Society For Old Testament Study List 1994:

Society for Old Testament Study Book List 1994 Lester L. Grabbe, 1994 *SOTS at 100: Centennial Essays of the Society for Old Testament Study* John Jarick, 2017-01-12 This volume presents an important insight into the history of scholarship on the Old Testament over the last 100 years Presented in collaboration with the Society for Old Testament Study which celebrates its centenary in 2017 the volume examines the shifting patterns in scholarship on the Old Testament over the last century from the types of subject studied to the demographic make up of the scholars working on the Old Testament Hebrew Bible themselves The volume has been written by several longstanding members and officers of the society As such the volume presents a remarkable history of scholarship of Old Testament studies [Society for Old Testament Study Booklist 2003](#) George J. Brooke, 2003-03-06 The Book List provides short reviews of up to 500 books a year It includes publications not only on the Old Testament directly but also on many related areas including archaeology epigraphy Hebrew and related Semitic languages especially Northwest Semitic relevant ancient Near Eastern history and literature the Hellenistic world early Judaism and social anthropology The main value of the Book List is its comprehensiveness and its immediacy in that it is usually among the first periodicals to review a book *Judaic Religion in the Second Temple Period* Lester L. Grabbe, 2002-11 The developments in Judaism during the Second Temple period remain important to contemporary Jewish religion This volume provides a much needed encyclopedic study of the period Includes bibliographies cross references and summaries **The Lazarus Story Within the Johannine Tradition** Wendy Sproston North, 2001-05-01 This historical critical study of the Gospel of John and the First Epistle of John challenges the commonly held view that the first Johannine epistle is related to the Gospel Sproston argues that the two writings are indirectly related through a common Johannine tradition A comparison of the two therefore allows traditional material in the evangelist's work to be isolated enhancing our understanding of the creative processes involved in its composition The account of the raising of Lazarus is rigorously analysed as a test case for this kind of analysis **Elenchus of Biblica** Maria J. Schoenmaeckers, Robert Althann, 2004-12-20 Le 23 novembre 1964 jour de la promulgation de Lumen Gentium la constitution dogmatique sur l'Eglise marque un evenement c'est la premiere fois dans l'histoire de l'Eglise qu'une assemblee de la Sainte Eglise s'exprime solennellement sur la vie consacree Le sixieme chapitre de la constitution traite de la signification et de l'essence de la vie religieuse la reliant au mystere de l'Eglise peuple de Dieu Ce texte conciliaire presente la vie religieuse comme un etat canonique celui du chretien qui tend dans un institut de perfection a la charite parfaite et consacre sa vie a Dieu et aux hommes ppar la profession des conseils evangeliques de chastete pauvreté et obeissance De toute evidence cette declaration doctrinale est importante pour l'Eglise et pour le developpement de la vie consacree dans l'Eglise En lisant Lumen Gentium on est assez vite frappe par le debut abrupt du sixieme chapitre sur les religieux car tous les autres chapitres s'ouvrent par une breve introduction Cependant on ne peut deracher ce chapitre de ce qui a été dit precedemment sur la vocation

universelle a la saintete En fait l histoire du texte fait clairement ressortir le lien qui unit ces chapitres *Jewish given Names and Family Names* David L. Gold,2001-12-01 This work identifies and describes over 3 000 books essays in books and articles on Jewish given names and family names throughout history spanning the Biblical period to modern times The bibliography is a highly analytic one recording published materials in a wide variety of research languages treating Jewish anthroponymy in the broadest sense from historical sociological and linguistic perspectives The bibliography will be an invaluable resource for any researcher engaged in etymological studies Jewish intralinguistics or Jewish family history

Reading the Dead Sea Scrolls George J. Brooke,2013-10-01 The Dead Sea Scrolls which have long captured the public imagination are now all available in principal editions and accessible translations This book addresses the next stage in their analysis by raising questions about how they should be read and studied The essays collected here illustrate two approaches First some essays argue that traditional methods of studying ancient texts need to be refined and broadened in the light of the Scrolls The volume thus contains studies on text criticism literary traditions lexicography historiography and theology Second the book also argues that innovative methods of study applied fruitfully in other areas now also need to be applied to the Scrolls such as studies that consider the relevance for the Scrolls of deviance theory cultural memory hypertextuality intertextuality genre theory spatial analysis and psychology Many of the examples in these studies relate to how authoritative scripture was handled and appropriated by the groups that gathered the Scrolls together in the caves at and near Qumran so some of the same texts are analyzed from several different perspectives **The Bible in Africa** Gerald West,Musa

Dube,2021-10-01 Although the arrival of the Bible in Africa has often been a tale of terror the Bible has become an African book This volume explores the many ways in which Africans have made the Bible their own The essays in this book offer a glimpse of the rich resources that constitute Africa s engagement with the Bible Among the topics are the historical development of biblical interpretation in Africa the relationship between African biblical scholarship and scholarship in the West African resources for reading the Bible the history and role of vernacular translation in particular African contexts the ambiguity of the Bible in Africa the power of the Bible as text and symbol and the intersections between class race gender and culture in African biblical interpretation The book also contains an extensive bibliography of African biblical scholarship In fact it is one of the most comprehensive collections of African biblical scholarship available in print This publication has also been published in paperback please click here for details Congress Volume Oslo 1998 A. Lemaire,M.

Sæbø,2014-09-03 This Congress Volume comprises not only the main lectures of the XVIth I O S O T Congress held in Oslo 1998 but also the interventions at the two panels on Intertextuality and the Pluralism of Methods and on The Hebrew Bible and History Both the main lectures and the panelists interventions focus on current methodological problems and study central questions in the present study of the Hebrew Bible Old Testament in its environment **Dictionary of the Old**

Testament: Historical books BILL T ARNOLD,HUGH G M WILLIAMSON,2020-05-21 The Dictionary of the Old Testament

Historical Books is the second volume in IVP's Old Testament dictionary series. This volume picks up where the Dictionary of the Old Testament Pentateuch left off with Joshua and Israel poised to enter the land and carries us through the postexilic period. Following in the tradition of the four award-winning IVP dictionaries focused on the New Testament, this encyclopedic work is characterized by in-depth articles focused on key topics, many of them written by noted experts. The history of Israel forms the skeletal structure of the Old Testament. Understanding this history and the biblical books that trace it is essential to comprehending the Bible. The Dictionary of the Old Testament Historical Books is the only reference book focused exclusively on these biblical books and the history of Israel.

Dictionary of the Old Testament: Pentateuch T. Desmond Alexander, David W. Baker, 2002-12-13 Exploring the major themes and issues of the Pentateuch, this encyclopedic work offers authoritative overviews, detailed examinations, and new insights from the world of the ancient Near East. Edited by T. Desmond Alexander and David W. Baker.

Synopsis Andrew D. Dimarogonas, 1999-02-19 Lists the scholarly publications including research and review journals, books, and monographs relating to classical, Hellenistic, Biblical, Byzantine, Medieval, and modern Greece. The 11 indexes include article title and author, books reviewed, theses and dissertations, books and authors, journals, names, locations, and subjects. The format continues that of the second volume. All the information has been programmed onto the disc in a high-level language so that no other software is needed to read it, and in versions for DOS and Apple on each disc. Annotation copyrighted by Book News Inc., Portland, OR.

Interpreting Eden Vern S. Poythress, 2019-03-14 No interpreter of the creation narratives can avoid interacting with this book. Derek W. H. Thomas: Christians have long discussed and debated the first three chapters of the Bible. How we interpret this crucial section of Scripture has massive implications for how we understand the rest of God's Word and even history itself. In this important volume, biblical scholar Vern Poythress combines careful exegesis with theological acumen to illuminate the significance of Genesis 1-3. In doing so, he demonstrates the sound interpretive principles that lead to true understanding of the biblical text while also exploring complex topics such as the nature of time, the proper role of science, interpretive literalism, and more.

David's Jerusalem Daniel Pioske, 2015-02-11 The history of David's Jerusalem remains one of the most contentious topics of the ancient world. This study engages with debates about the nature of this location by examining the most recent archaeological data from the site and by exploring the relationship of these remains to claims made about David's royal center in biblical narrative. Daniel Pioske provides a detailed reconstruction of the landscape and lifeways of early 10th-century BCE Jerusalem, connected in biblical tradition to the figure of David. He further explores how late Iron Age, the Book of Samuel, Kings, and late Persian/early Hellenistic, the Book of Chronicles, Hebrew literary cultures remembered David's Jerusalem within their texts and how the remains and ruins of this site influenced the memories of those later inhabitants who depicted David's Jerusalem within the biblical narrative. By drawing on both archaeological data and biblical writings, Pioske calls attention to the breaks and ruptures between a remembered past and a historical one and invites the reader to

understand David's Jerusalem as more than a physical location but also as a place of memory *The Book of Revelation* G. K. Beale, 2013-09-07 This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and others While engaging the major questions of text and interpretation at a scholarly level the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis **Sparks of the Logos** Daniel Boyarin, 2003-11-01 There are two major themes running through the essays reprinted in this book the first is the typological relation of rabbinic Judaism to Christianity while the second is the re animation by going back to the roots of a rabbinic Judaism that would not manifest some of the deleterious social ideologies and practices that modern orthodox Judaism generally does a project that was thought of as radical orthodoxy long before that term achieved its current and almost diametrically opposing sense among Christian theologians The book is divided into two parts The first part consists of several essays on midrash exploring various aspects of rabbinic culture and their relation to hermeneutic practices These papers are essentially more detailed studies of particular issues that were raised in two of Boyarin's books *Intertextuality* and *The Reading of Midrash* and *Carnal Israel* Reading Sex in Talmudic Culture California 1993 The second part of the book consists of reprints of four essays published in the journal *Diacritics* during that same decade The material treated in the book should be of interest to historians of Judaism and Christianity Talmudists and scholars and readers interested in the cultural study of religion *The Significance of the Ark Narrative* James M. Street, 2009 The Significance of the Ark Narrative Literary Formation and Artistry in the Book of Chronicles argues that there is only one author responsible for the second part of the ark narrative 1 Chr 15 16 The lists and unique material that are found within the narrative play an important literary role in the work Other parts of the book of Chronicles such as the genealogies 1 Chr 1 9 and David's organization of the cult and civil servants 1 Chr 23 27 are also open to redaction criticism The findings suggest that they also require a single author This makes the role of the clergy one of the Chronicler's own emphasis which means that David's organization of the clergy portrays Israel as a cultic community It is worship planned by David and carried out under the authority of the Levites and priests that is consistently emphasized throughout the book Therefore the ark narrative should be viewed as the thematic and theological foundation of the book

The Dead Sea Scrolls at Qumran and the Concept of a Library Sidnie White Crawford, Cecilia Wassen, 2015-10-14

The Dead Sea Scrolls at Qumran and the Concept of a Library presents twelve articles by renowned experts in the Dead Sea Scrolls and Qumran studies. These articles explore from various angles the question of whether or not the collection of manuscripts found in the eleven caves in the vicinity of Khirbet Qumran can be characterized as a library and if so what the relation of that library is to the ruins of Qumran and the group of Jews that inhabited them. The essays fall into the following categories: the collection as a whole; subcollections within the overall corpus; and the implications of identifying the Qumran collection as a library.

The Interpretation of the Hebrew Word אָמָר (People) in Samuel-Kings Luke Emehiele Ijezie, 2006

This study of the word *people* in the biblical context touches one of the central issues of biblical literature. The author addresses the semantic and literary critical problems involved in interpreting the Hebrew word within the complex texts of 1 Samuel and 1 Kings. While the word is often rendered by the English word *people* and its cognates in the modern languages, it is also shown that the idea of *people* together with its semantic range in the modern usage is not identical to the ancient Hebrew. Concerted effort is thus made to identify the basic factors and patterns that explain its meaning in various Hebrew contexts. The study explains how *people* expresses both Israel's identity as a secular polity as well as its identity as a religious entity. The discussion is carried out in the light of a number of chosen texts and these are analyzed both synchronically and diachronically.
