The Urban Gaze: Exploring Urbanity through Art, Architecture, Music, Fashion, Film and Media Silvia Mazzucotelli Salice,2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 This volume is designed to introduce readers to the interactions and crossovers between culture and the city The volume in fact intends to investigate urbanity as a cultural form on the basis of a broader and geographically representative collection of case studies In particular it offers a stimulating range of inter disciplinary perspectives showing that urban space manifests itself as an interpretative gaze anchored in human life not just as something to look at but as a cultural form to live in socially *You Can't Air That* David S. Silverman,2022-09-01 Broadcast television s presentation of controversial material to a mainstream American audience is no less an issue today than it was in the 1940s Programming content has always been a product of the interests and motives of network executives advertisers and regulatory agencies In this illuminating book David S Silverman assesses four controversial television series from the perspective of media history examining the censorship present at all networks and the political and intellectual inertia it produces in broadcast television Beginning with The Smothers Brothers Comedy Hour from the sixties the author analyzes the split between the comic team and CBS over remarks they made on the Vietnam War and religion He also examines The Richard Pryor Show of the seventies which raised strong questions about network meddling over racial issues Among recent personalities he discusses activist Michael Moore whose frank political views wreaked havoc for NBC and Fox in the mid nineties and Bill Maher whose candid thoughts on 9 11 led ABC to terminate Politically Incorrect Drawing on firsthand accounts by the writers producers and performers of these programs Silverman offers an unbiased view of the ways in which censorship sponsor intimidation regulation and network tampering forced American broadcasters to manipulate creative talent and stifle genuine controversy Shedding new light on the prevalence of censorship in broadcast television this book helps to reinvigorate the subject of free speech in American society

Media Management Review Charles Warner,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an

informa company **Saturday Morning Censors** Heather Hendershot, 1998 On television and censorship Political Communication Ethics Robert E. Denton Jr., 2000-05-30 This essay collection examines ethical concerns related to the traditional areas of political communication including campaigns media discourse and advertising as well as new technologies including the Internet In total the collection provides one of the few volumes to examine political ethics from an academic perspective rather than from a moralistic or rule orientation Bruce Gronbeck provides an assessment of presidential campaigns arguing that ethical judgments of citizens are based on candidates actions and motives character and competence Ronald Lee explores the ethics of campaign discourse and he charts the relationship between presidential candidates projection of civic virtue and the political arrangements that dictate the course of the campaign itself Steven Goldzwig and Patricia Sullivan examine what happens to discourse when the divide between the haves and have nots translates into a local community disconnected from virtual politics The nature types and impact of the growing use of hate speech in contemporary politics is explored by Rita Whillock while Robert Denton investigates television as an instrument of governing and its impact on the nature of democracy Gary Woodward looks at the ethics of political journalism and Lynda Lee Kaid analyzes the ethical issues raised by political advertising in all forms Clifford Jones looks at the impact of campaign finance rules on campaign communication strategy Gary Selnow explores the ethics of politics on the Internet and Robert Denton concludes by examining the relationship between constitutional authority and public morality An important text for students as well as scholars investigating contemporary American politics *Electronic Whistle-Stops* Gary W. Selnow, 1998-03-25 Fifty years ago the political whistle stop tour was thus named because trains blew their whistles twice when making unscheduled stops in backwater towns Like its distant cousin the electronic whistle stop brings the candidate s message directly to the people but with one outstanding difference the new whistle stop offers politicians an accuracy efficiency and success at voter persuasian unimaginable to by earlier whistle stoppers such as Harry Truman As Selnow shows American political campaigns have an extraordinary affinity for electronic devices They have seized upon electronic bulletin boards home pages and electronic libraries Since political campaigns are communication campaigns Selnow concludes that candidates who successfully inform persuade enlighten and even confuse voters will win votes Selnow also examines the debate between those who argue that new technologies have improved efficiency and those who believe that the innovations have affected society in other ways Scholars and students of American political communication must read this book the lively style will also make it exciting reading for anyone interested in this new political tool *Television Research* Ronald L. Jacobson, 1995 This directory consists of an alphabetical ordering of television related categories For each category a brief conceptual overview is presented followed by a list of relevant research or lecture topic suggestions and a bibliography of selected print sources mostly books Users should appreciate the directory as a reference tool intended solely as as guide to studying television and not as an end in itself As such the categories herein are not necessarily mutually

exclusive nor are the overviews topic suggestions and bibliographies meant to be comprehensive Instead this publication is intended to inform broadly to stimulate critical thinking and to serve as a catalyst for further inquiry An Additional Sources section is included at the end of the directory General reference books relevant indexes and databases scholarly journals popular magazines newspapers and trade publications are listed Libraries and museums containing special television related collections are also noted There always seems to be new print publications and electronic databases that provide access to television related content Please consider this directory as but one entry point to television research Users are encouraged to solicit the expertise of a professional librarian in order to access the most relevant sources available on topics of interest
