Troy W. Martin,2020-08-12 Early Christianity did not originate in a vacuum but in a world of linguistic social religious and cultural richness and diversity The twenty two seminal essays in this volume some previously published some newly written represent almost three decades of research by Troy W Martin to understand how early Christianity developed in the ancient world The broad ranging investigations in these essays give attention not only to the linguistic and rhetorical features of early Christian texts but also to the social philosophical physiological and medical contexts in which these texts were written The essays provide new understandings of early Christian conceptions of salvation and of the virtues of faith hope and love that characterized early Christian communities They include new medical and physiological explanations of early Christian sacraments pneumatology and eschatology and furthermore investigate early Christian communal life and practice including the veiling of women male female relationships and time keeping The essays include reception histories that describe their influence on subsequent research and place them within the context of contemporary research and scholarship Those familiar with the well trodden ground of New Testament studies will find in these essays new insights and previously unexplored comparative material for understanding early Christianity and the world in which it originated **Body, Soul, and Human Life (Studies in Theological Interpretation)** Joel B. Green,2008-07-01 Are humans composed of a material body and an immaterial soul This view is commonly held by Christians yet it has been undermined by recent developments in neuroscience Exploring what Scripture and theology teach about issues such as being in the divine image the importance of community sin free will salvation and the afterlife Joel Green argues that a dualistic view of the human person is inconsistent with both science and Scripture This wide ranging discussion is sure to provoke much thought and debate Bestselling books have explored the relationship between body mind and soul Now Joel Green provides us with a biblical perspective on these issues **Evangelical Dictionary of Theology (Baker Reference Library)** Walter A. Elwell,2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics Christian Eschatology and the Physical Universe David Wilkinson,2010-05-27 Does matter matter The scientific picture of the end of the physical Universe has undergone dramatic

changes since the turn of the 21st century with its future characterized by accelerated expansion and futility Yet Christian theology has been largely silent on this despite the interest in eschatology in popular culture and in theology itself What can Christian theology learn from and contribute to the scientific picture of the future of the Universe Can the biblical narratives of creation and new creation have a fruitful dialogue with scientific discoveries David Wilkinson shows what a fruitful dialogue this can be Critiquing the folk eschatology of the Left Behind series the misguided faith of the scientific optimists and the lack of scientific engagement of the theologians of hope Wilkinson argues for a rediscovery of the theological theme of new creation and the centrality of bodily resurrection *Exploring Christian Theology : Volume 2* Nathan D.

Holsteen, Michael J. Svigel, 2015-06-02 The Foundations of Theology in Everyday Language Dallas Seminary professors Nathan Holsteen and Michael Svigel are passionate about the key doctrines of Christianity They want readers to know why they re important and why they matter This volume includes two parts From Dust to Dust Creation Humanity and the Fall Wise Unto Salvation Gospel Atonement and Saving Grace The authors explore these important topics in a concise and highly readable style that makes sense whether you re a student of the Bible a pastor or someone who simply wants to know God better For each topic you ll find An introduction overview and review of the key points Several applicable Bible texts including verses to memorize A quick paced history of the doctrine Distortions to be aware of and avoid Reading lists for further study A glossary of theological terms Exploring Christian Theology is a wonderful doctrinal primer that teaches theology in a way that will engage you and cause you to reflect A great way to get acquainted with key biblical theological themes Darrell Bock Senior Research Professor Dallas Theological Seminary **Christian Philosophical Theology**

Stephen T. Davis, 2006-03-16 Christian Philosophical Theology constitutes a Christian philosopher s look at various crucial topics in Christian theology including belief in God the nature of God the Trinity christology the resurrection of Jesus the general resurrection redemption and theological method The book is tightly argued and amounts to a coherent explanation of and case for the Christian world view Although written from a broadly Reformed Protestant perspective and although the author does not avoid controversial topics the aim is to present a merely Christian world view to adapt slightly C S Lewis s famous term That is Stephen T Davis attempts to write as much as possible from the perspective of the broad centre of Christian understanding **Christian Theology, Volume Two** Thomas N. Finger, 2020-03-09 This is one of the first

systematic theologies written from a believer s church chiefly an Anabaptist Mennonite perspective Dr Finger develops his themes throughout the volume in careful dialogue with Reformed Lutheran Roman Catholic and other historic approaches The eschatological approach taken by Finger does not represent a fixation on future events Rather it represents a method of inquiry based on the early Christian conviction that the last things had already occurred through Jesus even though their effects were not yet fully realized Chief among these were the resurrection of the dead the outpouring of the Spirit the coming of God s kingdom and the defeat of the powers of evil After outlining this vantage point Volume I considered

eschatology revelation and the work of Christ in its light Volume II begins with anthropology Jesus human work provides the norm for authentic human being Justification comes next and is considered as the eschatological revelation and actualization of God's righteousness through the faithfulness of Jesus Christ After treating the dynamics of personal sanctification Dr Finger explores the context within which it is pursued the church His ecclesiology begins with mission including its approach to non Christian religions and the sociopolitical realm Volume II ends where most systematic theologies begin with God including the humanity and deity of Jesus Christ Thomas N Finger has undertaken an important task that is rarely attempted the production of a constructive systematic theology informed by judicious dialogue with current biblical scholarship Finger's methodological decision to adopt an eschatological approach enables him to work formally as well as materially from within a perspective shaped by the NT writers his innovative organization of the loci of Christian doctrine with its emphasis on the church as a community of believers living out the tensions between Christ's resurrection and Parousia is a direct result of taking the NT seriously Particularly noteworthy is his exposition of the doctrine of justification in the light of recent paradigm shifts in Pauline studies Finger's book is a productive and edifying work for all who care about the ongoing conversation between Scripture and systematics Richard Hays Duke Divinity School Thomas N Finger has chosen an approach to the systematic presentation of Christian Theology which I also have taken since the publication of my Theology of Hope in 1964 He begins with the goal with eschatology With that goal in mind a new light is cast on every single doctrine of Christian theology the light of redemption and the work of the theologian becomes a labor of hope This is a theology of the way With the kingdom of God kept steadily in view it becomes an invitation to walk the way of Jesus Tom Finger's theological prospectus makes a brilliant contribution to ecumenical theological dialogue from the Anabaptist tradition He offers an eschatologically oriented theology for which I can only congratulate him Jürgen Moltmann Professor of Theology University of Tübingen This volume is not only a contribution to the contemporary discussions in systematic theology It is also an important ecumenical breakthrough The Anabaptist tradition stands as an important dialogue partner in the quest for a common ground in the Christian faith Finger approaches the biblical faith from an eschatological viewpoint that is faithful to the Anabaptist tradition but in dialogue with Roman Catholic classical Protestant and contemporary scholars in both of these traditions He has begun a substantive conversation that will be important into the twenty first century Jeffrey Gros Former Director of the Commission on Faith Order National Council of Christian Churches USA

The Soul of Theological Anthropology Joshua R. Farris, 2016-11-25 Recent research in the philosophy of religion anthropology and philosophy of mind has prompted the need for a more integrated comprehensive and systematic theology of human nature This project constructively develops a theological accounting of human persons by drawing from a Cartesian as a term of art model of anthropology which is motivated by a long tradition As was common among patristics medievals and Reformed Scholastics Farris draws from philosophical resources to articulate Christian doctrine as he approaches theological anthropology

Exploring a substance dualism model the author highlights relevant theological texts and passages of Scripture arguing that this model accounts for doctrinal essentials concerning theological anthropology While Farris is not explicitly interested in thorough critique of materialist ontology he notes some of the significant problems associated with it Rather the present project is an attempt to revitalize the resources found in Cartesianism by responding to some common worries associated with it

A Critical Realist's Theological Method Douglas W. Kennard, 2013-02-21 A Critical Realist's Theological Method explores a systematic theology method grounded in critical realism in the wake of Alister McGrath Imre Lakatos Nancey Murphy N T Wright and Dale Allison Kennard surveys philosophical and traditional theological approaches for contributions and limitations in order to set out a method for theology and science Kennard extends this method to a Thiselton Ricoeur hermeneutic that can fund insightful exegesis and Biblical theology in the wake of Ladd Dunn Vos and Goldingay This Biblical theology method is illustrated by wisdom literature the traditional reef of the discipline and then developed for the contributions toward systematic theology as Gabler had originally envisioned With contextualized Scripture sourcing most of the content for systematic theology the trajectory is shown in the subtitle Returning the Bible and Biblical Theology to be the Framer for Theology and Science The method is exemplified in exegesis of creation texts which frame possibilities for science Likewise Biblical theology frames a bio ethics integration of psychology and theology setting out a transactional model for psychological recovery with University of Chicago professor Paul Holmes A theology for peer review and work is also framed

Whatever Happened to the Soul? Warren S. Brown, Nancey C. Murphy, H. Newton Malony, 1997-12-01 As science crafts detailed accounts of human nature what has become of the soul This collaborative project strives for greater consonance between contemporary science and Christian faith Outstanding scholars in biology genetics neuroscience cognitive science philosophy theology biblical studies and ethics join here to offer contemporary accounts of human nature consistent with Christian teaching Their central theme is a nondualistic account of the human person that does not consider the soul an entity separable from the body scientific statements about the physical nature of human beings are about exactly

the same entity as are theological statements concerning the spiritual nature of human beings For all those interested in fundamental questions of human identity posed by the present context this volume will provide a fascinating and authoritative resource

The Great Divide and the Salvation Paradox David P. Griffith, 2022-04-07 The church in its first centuries split on whether Christ saved everyone or a few Universalism versus Exclusivism In the sixth century the church settled the issue seemingly and held that Universalism was heresy This book reviews this history as well as what provoked it Scripture on its face gives two contradictory accounts of salvation s extent everyone is ultimately saved and everyone is not In contrast to both Exclusivism and Universalism the book takes Scripture s two accounts of salvation s extent as true that is as a paradox This is the approach the church has taken with other scriptural paradoxes Saying one God is three or one Son is both God and man appeared to be contradictory too but to embrace Scripture entirely these were seen as paradoxical The Trinity modeled how one can be three and the hypostatic union modeled how one can be two For the paradox of salvation s extent the answer lies in the individual s divisibility in the afterlife one can be two That is in ultimate salvation each individual can be both saved and unsaved
