Dancing Outside the Box Beth Valentine, 2013-12-18 Beth's mother loved to tell this story One morning when Beth was three or four years old she stepped out onto their front porch wearing coveralls A man approached on the sidewalk Seeing her he called out Hello little boy I am not a boy Beth called back I'm a girl Little girls don't wear coveralls he informed her This girl does she informed him That little girl supremely indifferent to popular opinion determined to think for herself and set her own rules has stayed alive in this author throughout her long very healthy and happy life This is a book of ideas The author tells of incidents in her own life and in the lives of family members and friends to illustrate these ideas In mid life she slowly changed from what is considered logical critical left brain thinking to emotional illogical right brain thinking dismantling her left brain beliefs brick by brick and replacing them with what many in the western world would consider weird nonsense She developed psychic powers was repeatedly amazed at the power and range of human consciousness and began to live in a bright new world filled with surprises and certainties a magical wonder filled world

Drypoint Jamie McKendrick, 2024-07-30 Jamie McKendrick's *Drypoint* depicts the turbulent present with incisive detail while often taking us back to an equally conflictual Biblical or classical world Acute and stoical in tone these poems transport us by bus or ferry or ghostly Rolls Royce to the cobbled streets of Ferrara the once Greek port of Smyrna the bombed acres of Liverpool and Mariupol and to places not to be found on any map places where North was south being lost like this Like his immigrant muntjac the poet disregards walls and fences and breaks through the borders of our ruled enclosures The presence of translations from poets ancient and modern is another example of the way space and time are here collapsed and reconfigured in a language rich with associations historical and vernacular

Breathtaking and moving Awais Khan Authentic and tender Carmel Harrington Forgetting your past is one thing but living with your present is entirely different Twenty years ago Helen is forced to give up her newborn baby Lily Now living alone in her small flat there is a knock at the door and her bee her Lily is standing in front of her Reuniting means the world to them both but Lily has questions Lots of them Questions that Helen is unwilling to answer In turn Helen watches helplessly as her headstrong daughter launches from relationship to relationship from kind Andrew the father of her daughter to violent Kingsley who fathers her son When it s clear her grandbees are in danger tangled up in her daughter s damaging relationship Helen must find the courage to step in confronting the fears that haunt her the most Told in Helen s quirky voice Helen and the Grandbees addresses matters of identity race and mental illness Breathtaking and moving Helen and the Grandbees is a novel that bravely explores themes of familial discord race and love in modern Britain It is a book that immediately gripped me compelling me to keep turning the pages well into the night Morrall writes with confidence poise and a sense of humour to match At times heartbreaking and heartwarming this is a novel readers won t soon forget A riveting debut Awais Khan author of In the Company of Strangers Alex can write she has a way a bit like playwright Mike Leigh of zooming into the tiniest seemingly mundane physical details of a situation and in so doing conveying the complexity circularity and pattern of relationship and emotion There is a humanity and a realism about her writing that Is far from commonplace despite the fact that when you read about the people and situations in her storytelling they are instantly recognisable Helen and the Grandbees is unbearably sad but because Alex manages the seemingly impossible feat of introducing hope right from the start it is possible to read and read on with curiosity and enjoyment Dr Kairen Cullen Writer and Psychologist Authentic and tender This utterly moving novel has created an unforgettable heroine in Helen I held my breath as her troubled life unfolded and wanted only the best for her and her grandbees This gorgeous book is not just an exploration of identity race and mental health but also one about family love sacrifice and bravery I loved it Carmel Harrington International Bestselling Author What an honor and privilege it has been to read Helen and the Grandbees I

enjoyed it immensely Every single character was memorable and felt completely genuine Alex Morrell is a hugely talented author with a gift for drawing characters of vastly different ages and from various backgrounds and social classes This is the type of novel that will stick with me for a long time Mary Rowen author of Leaving the Beach

Business Torts: A Fifty-State Guide, 2017 Edition (IL) Daller,2016-12-21 There is a great wealth of diversity in the business tort laws of all fifty states and the District of Columbia The new 2017 Edition of Business Torts A Fifty State Guide helps you quickly assess the merits and pitfalls of litigation in any given jurisdiction allowing you to make the best decisions for your clients In addition to the very significant differences in the statutes of limitation other significant differences include Some states have not recognized a cause of action for negligent interference with an economic advantage Negligent misrepresentation in one state is limited to claims against persons in the business of supplying information to others One state recognizes a cause of action for strict responsibility misrepresentation Another state recognizes claims of prima facie tort for wrongs that do not fit into traditional tort categories And these are only a few examples of the more significant differences

Out There Jamie McKendrick,2012-10-04 Jamie McKendrick s sixth collection starts from the far flung out there is the nothing or the something of outer space ascertaining the mood of an observer on Uranus or the perils of medieval travel or listening for the speech of alien landscapes Closer to home the poems adopt an outsiderish stance as they ponder the business of non belonging and draw up wry inventories of marginality finding room for those whom history has forgotten the inhabitants of a drowned valley in Wales or equally for the outcasts of natural history the northern bald ibis the hyena the moa whose skeletons are cairns to their own extinction But the poems themselves are vivid and stubbornly realised individuals they take short views make canny distinctions and tread carefully Invoking paintings and artefacts and facades they also add to an ongoing portrait of the artist caught for example amidst the patiently observed flotsam of a repeatedly flooding house which becomes more finely drawn with each of Jamie McKendrick s collections
