Social Control In Europe 1500 1800 The History Of Crime And Criminal Justice:

Social Control in Europe: 1500-1800 Herman Roodenburg, 2004 This first volume of a two volume collection of essays provides a comprehensive examination of the idea of social control in the history of Europe The uniqueness of these volumes lies in two main areas First the contributors compare methods of social control on many levels from police to shaming church to guilds Second they look at these formal and informal institutions as two way processes Unlike many studies of social control in the past the scholars here examine how individuals and groups that are being controlled necessarily participate in and shape the manner in which they are regulated Hardly passive victims of discipline and control these folks instead claimed agency in that process accepting and resisting and thus molding the controls under which they functioned The essays in this volume focus on the interplay of ecclesiastical institutions and the emerging states examining discipline from a bottom up perspective Book jacket

The Oxford Handbook of the History of Crime and Criminal Justice Paul Knepper, Anja Johansen, 2016-04-15 The historical study of crime has expanded in criminology during the past few decades forming an active niche area in social history Indeed the history of crime is more relevant than ever as scholars seek to address contemporary issues in criminology and criminal justice Thus The Oxford Handbook of the History of Crime and Criminal Justice provides a systematic and comprehensive examination of recent developments across both fields Chapters examine existing research explain on going debates and controversies and point to new areas of interest covering topics such as criminal law and courts police and policing and the rise of criminology as a field This Handbook also analyzes some of the most pressing criminological issues of our time including drug trafficking terrorism and the intersections of gender race and class in the context of crime and punishment The definitive volume on the history of crime The Oxford Handbook of the History of Crime and Criminal Justice is an invaluable resource for students and scholars of criminology criminal justice and legal history

Social Control in Europe Petrus Cornelis Spierenburg, Herman Roodenburg, 2004 This two volume collection of essays provides a comprehensive examination of the idea of social control in the history of Europe The uniqueness of these volumes lies in two main areas First the contributors compare methods of social control on many levels from police to shaming church to guilds Second they look at these formal and informal institutions as two way processes Unlike many studies of social control in the past the scholars here examine how individuals and groups that are being controlled necessarily participate in and shape the manner in which they are regulated Hardly passive victims of discipline and control these folks instead claimed agency in that process accepting and resisting and thus molding the controls under which they functioned In both volumes an introduction outlines the origins and the continuing value of the concept of social control The introductions are followed by two substantive sections The essays in part one of volume I focus on the interplay of ecclesiastical institutions and the emerging states those in part two of volume I look more explicitly at discipline from a bottom up perspective The essays in part one of volume 2 explore the various means by which communities generally

working class communities in nineteenth and twentieth century Europe were subjected to forms of discipline in the workplace by the church and by philanthropic housing organizations It notes also how the communities themselves generated their own forms of internal control Part two of volume 2 focuses on various policing institutions exploring in particular the question of how liberal and totalitarian regimes differed in their styles of control repression and surveillance

Violence in Early Modern Europe 1500-1800 Julius R. Ruff,2001-10-04 A broad ranging survey of violence in western Europe from the Reformation to the French Revolution Julius Ruff summarises a huge body of research and provides readers with a clear accessible and engaging introduction to the topic of violence in early modern Europe His book enriched with fascinating illustrations underlines the fact that modern preoccupations with the problem of violence are not unique and that late medieval and early modern European societies produced levels of violence that may have exceeded those in the most violent modern inner city neighbourhoods Julius Ruff examines the role of the emerging state in controlling violence the roots and forms of the period s widespread interpersonal violence violence and its impact on women infanticide and rioting This book in the successful textbook series New Approaches to European History will be of great value to students of European history criminal justice sciences and anthropology

Crime, Gender and Social Control in Early Modern Frankfurt am Main Jeannette Kamp,2019-12-09 This book charts the lives of suspected thieves illegitimate mothers and vagrants in early modern Frankfurt The book highlights the gender differences in recorded criminality and the way that they were shaped by the local context Women played a prominent role in recorded crime in this period and could even make up half of all defendants in specific European cities At the same time there were also large regional differences Women s crime patterns in Frankfurt were both similar and different to those of other cities Informal control within the household played a significant role and influenced the prosecution patterns of authorities This impacted men and women differently and created clear distinctions within the system between settled locals and unsettled migrants

Crime, Law and Popular Culture in Europe, 1500-1900 Richard McMahon,2013-06-17 This book explores the relationship between crime law and popular culture in Europe from the sixteenth century onwards How was crime understood and dealt with by ordinary people and to what degree did they resort to or reject the official law and criminal justice system as a means of dealing with different forms of criminal activity Overall the volume will serve to illuminate how experiences of and attitudes to crime and the law may have corresponded or differed in different locations and contexts as well as contributing to a wider understanding of popular culture and consciousness in early modern and modern Europe

Everyday Crime, Criminal Justice and Gender in Early Modern Bologna

Sanne Muurling, 2020-12-15 Female protagonists are commonly overlooked in the history of crime especially in early modern Italy where women's scope of action is often portrayed as heavily restricted This book redresses the notion of Italian women's passivity arguing that women's crimes were far too common to be viewed as an anomaly Based on over two thousand criminal complaints and investigation dossiers Sanne Muurling charts the multifaceted impact of gender on patterns of recorded crime in early modern Bologna While various socioeconomic and legal mechanisms withdrew women from the criminal justice process the casebooks also reveal that women as criminal offenders and savvy litigants had an active hand in keeping the wheels of the court spinning

Norbert Elias in Troubled Times Florence Delmotte, Barbara Górnicka, 2021-08-02 This edited collection brings together texts that discuss current major issues in our troubled times through the lens of Norbert Elias's sociology It sheds light on both the contemporary world and some of Elias's most controversial concepts Through examination of the current affairs political and social contemporary changes the authors in this collection present new and challenging ways of understanding these social processes and figurations Ultimately the objective of the book is to embrace and utilise some of the more polemical aspects of Elias's legacy such as the exploration of decivilizing processes decivilizing spurts and dys civilization It investigates to what extent Elias's sociological analyses are still applicable in our studies of the developments that mark our troubled times It does so through both global and local lenses theoretically and empirically and above all by connecting past present and possible futures of all human societies

Women's Criminality in Europe, 1600-1914 Manon van der Heijden, Marion Pluskota, Sanne Muurling, 2020-01-30 Places female criminality within its everyday context bringing together the most current research on crime and gender

A History of Infanticide in Britain, c. 1600 to the Present A. Kilday, 2013-06-14 The killing of new born children is an intensely emotional and emotive subject The hidden nature of this crime has made it an area incredibly difficult subject area for historians to approach up until now This work provides the first detailed history of infanticide in mainland Britain from 1600 to the modern era

The Corrigible and the Incurable Greg Eghigian, 2015-09-23 Explores how the social sciences and clinical medicine contributed to the understanding and treatment of offenders in three disparate political regimes

Fatal Love Victor Uribe-Uran, 2015-12-16 One night in December 1800 in the distant mission outpost of San Antonio in northern Mexico Eulalia Californio and her lover Primo plotted the murder of her abusive husband While the victim was sleeping Primo and his brother tied a rope around Juan Californio's neck One of them sat on his body while the other pulled on the rope and the woman grabbing her husband by the legs pulled in the opposite direction After Juan Californio suffocated Eulalia ran to the mission and reported that her husband had choked while chewing tobacco Suspicious the mission priests reported the crime to the authorities in charge of the nearest presidio For historians spousal murders are significant for what they reveal about social and family history in particular the hidden history of day to day gender relations conflicts crimes and punishments Fatal Love examines this phenomenon in the late colonial Spanish Atlantic focusing on

incidents occurring in New Spain colonial Mexico New Granada colonial Colombia and Spain from the 1740s to the 1820s In the more than 200 cases consulted it considers not only the social features of the murders but also the legal discourses and judicial practices guiding the historical treatment of spousal murders helping us understand the historical intersection of domestic violence private and state church patriarchy and the law *Criminology* Eamon Carrabine,Pam Cox,Isabel Crowhurst,Anna Di Ronco,Pete Fussey,Anna Sergi,Nigel South,Darren Thiel,Jackie Turton,2020-03-24 Comprehensive critical and accessible Criminology A Sociological Introduction offers an authoritative overview of the study of criminology from early theoretical perspectives to pressing contemporary issues such as the globalisation of crime crimes against the environment terrorism and cybercrime Authored by an internationally renowned and experienced group of authors in the Department of Sociology at the University of Essex this is a truly international criminology text that delves into areas that other texts may only reference It includes substantive chapters on the following topics Histories of crime Theoretical approaches to crime and the issue of social change Victims and victimisation Crime emotion and social psychology Drugs alcohol health and crime Criminal justice and the sociology of punishment Green criminology Crime and the media Terrorism state crime and human rights The new edition fuses global perspectives in criminology from the contexts of post Brexit Britain and America in the age of Trump and from the Global South It contains new chapters on cybercrime crimes of the powerful organised crime life course approaches to understanding delinquency and desistance and futures of crime control and criminology Each chapter includes a series of critical thinking questions suggestions for further study and a list of useful websites and resources The book also contains a glossary of the criminological terms and concepts used in the book It is the perfect text for students looking for a broad critical and international introduction to criminology and it is essential reading for those looking to expand their criminological imagination **Crime Control and Everyday Life in the Victorian City** David

Churchill,2017-12-29 The history of modern crime control is usually presented as a narrative of how the state wrested control over the governance of crime from the civilian public Most accounts trace the decline of a participatory discretionary culture of crime control in the early modern era and its replacement by a centralized bureaucratic system of responding to offending The formation of the new professional police forces in the nineteenth century is central to this narrative henceforth it is claimed the priorities of criminal justice were to be set by the state as ordinary people lost what authority they had once exercised over dealing with offenders This book challenges this established view and presents a fundamental reinterpretation of changes to crime control in the age of the new police It breaks new ground by providing a highly detailed empirical analysis of everyday crime control in Victorian provincial cities revealing the tremendous activity which ordinary people displayed in responding to crime alongside a rich survey of police organization and policing in practice With unique conceptual clarity it seeks to reorient modern criminal justice history away from its established preoccupation with state systems of policing and punishment and move towards a more nuanced analysis of the governance of crime More widely the

book provides a unique and valuable vantage point from which to rethink the role of civil society and the state in modern governance the nature of agency and authority in Victorian England and the historical antecedents of pluralized modes of crime control which characterize contemporary society **Making Murder Public** K. J. Kesselring, 2019-01-31 Homicide has a history In early modern England that history saw two especially notable developments one the emergence in the sixteenth century of a formal distinction between murder and manslaughter made meaningful through a lighter punishment than death for the latter and two a significant reduction in the rates of homicides individuals perpetrated on each other Making Murder Public explores connections between these two changes It demonstrates the value in distinguishing between murder and manslaughter or at least in seeing how that distinction came to matter in a period which also witnessed dramatic drops in the occurrence of homicidal violence Focused on the politics of murder Making Murder Public examines how homicide became more effectively criminalized between 1480 and 1680 with chapters devoted to coroners inquests appeals and private compensation duels and private vengeance and print and public punishment The English had begun moving away from treating homicide as an offence subject to private settlements or vengeance long before other Europeans at least from the twelfth century What happened in the early modern period was in some ways a continuation of processes long underway but intensified and refocused by developments from 1480 to 1680 Making Murder Public argues that homicide became fully public in these years with killings seen to violate a king's peace that people increasingly conflated with or subordinated to the public peace or public justice **Homicide in Pre-famine and Famine Ireland** Richard McMahon (Research fellow), 2013 The book provides a quantitative and contextual analysis of homicide in pre Famine and Famine Ireland placing the Irish experience within a comparative framework and drawing wider inferences about the history of interpersonal violence in Europe and beyond **Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies **Crime, Society and the Law in Renaissance Italy** Trevor Dean, K. J. P. Lowe, 1994-04-14 Drawing on a wide body of internationally renowned scholars including a core of Italians this volume focuses on new material and puts crime and disorder in Renaissance Italy firmly in its political and social context All stages of the judicial process are addressed from the drafting of new laws to the rounding up of bandits Attention is paid both to common crime and to more historically specific

crimes such as sumptuary laws Attempts to prevent or suppress disorder in private and public life are analysed and many different types of crime from the sexual to the political and from the verbal to the physical are considered In sum the volume aims to demonstrate the fundamental importance of crime and disorder for the study of the Italian Renaissance It is the only single volume treatment available of the subject in English Other books have studied crime in a single city or single types of crime but few have presented a cross section of articles which deploy diverse methodological approaches in material from many parts of the peninsula

Gender and Petty Violence in London, 1680-1720 Jennine Hurl-Eamon, 2005 Looking at a heretofore overlooked set of archival records of London in the late 17th and early 18th centuries Hurl Eamon reassesses the impact of gender on petty crime and its prosecution during the period This book offers a new approach to the growing body of work on the history of violence in past societies By focusing upon low cost prosecutions in minor courts Hurl Eamon uncovers thousands of assaults on the streets of early modern London Previous histories stressing the masculine nature of past violence are questioned here women perpetrated one third of all assaults In looking at more mundane altercations rather than the homicidal attacks studied in previous histories the book investigates violence as a physical language with some forms that were subject to gender constraints but many of which were available to both men and women Quantitative analyses of various circumstances surrounding the assaults including initial causes weapons used and injuries sustained outline the patterns of violence as a language Hurl Eamon also stresses the importance of focusing on the prosecutorial voice In bringing the court s attention to petty attacks thousands of early modern men and women should be seen as agents rather than victims This view is especially interesting in the context of domestic violence where hundreds of wives and servants prosecuted patriarchs for assault and in the Mohock Scare of 1712 where London s populace rose up in opposition to aristocratic violence The discussion is informed by a detailed knowledge of assault laws and the rules governing justices of the peace
