

FAMILY MATTERS

Social Engineering In Family Matters

Jerome E. Lord

Social Engineering In Family Matters:

Social Engineering in Family Matters Burton Mindick,1986 Family Matters Alfred White Franklin,2013-10-22 Family Matters Perspectives on the Family and Social Policy covers the proceedings of the Symposium on Priority for the Family The book examines how a family might be strengthened and how any stresses society imposes on the family might be lightened The text consists of 20 chapters and discusses several issues concerning the family as a social unit such as environmental factors socio economic stress housing conditions poverty unemployment and the lack of options The book will be of great interest to readers concerned with the implications of social norms and standards for the family as a social unit Inventing the Modern American Family Isabel Heinemann,2012-05 Family is the foundation of society and debates on family norms have always touched the very heart of America This volume investigates the negotiations and transformations of family values and gender norms in the twentieth century as they relate to the overarching processes of social change of that period By combining long term approaches with innovative analysis Inventing the Modern American Family transcends not only the classical dichotomies between women s studies and masculinity studies but also contribute substantially to the history of gender and culture in the United States **Family Matters** Nkiru Uwechia Nzegwu,2012-02-01 Prior to European colonialism Igbo land a region in Nigeria was a nonpatriarchal nongendered society governed by separate but interdependent political systems for men and women In the last one hundred fifty years the Igbo family has undergone vast structural changes in response to a barrage of cultural forces Critically rereading social practices and oral and written histories of Igbo women and the society Nkiru Uwechia Nzegwu demonstrates how colonial laws edicts and judicial institutions facilitated the creation of gender inequality in Igbo society Nzegwu exposes the unlikely convergence of Western feminist and African male judges assumptions about traditional African values where women are subordinate and oppressed Instead she offers a conception of equality based on historical Igbo family structures and practices that challenges the epistemological and ontological bases of Western feminist inquiry **Family Values** Isabel Heinemann,2023-10-04 Clashes over the American family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families to American society This is the insight underpinning Isabel Heinemann s groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment Unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change normative shifts and the counter movements spawned in response to them **Family Matters** Hilde Løvdal Stephens,2019-10-15 The first full length study of a pivotal figure in American evangelical faith James Dobson child psychologist author radio personality and founder of the Christian conservative organization Focus on the Family published his first book Dare to Discipline in 1970 and quickly became the go to family

expert for evangelical parents across the United States as American evangelicalism rose as a major political force. The family expert became a leading voice in the Reagan Revolution and played a role in making American evangelicals even more firmly associated with the Republican Party. Dobson's principle beliefs are that the family is the center of Christian America and that the traditional family must be defended from perceived threats such as gay rights, feminism, abortion, and the secularization of public schools. Dobson and Focus on the Family dominated Christian media through print, radio, and online venues, and their message reached millions of American evangelical households, shaping the cultural sensibilities and political attitudes of evangelical families throughout the culture wars from the 1980s into the 2000s.

Family Matters: James Dobson and Focus on the Family's Crusade for the Christian Home by Hilde L. Vdahl Stephens is an insightful history and analysis of James Dobson's rise to fame, effect on American evangelical culture, and subsequent descent from relevance. Extensively researched, L. Vdahl Stephens scoured through Dobson's books, articles, and other materials published by Focus on the Family in order to explore how evangelicals defined and defended the traditional family as an ideal and as a symbol in an ever-changing world. By contextualizing the history of Dobson's reign, L. Vdahl Stephens's discerning analysis fills an important gap in our understandings of the politics and culture of late twentieth-century conservative Christianity in the United States. She explores complex topics ranging from Dobson's celebration of what he believes are timeless biblical values such as maintaining strict and defined gender roles to the ways Dobson and Focus on the Family balanced their basic ideals with real everyday lives of average American evangelical families facing the realities of divorce, working mothers, and other perceived threats to the traditional family. Annual Advances in Applied Developmental Psychology, 1987. *Family Relations*.

Timothy H. Brubaker, 1992-10-26. As the social world of American families feverishly changes, single-parent families, dual-career couples, and blended families have quickly become the norm rather than the exception. In *Family Relations*, a distinguished group of leading family researchers including Joan Huber, David Olson, Hamilton McCubbin, and Marilyn Coleman examines the social changes that have gripped society and explains their impact on family relationships and functioning. Initial chapters address principal theories of change; the remainder of the volume addresses the predominant challenges facing contemporary families, such as work-family interface, violence, family dysfunction, family crisis, divorce, and the transition to marriage and parenthood. The contributors make suggestions for change in family policy, family therapy, and family life education and conclude with an overview of the current state of families and future directions. This comprehensive and interesting volume is for students, family researchers, sociologists, psychologists, counselors, family life educators, and policy analysts. True to its aim, it informs about the latest understandings and tools of intervention to help overcome the formidable challenges to the family; there is some worthy scholarship to be found in this volume.

Chapter 3 on gender and role change is a lively and readable summary. *British Journal of Social Work*. This volume has much to offer. For example, the volume contains demographic information often needed by practitioners and policymakers at a moment's notice. Literature

reviews not only summarize research on a particular topic but also are organized around a theoretical framework Well known authors have contributed scholarly insightful commentaries on current family issues and challenges for the future In short this book provides information that practitioners and policymakers could use to do the following establish the need and rationale for programming and applied research justify the expenditure of funds for children and families ground their work in theory and research conduct in service education and consider program evaluation strategies This book is well written and provides a valuable resource for the intended readership I look forward to the second volume Journal of Marriage and the Family

The International Handbook of Sociology Stella R Quah, Arnaud Sales, 2000-09-19 The most up to date survey of the range of research in contemporary sociology extremely useful to students teachers and researchers alike Indispensable for collective and personal libraries Immanuel Wallerstein Maison des Sciences de l Homme Paris This unique Handbook provides state of the art reviews of sociology conducted by prominent scholars Drawing on dedicated knowledge and expertise the book constitutes an unrivalled guide to the central theoretical and methodological perspectives in the discipline as a whole The book is organized into six parts o conceptual perspectives o social and cultural differentiation o changing institutions and collective action o demography cities and housing o art and leisure o social problems Each chapter includes a comprehensive review of the literature covering the full range of work from contrasting traditions of thought and approaches No existing work matches this Handbook for scholarly coverage and relevance It is a primary resource for understanding the discipline As such it will appeal to lecturers researchers and advanced graduate and undergraduate students in Sociology

The Social Engineer Edwin Lee Earp, 1911 Family Literacy Jerome E. Lord, 1996-07 Explains the supported and expanded reforms designed to broaden every family s access to education Focuses on the production research and information on innovative programs and practices including substantive creative user friendly research that is especially important in the field of family literacy Includes cultural accommodation and family literacy parent and child interactions intergenerational transfer of literacy teaching parenting and basic skills to parents designing and conducting family literacy programs and more

Quiverfull Kathryn Joyce, 2009 Kathryn Joyce s fascinating introduction to the world of the patriarchy movement and Quiverfull families examines the twenty first century women and men who proclaim self sacrifice and submission as model virtues of womanhood and as modes of warfare on behalf of Christ Here women live within stringently enforced doctrines of wifely submission and male headship and live by the Quiverfull philosophy of letting God give them as many children as possible so as to win the religion and culture wars through demographic means From the Trade Paperback edition

Risk and Public Policy in East Asia Mutsuko Takahashi, 2016-04-08 Contemporary Asian society is marked by social processes associated with the loss of stable economic growth and high employment family structures capable of caring for family members in need and governmental economic and political competence Post financial crisis job uncertainty and income and labor market polarization have become important issue in Asian societies Family structures are viewed as have

been weakened with a corresponding rise in divorce and domestic violence Trust in the government is in decline Against this backdrop it is timely to review three critical issues 1 policies addressing work related risks and socio economic security 2 changes regarding the structure and stability of families and 3 issues concerning governance in times of weakened state capacity declining trust and the emergence of new politics Containing chapters written by international scholars this book introduces the concepts and theoretical approaches of risk and risk and governance and places them within the context of Asian societies

Law for Social Workers Helen Carr, David Goosey, 2019-06-17 *Law for Social Workers* has been supporting social work students and professionals for over 25 years Written by an expert team with practical experience this book provides the perfect combination of legal explanation and practical insight and is the ideal text to see students through their course and career This edition continues to provide an accurate jargon free account of the law social workers need to know with helpful diagrams and case studies included throughout to explain areas of difficulty and ensure understanding for students and professionals at all levels The 15th edition includes an expanded Social Worker s Toolkit offering practical advice on topics such as going to court preparing evidence and writing reports providing the ideal support while on placement or in the workplace Online resources The book is accompanied by the following online resources For students Video tutorials on a range of practical topics Multiple choice questions for students to test their knowledge Guidance on answering the exercises from the book Further reading suggestions Glossary of legal jargon For lecturers PowerPoint slide lecture outlines for each chapter Notes to accompany the slides with discussion of key issues to consider when teaching this area of law

Gender and Family Issues in the Workplace Francine D. Blau, Ronald G Ehrenberg, 1997-06-26 Today as married women commonly pursue careers outside the home concerns about their ability to achieve equal footing with men without sacrificing the needs of their families trouble policymakers and economists alike In 1993 federal legislation was passed that required most firms to provide unpaid maternity leave for up to twelve weeks Yet as *Gender and Family Issues in the Workplace* reveals motherhood remains a primary obstacle to women s economic success This volume offers fascinating and provocative new analyses of women s status in the labor market as it explores the debate surrounding parental leave Do policies that mandate extended leave protect jobs and promote child welfare or do they sidetrack women s careers and make them less desirable employees An examination of the disadvantages that women particularly young mothers face in today s workplace sets the stage for the debate Claudia Goldin presents evidence that female college graduates are rarely able to balance motherhood with career track employment and Jane Waldfogel demonstrates that having children results in substantially lower wages for women The long hours demanded by managerial and other high powered professions further penalize women who in many cases still bear primary responsibility for their homes and children Do parental leave policies improve the situation for women *Gender and Family Issues in the Workplace* offers a variety of perspectives on this important question Some propose that mandated leave improves women s wages by allowing them to preserve their job

tenure Other economists express concern that federal leave policies prevent firms and their workers from acting on their own particular needs and constraints while others argue that because such policies improve the well being of children they are necessary to society as a whole Olivia Mitchell finds that although the availability of unpaid parental leave has sharply increased only a tiny percentage of workers have access to paid leave or child care assistance Others caution that the current design of family friendly policies may promote gender inequality by reinforcing the traditional division of labor within families Parental leave policy is a complex issue embedded in a tangle of economic and social institutions Gender and Family Issues in the Workplace offers an innovative and up to date investigation into women s chances for success and equality in the modern economy

Imperial Investments Katja Uusihakala, 2025-04-01 This book examines the legacy of a British child migration scheme that relocated British children to Southern Rhodesia between 1946 and 1962 with the aim of populating the colony with fresh white stock The selected children were resettled at Rhodesia Fairbridge Memorial College a boarding school established in a disused RAF airbase outside the town of Bulawayo This social engineering project sought to rescue children from what were predicted as undesirable futures in Britain and offer them a better life with prospects of social advancement Yet beyond individual salvation the scheme emigrated the children with the intention that they would help sustain the racially segregated colonial order Building on long term ethnographic research with former Rhodesian child migrants now living in the UK South Africa Australia and New Zealand this book delves into the children s unique experiences of migration displacement and resettlement By highlighting these enduring emotional social and political repercussions the author critically addresses how colonial histories matter in the present Through the lens of former child migrants whose kin relations were ruptured who were disciplined into silence and suppression and who have seen scant public recognition of their past this book sheds light on the formation of memory through its gaps and silences It contributes to our understanding of memory in relation to forced migration and displaced communities

Rebellion, Rascals, and Revenue Michael Keen, Joel Slemrod, 2022-05-17 An engaging and enlightening account of taxation told through lively dramatic and sometimes ludicrous stories drawn from around the world and across the ages Governments have always struggled to tax in ways that are effective and tolerably fair Sometimes they fail grotesquely as when in 1898 the British ignited a rebellion in Sierra Leone by imposing a tax on huts and in repressing it ended up burning the very huts they intended to tax Sometimes they succeed astonishingly as when in eighteenth century Britain a cut in the tax on tea massively increased revenue In this entertaining book two leading authorities on taxation Michael Keen and Joel Slemrod provide a fascinating and informative tour through these and many other episodes in tax history both preposterous and dramatic from the plundering described by Herodotus and an Incan tax payable in lice to the misremembered Boston Tea Party and the scandals of the Panama Papers Along the way readers meet a colorful cast of tax rascals and even a few tax heroes While it is hard to fathom the inspiration behind such taxes as one on ships that tended to make them sink Keen and Slemrod show that yesterday s tax systems have more in

common with ours than we may think Georgian England's window tax now seems quaint but was an ingenious way of judging wealth unobtrusively And Tsar Peter the Great's tax on beards aimed to induce the nobility to shave much like today's carbon taxes aim to slow global warming Rebellion Rascals and Revenue is a surprising and one of a kind account of how history illuminates the perennial challenges and timeless principles of taxation and how the past holds clues to solving the tax problems of today *Hyperionides. A Conservative Review of Current Affairs* Douglas Bulloch, Andrzej Kozłowski, Kurz, Landon Newsom, Daniel Salt, Cornelia van Opstadt, 2020-09-30 *Hyperionides* is intended for people who have a high level of interest in current affairs are generally well informed and choose to think independently *Hyperionides* meaning son of Hyperion is an epithet of Helios the Greek Sun god The review appeals to opening rather than to closing the intellectual discussion Therefore despite a small c conservative orientation it eschews having any particular political line Rather it re invigorates the old style of discourse where the content of ideas mattered more than formulaic declarations intended to demonstrate one's moral superiority The contents of No 1 exemplify the sort of thing that the review seeks to publish *Family, Religion and Law* Prakash Shah, Marie-Claire Foblets, 2016-04-15 This collection discusses how official legal systems do and should respond to the reality of a plurality of family types and origins within their jurisdictions It further examines the challenges that arise for practitioners including lawyers and judges when faced with such plurality Focussing on empirical research the volume presents legal and sociological data of unprecedented comparative depth It also includes a discussion of how members of minority families respond to the need to organise their legal relationships and to resolve their disputes in the shadow of official legal systems which differ from those of their familial and communal traditions The work invites reflection and demonstrates the urgency and complexity of the questions regarding the search for justice in the field of family life in Europe today *The Child, the Family, and the Court* Bernard Flexner, United States. Children's Bureau, Reuben Oppenheimer, Katharine Fredrica Lenroot, 1937

This is likewise one of the factors by obtaining the soft documents of this **Social Engineering In Family Matters** by online.
