

What do we already know about Judaism?

Challenge: Draw the Star of David in your books (below).
Around it write down anything you know about Jews and Judaism.
More challenge: Explain how each of the image on the board link to Judaism.

There was once a man from the Hebrews (the Jews) called Abraham (just Abraham only), who said he had a calling from God to worship just him and no other gods. God promised Abraham that if he did this he would be the leader of a great nation, who eventually became known as Jews. It's a thousand years!

To show that God has made a promise with Abraham, that changes his name to Abraham. It's a new name to show the start of a new promise, or a 'covenant' with God that from now on Abraham's followers will worship only him. Abraham means 'the first monotheistic religion'.

Thousands of years later, Abraham and his descendants (people who can trace their family names back to him) are now known as Jews and live mainly in Israel. One day, one of these Jews, a young man called Jesus Christ, decided to start preaching the word of God.

Jesus is called by the Hebrews 'having been baptised' by a fellow Jew, John the Baptist. Jesus's disciples (followers and close friends) who are left behind, decide to start a new form of Judaism called 'Christianity'. After Jesus Christ, Christianity has had so many followers it became a religion itself.

Some hundred years later, a man called Muhammad who lived in small Arabia began to write down a new version of all of the Jewish and Christian stories after having a visit from God about everything. Muhammad's friends who write down his own sayings and life story. The leaders of the Quran and followers of Muhammad became known as Muslims. Their religion is known as Islam.

Today, although Jews, Christianity and Muslims exist all around the world - and all are monotheistic religions which started with Abraham - most people think of them as being very different. Actually, the three religions have a lot in common.

Look back!

Mega challenge: Although Orthodox Jews make up only 11,000 of the UK population, why is it important we still study their religion?

OMG Challenge: Give a detailed explanation of how Judaism links Islam

Social Foundations Of Judaism:

Social Foundations of Judaism Calvin Goldscheider, Jacob Neusner, 2004 This anthology edited by Calvin Goldscheider and Jacob Neusner is about the different streams of Judaism contributing to Jewish identity [Social Foundations of Judaism](#)

Calvin Goldscheider, Jacob Neusner, 2004-10-14 **The Transformation of Judaism** Jacob Neusner, 2004-06-14 An eminent scholar of the history of Judaism Jacob Neusner shows in this work how Judaism changed from a philosophy to a religion between 200 and 400 C E The Transformation of Judaism is a work both revolutionary in its method and unprecedented in its results Comparing earlier and later sets of Judaic writings Neusner sets forth how philosophy abstract elegant orderly and intellectual turned into religion tangible down to earth chaotic and concrete In the process he offers an account of the birth of Judaism that has become normative Moreover Neusner's methodology can be applied to the study of religions other than Judaism because it examines the underpinnings of how a society sees the world philosophy orders itself politics and sustains itself economics

Raphael Soyer and the Search for Modern Jewish Art Samantha Baskind, 2015-12-01 Artist Raphael Soyer 1899 1987 whose Russian Jewish family settled in Manhattan in 1912 was devoted to painting people in their everyday urban lives He came to be known especially for his representations of city workers and the down and out and for his portraits of himself and his friends Although Soyer never identified himself as a Jewish artist Samantha Baskind in the first full length critical study of the artist argues that his work was greatly influenced by his ethnicity and by the Jewish American immigrant experience Baskind examines the painter's art and life in the rich context of religious cultural political and social conditions in the twentieth century United States By promoting an understanding of Soyer as a Jewish American artist she addresses larger questions about the definition and study of modern Jewish art Whereas previous scholars have defined Jewish art simply as art produced by people who were born Jewish Baskind stresses the importance of an artist's cultural identity when defining ethnic art As Baskind explains how Soyer negotiated his Jewish identity in changing ways over his lifetime she offers new strategies for identifying and interpreting Jewish art in general Her analysis of Soyer's work places the artist in a necessary context and provides a valuable new approach to the study of modern Jewish art **Holy War in Judaism**

Reuven Firestone, 2012-07-02 Holy War in Judaism is the first book to consider how the concept of holy war disappeared from Jewish thought for almost 2000 years only to reemerge with renewed vigor in modern times **Studying Classical**

Judaism, 1991-01-01 What do we know about the history literature and religion of Judaism in its formative age How do we know it and why does it matter In Studying Classical Judaism renowned scholar and author Jacob Neusner addresses these and other important questions Applying many of the same methods Christian scholars use to study Christianity Neusner outlines what we now know about ancient Judaism He points out the core belief of normative Judaism and reveals the methodological underpinnings of the most cogent and up to date interpretations of the texts that determined classical Judaism

[Studies in Contemporary Jewry](#) Ezra Mendelsohn, 1994-02-17 This volume examines music's place in the process

of Jewish assimilation into the modern European bourgeoisie and the role assigned to music in forging a new Jewish Israeli national identity in maintaining a separate Sephardic identity and in preserving a traditional Jewish life Contributions include On the Jewish Presence in Nineteenth Century European Musical Life by Ezra Mendelsohn Musical Life in the Central European Jewish Village by Philip V Bohlman Jews and Hungarians in Modern Hungarian Musical Culture by Judit Frigyesi New Directions in the Music of the Sephardic Jews by Edwin Seroussi The Eretz Israeli Song and the Jewish National Fund by Natan Shahar Alexander U Boskovitch and the Quest for an Israeli Musical Style by Jehoash Hirshberg and Music of Holy Argument by Lionel Wolberger The volume also contains essays book reviews and a list of recent dissertations in the field

Judaism and Christianity in First-century Rome Karl P. Donfried, Peter Richardson, 1998 Judaism and Christianity in the first century is a broad but also immensely important subject This collection of eleven papers is the mature product of the five year work of the Seminar on New Testament Texts in Their Cultural Environment sponsored by the Studiorum Novi Testamenti Societas Wide ranging in subject matter and deep in scholarship this volume includes archaeological and epigraphic contributions social and historical contributions and developmental studies Written by leading scholars in the field these essays elucidate more precisely the social historical and religious character of Judaism and Christianity in first century Rome

Rituals of Conflict Ira Sharkansky, 1996 Kosher food secular marriage divorce burial abortion and other medical procedures Contra Iudaeos Ora Limor, Guy G. Stroumsa, 1996 **Anti-Judaism and Early Christian Identity** Miriam S. Taylor, 2022-06-08 Against the scholarly consensus that assumes early Christians were involved in a rivalry for converts with contemporary Jews this book shows that the target of patristic writers was rather a symbolic Judaism and their aim was to define theologically the young church's identity In identifying and categorizing the hypotheses put forward by modern scholars to defend their view of a Jewish Christian conflict this book demonstrates how current theories have generated faulty notions about the perceptions and motivations of ancient Christians and Jews Beyond its relevance to students of the early church this book addresses the broader question of Christian responsibility for modern anti-Semitism It shows how the focus on a supposedly social rivalry obscures the depth and disquieting nature of the connections between early anti-Judaism and Christian identity

Judaism in Late Antiquity 4. Death, Life-After-Death, Resurrection and The World-to-Come in the Judaisms of Antiquity Alan Avery-Peck, Jacob Neusner, 2015-11-02 Thirteen foremost scholars describe the views of death life after death resurrection and the world to come set forth in the literary evidence for late antique Judaism The volume covers the view of Scripture as a whole as against other Israelite writings distinct parts of Scripture such as Psalms and the Wisdom literature apocalyptic and the non-apocalyptic pseudepigraphic literature Philo Josephus the Dead Sea Scrolls earliest Christianity the Gospels in particular the Rabbinic sources the Palestinian Targums to the Pentateuch and out of material culture the inscriptional evidence The result is both to highlight the range of available perspectives on this important issue and to illuminate a central problem in the study of Judaism in late antiquity phrased

neatly as One Judaism or many Here we place on display indicative components of Judaism in their full diversity leaving it for readers to determine whether the notion of a single coherent religion falls under the weight of a mass of documentary contradictions or whether an inner harmony shines forth from a repertoire of largely shared and only superficially diverse data

New York Court of Appeals. Records and Briefs. New York (State)., **The Secular and the Sacred** William Safran, 2004-08-02 What is the place of religion in modern political systems This volume addresses that question by focusing on ten countries across several geographic areas Western and East Central Europe North America the Middle East and South Asia These countries are comparable in the sense that they are committed to constitutional rule have embraced a more or less secular culture and have formal guarantees of freedom of religion Yet in all the cases examined here religion impinges on the political system in the form of legal establishment semi legitimation subvention and or selective institutional arrangements and its role is reflected in cultural norms electoral behaviour and public policies The relationship between religion and politics comes in many varieties in differing countries yet all are faced with three major challenges modernity democracy and the increasingly multi ethnic and multi religious nature of their societies

Foundations of Judaism Leo Jung, 1923 **The Future of Judaism** Dan Cohn-Sherbok, 1994-01-01 *Three Questions of Formative Judaism* Jacob Neusner, 2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise Three Questions of Formative Judaism encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details

First Century

Judaism in Crisis Jacob Neusner, 2006-02-01 No generation in the history of Jewry has been so roundly universally condemned by posterity as that of Yohanan ben Zakkai A crisis was taking place in Palestine a conflict between the Romans need for expanding their empire trade and strategic locale and the Jews need for continuing to serve God with their laws and their holy land Beginning with the destruction by the Romans of the second temple in A D 70 we have a continuing picture of Pharisee Rabbi Yohanan ben Zakkai leader of Jewish reconstruction and founder of contemporary Judaism as we know it today how the Torah affected Yohanan s education war activities social problems and theological issues Especially important to Jews and Christians alike is the picture of Pharisees and Pharisaism that emerges and the enlightening story of what happened to the many Jews of this first century who did not become Christians First Century Judaism in Crisis is a popularized version of the author s prize winning biography of Yohanan ben Zakkai Leiden E J Brill 1970 Karaite Judaism and Historical Understanding Fred Astren, 2004 Examines the changing relationship of this Jewish sect to rabbinic Judaism and the influence of Muslim and Christian environments Notions of history and the past contained in literature of the Karaite Jewish sect offer insight into the relationship of Karaism to mainstream rabbinic Judaism and to Islam and Christianity Karaite Judaism and Historical Understanding describes how a minority sectarian religious community constructs and uses historical ideology It investigates the proportioning of historical ideology to law and doctrine and the influence of historical setting on religious writings about the past In the present volume Fred Astren discusses modes of representing the past especially in Jewish culture and then poses questions about the past in sectarian particularly Judaic sectarian contexts He contrasts early Karaite scripturalism with the literature of rabbinic Judaism which embodying historical views that carry a moralistic burden draws upon the chain of tradition to suppose a generation to generation transmission of divine knowledge and authority Karaites in the medieval Islamic world eschewed historical thinking in concert with their rejection of the rabbinic concept of tradition One important medieval Karaite al Qirqisani however constructed a sophisticated historical argument as part of his philosophical exposition of Karaism demonstrating theological and philosophical strategies common in Islam and Christianity The center of Karaism shifted to the Byzantine Turkish world during the twelfth through sixteenth centuries when a new historical outlook unoblivious of the past accommodated legal developments influenced by rabbinic thought Reconstructing Karaite historical expression from both published works and previously unexamined manuscripts Astren shows that Karaites relied on rabbinic literature to extract and compile historical data for their own readings of Jewish history which they recorded in an encyclopedic literature similar to contemporary Byzantine Christian Orthodox writing Astren documents how as the Karaites moved toward a concept of tradition and echoed rabbinic historical formulations they developed a version of the chain of tradition to link archaic biblical history to their own community During the seventeenth and eighteenth centuries Karaite scholars in Poland and Lithuania collated and harmonized historical materials inherited from their Middle Eastern predecessors Astren portrays the way that Karaites with some influence from

Jewish Renaissance historiography and impelled by features of Protestant Catholic discourse prepared complete literary historical works that maintained their Jewishness while offering a Karaite reading of Jewish history
