Yang, Litao Zhao, 2009 This book consists of papers presented at the International Conference on China The Next Decade organized by the East Asian Institute at the National University of Singapore in 2007 to commemorate the Institute's 10th anniversary With eight papers covering China's economic social and political development this volume offers a balanced yet in depth assessment of the challenges facing China in the next decade Featuring contributions from internationally renowned scholars this timely volume analyzes key aspects of China's reforms and development such as the financial reform international trade leadership succession social

protests health care reform and ethnic relationships It is suitable for China scholars as well as advanced undergraduate and graduate students interested in China's polity economy and society      **China's Urban Health Care Reform** Chack-kie Wong,Vai Io Lo,Kwong-Leung Tang,2006-01-01 One way to describe the importance of social policy is to say it's about what is and what might be This ethos is the driving force behind Chack Kie Wong Vai Io Lo and Kwong leung Tang's China's Urban Health Care Reform Based on a study of a mid level city in China these three scholars provide analysis and offer theory based recommendations on health care development Using a comparative policy framework supported by a legal expert's knowledge of regulatory specifications China's Urban Health Care Reform argues that a strategy with priority in economic growth as in the case of China does not bring forth cost efficiency and equity in health care for the whole nation Ultimately Wong Lo and Tang strive to offer direction for health care reform that will lead to better health care in China's cities As a result this is a work of great significance to anyone involved in public health social work public policy medicine or law

**Nonfinancial Defined Contribution Pension Schemes in a Changing Pension World** Robert Holzmänn,Edward Palmer,David Robalino,2012-06-21 Pensions are under scrutiny worldwide in view of increasing life expectancy and adverse demographics This volume offers an overview of unfunded individual accounts introduced in the mid 1990s in Italy Latvia Poland and Sweden in order to assure a successful adulthood and an even better start for the off springs      **China's Social Policy** Kinglun Ngok,Chak Kwan Chan,2015-10-23 This book critically and comprehensively examines China's welfare development amidst its rapid economic growth and increasing social tensions It covers the main policy areas from China's inception of the open door policy in 1978 to the new administration of Jinping Xi and Keqiang Li including social security health education housing employment rural areas migrant workers children and young people disabled people old age pensions and non governmental organisations In particular it critically analyses the impact of policy changes on the well being of Chinese people      **Human Resource Management in China Revisited** Malcolm Warner,2020-10-28 This edited volume first considers the economic background of the recent changes in HRM in the People's Republic of China from 1978 to the present day exploring the change from a command economy to a more market led one It then goes on to look at the demise of so called iron rice bowl policy once dominated by a Soviet inspired Personnel Management model to one now characterized by possibly Japanese as well as Western influenced HRM albeit with what are widely described as Chinese characteristics Finally it concludes with a comparative analysis of the contributions in the book on China vis a vis an appraisal of these with the national HRM systems of Japan and South Korea This volume was previously published as a special issue of the International Journal of Human Resource Management      *A Protestant Church in Communist China* John Craig William Keating,2012-02-16 Freedom of religious belief is guaranteed under the constitution of the People's Republic of China but the degree to which this freedom is able to be exercised remains a highly controversial issue Much scholarly attention has been given to persecuted underground groups such as Falun but one area that remains largely unexplored is

the relationship between officially registered churches and the communist government This study investigates the history of one such official church Moore Memorial Church in Shanghai This church was founded by American Methodist missionaries By the time of the 1949 revolution it was the largest Protestant church in East Asia running seven day a week programs As a case study of one individual church operating from an historical rather than theological perspective this study examines the experience of people at this church against the backdrop of the turbulent politics of the Mao and Deng eras It asks and seeks to answer questions such as were the people at the church pleased to see the foreign missionaries leave Were people forced to sign the so called Christian manifesto Once the church doors were closed in 1966 did worshipers go underground Why was this particular church especially chosen to be the first re opened in Shanghai in 1979 What explanations are there for its phenomenal growth since then A considerable proportion of the data for this study is drawn from Chinese language sources including interviews personal correspondence statistics internal church documents and archives many of which have never previously been published or accessed by foreign researchers The main focus of this study is on the period from 1949 to 1989 a period in which the church experienced many ups and downs restrictions and limitations The Mao era in particular remains one of the least understood and seldom written about periods in the history of Christianity in China This study therefore makes a significant contribution to our evolving understanding of the delicate balancing act between compromise co operation and compliance that categorizes church state relations in modern China

*Aging China* Robert Stowe England,2005-02-28 China the world s most populous nation will enter a period of rapid aging very shortly that will redefine that country Between 2010 and 2040 the portion of people 65 and older will rise from around 7% to between 25 and 30% of the population As China ages can it retain the youthful dynamism now driving it China the world s most populous nation will enter a period of rapid aging very shortly that will redefine that country Between 2010 and 2040 the number of people 65 and older will rise from around 7% to between 25 and 30% of the population As China ages can it

retain the youthful dynamism now driving it This book is an effort to try to capture the broad outlines of the significant economic market social and demographic factors that will shape the future of China and the role that aging will play in the whole mix of influences Aging in developed societies and economies has been widely studied In such nations as Japan Germany Italy and Spain for example we know that as populations age their societies decline leaving fewer younger workers to support the growing number of people who will become dependent on costly health care systems or whose basic needs such as food and shelter will need to be subsidized But less work has been done in assessing the potential impact of aging in developing countries where the majority of people may be working poor not middle class as in the case of China As China restructures its economy the old benefits packages previously available to urban workers and not rural workers are being replaced by a patchwork of benefits across a wide range of enterprises

Handbook of Asian Aging Hyunsook Yoon,Jon Hendricks,2018-10-26 In western countries the rising tide of population aging took 100 years to alter the face of societies but Asia is experiencing comparable changes in not much more than a quarter of a century Contributors to The Handbook of Aging describe the magnitude of these changes and their effects on the aged and on societies attempting to adapt to the dramatic improvements in life expectancy brought on by rapid economic and social transformations Asia encompasses a vast reach from Pakistan and India to Japan the Philippines and Indonesia and in this book including Australia The Handbook of Aging provides a framework for making sense of the meeting between reverential views of the elderly and contemporary priorities as Asia arrives at the crossroads The need for innovative approaches to social policy and personal practices is nowhere more evident than in Asian countries where modern marketing economies have forced hard political choices The economic tigers of the Asian Pacific region experienced the aging of their populations ahead of other Asian countries but solutions reached during times of financial boom are being re examined as economies come back to earth with soft or hard landings The Handbook of Asian Aging provides an atlas of the far reaching changes that are afoot and that will become even more pronounced in the near future

Household and Living Arrangement Projections Yi Zeng,Kenneth C. Land,Danan Gu,Zhenglian Wang,2013-12-16 This book presents an innovative demographic toolkit known as the ProFamy extended cohort component method for the projection of household structures and living arrangements with empirical applications to the United States the largest developed country and China the largest developing country The ProFamy method uses demographic rates as inputs to project detailed distributions of household types and sizes living arrangements of all household members and population by age sex race ethnicity and urban rural residence at national sub national or small area levels It can also project elderly care needs and costs pension deficits and household consumption The ProFamy method presented herein has substantial merits compared to the traditional headship rate method which is not linked to demographic rates and projects limited household types without other household members than heads The book consists of four parts The first part presents the methodology data estimation issues and empirical assessments The next parts present applications in

the United States part two and China part three concerning demographic social economic and business research policy analysis including forecasting future trends of household type size elderly living arrangements disability and home based care costs and household consumption including housing and vehicles The fourth part includes a user s guide for the ProFamy software to project households living arrangements and home based consumptions This book offers an invaluable toolkit for researchers analysts and students in academic public and private businesses whose work is related to levels and rates of change in households population and consumption patterns *China's Economy* Iris Claus,Les Oxley,2015-02-16

Dorfman,Robert Holzmann,Philip O'Keefe,Dewen Wang,Yvonne Sin,Richard Hinz,2013-03-08

Comprehensive reform of China s pension and social security system is an essential element of achieving its objectives of a harmonious society and sustainable development **China's New Role in the World Economy** Yiping Huang,Miaojie Yu,2013-01-04 The remarkable rise of China over the past three decades has been unprecedented in both its scale and speed Analysts around the world have attempted to understand the causes of this unique event and to predict how long it will last China s rise has also raised two important questions The first concerns the stability and the sustainability of China s growth which has been accompanied by growing internal and external imbalances rising inequality at home environmental degradation and an increased risk of catastrophic climate change and has happened in spite of the continuing if diminished role of the state in many sectors of the economy The second concerns trying to guess what the effect of China s rise will be on its relations with the rest of the region the world and the existing global order It seems only a matter of time until China becomes the world s largest economy and history suggests that it is unthinkable that this event would be without geopolitical consequences The chapters in this volume draw on papers originally presented to the 34th Pacific Trade and Development Conference held in Beijing in 2010 to discuss these two big questions and China s changing role in the world economy This book will be welcomed by students and scholars of Chinese economics business and politics and those interested in the pervasive impact of China s development on the global economy
