Slovak National Awakening:

The Slovak National Awakening Peter Brock, 1976 *The Slovak National Awakening* Peter Brock, 1976 *The Slovak National Awakening* Peter Brock, 1976-12-15 The Slovaks lived under Hungarian rule for centuries with no clear sense of political separateness preserving Slovak as their spoken language but using Czech as their written language In the last decades of the 18th and the first half of the 19th centuries the efforts made by clerical intellectuals to develop a language more closely attuned to Slovak needs led to the rise of Slovak nationalism The Slovak National Awakening describes the three major stages in the development of national consciousness In the 1780s Catholic intellectuals began to write in the vernacular a Catholic priest Bernolík produced a Slovak grammar and dictionary and an influential treatise in defence of Slovak as a language separate from Czech However while Slovak ethnic distinctness was being asserted the sense of belonging to the Hungarian nation was not questioned The next steps were taken by the Protestant intelligentsia who had been pro Czech since the Reformation Influenced by German concepts of linguistic nationalism they began to assert Slovak cultural and linguistic separateness but still within the political framework of the Hungarian State The third stage in the Slovak Awakening came in the mid 1840s when a group of young Protestant intellectuals led by Ľudovít Štúr rejected their predecessors Czechoslovakism and advocated a Slovak language and a Slovak nationality In 1851 the Catholic Bernolík and the Protestant Štúr were able to agree on the language that became the basis of modern Slovak This study of the relation between language and nationalism will appeal to specialists in European history and will be of interest for the light it throws on modern separatists and anti imperialist movements *The Slovak National Awakening* Peter Brock, 1976 The Slovak National Awakening describes the three major stages in the development of national consciousness **Defining the Sovereign Community** Nadya Nedelsky, 2012-02-28 Though they shared a state for most of the twentieth century when the Czechs and Slovaks split in 1993 they founded their new states on different definitions of sovereignty The Czech Constitution employs a civic model founding the state in the name of the citizens of the Czech Republic while the Slovak Constitution uses the more exclusive ethnic model and speaks in the voice of the Slovak Nation Defining the Sovereign Community asks two central questions First why did the two states define sovereignty so differently Second what impact have these choices had on individual and minority rights and participation in the two states Nadya Nedelsky examines how the Czechs and Slovaks understood nationhood over the course of a century and a half and finds that their views have been remarkably resilient over time These enduring perspectives on nationhood shaped how the two states defined sovereignty after the Velvet Revolution which in turn strongly affected the status of the Hungarian minority in Slovakia and the Roma minority in the Czech Republic Neither state has secured civic equality but the nature of the discrimination against minorities differs Using the civic definition of sovereignty offers stronger support for civil and minority rights than an ethnic model does Nedelsky's conclusions challenge much analysis of the region which tends to explain ethnic politics by focusing on postcommunist

factors especially the role of opportunistic political leaders Defining the Sovereign Community instead examines the undervalued historical roots of political culture and the role of current constitutional definitions of sovereignty Looking ahead Nedelsky offers crucial evidence that nationalism may remain strong in Slovakia and the Czech Republic even in the face of democratization and EU integration and is an important threat to both

The Making of the Slovak People's Party

Thomas Lorman, 2019-05-30 Winner of the BASEES George Blazys Prize In 1945 just six years after coming to power the Slovak People's Party SLS was disbanded as a criminal organisation and its leader Jozef Tiso hanged for treason What made it possible for the SLS initially founded in 1905 by priests to represent the Catholic Slovak minority residing in the north of the Kingdom of Hungary to form an openly pro Nazi government in 1939 And what put Slovakia on the path to a fascism that would see more than 45 000 Jews deported to their deaths in 1942 To answer these questions Thomas Lorman draws on more than a decade's research in archives across the region in Hungarian Slovak and Latin and studies the party's formative years in depth for the first time in English Lorman examines the various strands which fused to form the party and its popularity including a complex and nebulous nationalism Catholicism and a resounding mistrust of liberalism and modernity The Making of the Slovak People's Party is a vital and timely study of the genesis and success of far right movements that will be essential reading for all scholars working on 20th century Eastern European history nationalism and the interplay of religion and politics

Young Europe and the Birth of Modern Nationalism in the Slavic World Anna Procyk, 2019-10-25 Giuseppe Mazzini's *Young Europe and the Birth of Modern Nationalism in the Slavic World* examines the intellectual currents in Eastern Europe that attracted educated youth after the Polish Revolution of 1830 1 Focusing on the political ideas brought to the Slavic world from the West by Polish migr conspirators Anna Procyk explores the core message that the Polish revolutionaries carried a message based on the democratic principles espoused by Young Europe's founder Giuseppe Mazzini Based on archival sources as well as well documented publications in Eastern Europe this study highlights that the national awakening among the Czechs Slovaks and Galician Ukrainians was not just cultural as is typically assumed but political as well The documentary sources testify that at its inception the political nationalism in Eastern Europe founded on the humanistic ideals promoted by Mazzini was republican democratic in nature and that the clandestine groups in Eastern Europe were cooperating with one another through underground channels It was through this cooperation during the 1830s that the better educated Poles and Ukrainians in the political underground tied to Young Europe became aware that the interests of their nations bound together by the forces of history and political necessity were best served when they worked closely together

Bulgaria, Hungary, Romania, the Czech Republic, and Slovakia Britannica Educational Publishing, 2013-06-01 Bulgaria Hungary Romania the Czech Republic and Slovakia share a remarkably similar trajectory on their individual paths to becoming the nations they are today Each had ties to the Roman Byzantine and Ottoman empires in earlier times all became Eastern bloc countries in the 20th century and all successfully emerged from Communist rule in the late 20th and early 21st centuries These multi layered lands where folk traditions still exist alongside the hallmarks of modern life and the remnants of communist rule are the subjects of this sweeping tome
