Everyone to Skis! William D. Frank,2013-10-31 Nowhere in the world was the sport of biathlon a combination of cross country skiing and rifle marksmanship taken more seriously than in the Soviet Union and no other nation garnered greater success at international venues From the introduction of modern biathlon in 1958 to the USSR s demise in 1991 athletes representing the Soviet Union won almost half of all possible medals awarded in world championship and Olympic competition Yet more than sheer technical skill created Soviet superiority in biathlon The sport embodied the Soviet Union s culture educational system and historical experience and provided the perfect ideological platform to promote the state s socialist viewpoint and military might imbuing the sport with a Cold War sensibility that transcended the government s primary quest for post war success at the Olympics William D Frank s book is the first comprehensive analysis of how the Soviet government interpreted the sport of skiing as a cultural ideological political and social tool throughout the course of seven decades In the beginning the Soviet Union owned biathlon and so the stories of both the state and the event are inseparable Through the author s unique perspective on biathlon as a former nationally ranked competitor and current professor of Soviet history Everyone to Skis will appeal to students and scholars of Russian and Soviet history as well as to general readers with an interest in skiing and the development of twentieth century sport **Forthcoming Books** Rose Army,2003 **Ski** ,2002-01 **Skiing** ,2004-12 **Skiing Heritage Journal** ,2002-03 Skiing Heritage is a quarterly Journal of original entertaining and informative feature articles on skiing history Published by the International Skiing History Association its contents support ISHA s mission to preserve skiing history and to increase awareness of the sport s heritage **Skiing** ,2004-01 **Ski** ,2002-03 **Ski** ,2000-11 **Sports and Recreational Activities** Dale P. lifted the lid on their activities we saw what it was illegal practices dishonesty a disregard for the rights of ordinary people and an arrogant assumption of unaccountability Now the battle is on to decide whether anything will change and the editors and proprietors with their vast propaganda power are determined to ensure nothing will This book by a long time journalist who is a founder of the Hacked Off campaign paints a damning picture of press corruption and makes a passionate case for journalism that doesn't bully and lie journalism that is truly answerable to the public while remaining free from government interference We have a once in a lifetime opportunity to get this right and we must not allow powerful media corporations to snatch that chance from us *Ski* ,2002-07 *Skiing* ,2002-09 *Ski Area Management* ,2004 **On Everyone's Lips**
