residents as well as the medical familial psychological cultural and financial issues that influence decision making about end of life care The book is designed to be a tool to prepare social workers to advocate for a greater incorporation of palliative care and psychosocial care into the culture of nursing home care The book includes discussions of the psychosocial needs of nursing home residents and families the financing of long term care and end of life care ethical issues in chronic care and end of life trends and characteristics in nursing home care rituals and grief at end of life and considerations for the future Each chapter includes case examples to further illustrate points made

Teaching Gerontological Social Work ,1999

101 Social Work Clinical Techniques Francis J. Turner, William Rowe, 2013-05-08 The purpose of the book is to enhance the concept of Technique in the teaching and practice of Social Work Over the years Technique has not been stressed as a part of practice even though the actual practice of Social Work consists of the utilization of techniques in addition to theory and the process of assessment and diagnosis The book seeks to achieve its goal in four ways It addresses the way the concept of Tchnique has or has not been used over the years It addresses the need for a clear definition of technique It analysis the qualities that Technique should have at this point in our history of clinical practice It then formulates and presents a definition of technique for our thesis based on this definition It then presents a brief discussion of 101 Techniques discussed in contemporary literature by discussing each one s place in practice a bit about its history and necessary knowledge skills to use responsibly It addresses the latter by grouping a level of risk involved in its utilization Gerontological Social Work in Action Wendy Hulko, Shari Brotman, Louise Stern, Ilyan Ferrer, 2019-12-06 Gerontological Social Work in Action introduces anti oppression gerontology AOG a critical approach to social work with older adults their families and communities AOG principles are applied to direct and indirect practice and a range of topics of relevance to social work practice in the context of a rapidly aging and increasingly diverse world Weaving together stories from diverse older adults theories research and practical tools this unique textbook prompts social workers to think differently and push back against oppressive forces It pays attention to issues realities and contexts that are largely absent in social work education and gerontological practice including important developments in our understanding of age ism theories of aging and social work sites and sectors of health and social care managing risk and frailty moral ethical and legal questions about aging including medical assistance in dying caregiving dementia and citizenship trauma and much more This textbook should be considered essential reading for social work students new to or seeking to specialize in aging as well as those interested in the application of anti oppressive principles to working with older adults and researching later life Implementing the Primary Health Care approach: a primer World Health Organization, 2024-05-15 This Primer is about the how of primary health care PHC and brings together best practices and knowledge that countries have generated through natural experiments in strengthening PHC with the best available research evidence Despite the progress made towards PHC globally the concept is still often misunderstood even within the public health community The Primer offers a contemporary understanding of PHC and more

conceptual clarity for strengthening PHC oriented health systems It does so by consolidating both scientific evidence and an extensive sample of practical experiences across countries for the needed evidence to address practical implementation issues The Primer is organized in three parts Part I explains the PHC approach its history core concepts and rationale and draws out lessons for transformation Part II addresses operational and strategic levers that make PHC work It covers governance financing and human resources for health medicines health technology infrastructure and digital health and their role in implementing change Part III concludes with a cross cutting view of the impacts of PHC on the health system efficiency quality of care equity access financial protection and health systems resilience including in the face of climate change **NHSQIC Annual Bibliography** National Health Standards and Quality Information Clearinghouse (U.S.),1981

Families Caring for an Aging America National Academies of Sciences, Engineering, and Medicine, Health and Medicine Division, Board on Health Care Services, Committee on Family Caregiving for Older Adults, 2016-12-08 Family caregiving affects millions of Americans every day in all walks of life At least 17 7 million individuals in the United States are caregivers of an older adult with a health or functional limitation The nation s family caregivers provide the lion s share of long term care for our older adult population. They are also central to older adults access to and receipt of health care and community based social services Yet the need to recognize and support caregivers is among the least appreciated challenges facing the aging U S population Families Caring for an Aging America examines the prevalence and nature of family caregiving of older adults and the available evidence on the effectiveness of programs supports and other interventions designed to support family caregivers. This report also assesses and recommends policies to address the needs of family caregivers and to minimize the barriers that they encounter in trying to meet the needs of older adults Social Work Practice with the LGBTQ Community Michael P. Dentato, 2017-10-10 Social Work Practice with the LGBTQ Community aims to weave together the realms of sociopolitical historical and policy contexts in order to assist readers with understanding the base for effective and affirming health and mental health practice with diverse members of the LGBTQ community Comprised of chapters written by social work academics and their allies whose combined knowledge in the field spans decades of direct experience in human behavior practice policy and research this book features applicable and useful content for social work students and practitioners across the allied health and mental health professions as well as across disciplines The expansive practice text examines international concerns and content associated with the LGBTQ movement and ongoing needs related to health mental health policy and advocacy among other areas of concern Specific highlights of the chapters include narrative that blends conceptual theoretical and empirical content examination of current trends in the field related to practice considerations and intersectionality and snapshots of concerns related to international progress and ongoing challenges related to equality and policy Additionally as a classroom support for instructors each chapter has a corresponding power point presentation which includes a resource list pertaining to that chapter's focus with websites film
