Socioeconomic Determinants Of Regional Mortality Differences In Europe

Eva U.B. Kibele

Socioeconomic Determinants Of Regional Mortality Differences In Europe:

Socioeconomic Determinants of Regional Mortality Differences in Europe Jeroen Johannes Anthonius Spijker, 2004 The objective of this thesis is to assess the importance of socioeconomic and other factors on mortality differences across Europe over time and between regions to determine which factors should be incorporated into future mortality scenarios When possible **Regional Mortality Differences in Germany** Eva U.B. Kibele, 2012-10-02 Regional mortality differences are one dimension of health inequalities but its trends and determinants in Germany are widely unknown This book examines and illustrates patterns of regional mortality in Germany with focus on small area differentials and their changes over time It identifies explanatory factors at individual and regional level Mortality differences between eastern and western Germany exist but small area mortality differentials are often greater Though the main spatial mortality patterns remain this study provides evidence that some distinct changes in the small area mortality patterns in Germany especially among women occurred within a short period of time Mortality inequalities at younger ages and in behavior related causes as well as differences in socioeconomic conditions contribute strongly to regional mortality differences in Germany The book shows that the complex interplay between individual and regional level mortality risk factors requires a multidimensional approach to reduce regional mortality inequalities **Macro-economic Determinants of International Migration in Europe** Roel Peter Wilhelmina Jennissen, 2004 Discusses macro economic determinants of international migration in Europe **International Handbook of Adult Mortality** Richard G. Rogers, Eileen M. Crimmins, 2011-02-18 This handbook presents a comprehensive and up to date overview of unprecedented substantive theoretical methodological and statistical developments and insights and an in depth examination of trends and patterns in adult mortality around the world With over two dozen chapters and more than 50 authors this volume draws from top international mortality experts to provide one of the best overviews of life expectancy extant The book documents remarkable gains in life expectancy which stand out as one of the most important accomplishments of the twentieth century Individuals in more developed countries can expect to live longer now than ever before especially the Japanese who enjoy record setting life expectancies The book also explores unfortunate declines in life expectancy in selected countries brought on by such factors as infectious diseases accidents suicides and homicides and political and economic conflict and turmoil This book synthesizes the wealth of mortality information available clearly articulates the central findings to date identifies the most appropriate datasets and methods currently available illuminates the central research questions and develops an agenda to address these research questions The authors carefully examine central factors related to mortality including health behaviors socioeconomic status social relations biomarkers and genetic factors The book will prove especially relevant to researchers students and policy makers within social and health sciences who want to better understand international trends and patterns in adult mortality *Mathematical Demoeconomy* Yuri S. Popkov, 2014-04-02 This monograph aspires to lay the foundations of a new scientific

discipline demoeconomics representing the synthesis of demography and spatial economics This synthesis is performed in terms of interaction between population and its economic activity The monograph appears a unique research work having no analogs in scientific literature Demoeconomic systems are studied involving the macrosystems approach which combines the generalized entropy maximization principle and the local equilibria principle Demoeconomic systems operate in an uncertain environment thus and so the monograph develops the methodology and technique of probabilistic modeling and forecasting of their evolution Culture, Risk and HIV/AIDS Among Migrant and Mobile Men in Goa, India Ajay Bailey,2008

International Migration and the Future of Populations and Labour in Europe Marek Kupiszewski,2013-02-11 The changes of populations are determined by fertility mortality and migration On the national level international migration is a factor of increasing demographic economic social and political importance This book addresses the debate on the impact of international migration and economic activity on population and labour force resources in future It presents a study conducted for 27 European countries looking 50 years ahead 2002 2052 An extended discussion of theories and factors underlying the assumed evolution of the components of change and economic activity is included as well as a detailed analysis of the historical trends These theoretical and empirical considerations lead to defining scenarios of future mortality fertility economic activity and international migration which have been fed into a projection model producing various future population dynamics and labour force trajectories In addition simulations have been made to estimate the size of replacement migration needed to maintain selected demographic and labour market parameters in the countries of Europe The results presented in this book allow researchers governments and policy makers to evaluate to what extent various migration and labour market policies may be instrumental in achieving the desired population and labour size and structures The secondary purpose of this volume is to reveal the methodology and argumentation lying behind a complex population forecasting and simulation exercise which is not done frequently but is critical for the assessment of the forecasts and also valuable from a purely didactic point of view *OECD Economic Surveys: Finland 2012* OECD,2012-02-07 OECD s 2012 Economic Survey of Finland examines recent economic developments policies and prospects examines what could be done to restart economic growth and includes a more detailed analysis of health care in Finland Promoting Population Health and Equity in Europe: from Evidence to Policy Paula Santana,2017-09-06 *Growing Up Unequal: Gender and Socioeconomic Differences in Young People's Health and Well-being. Health Behaviour in School-aged Children (HBSC) Study* Inchley J.,Currie D.,Young T.,Samdal O.,Torsheim T.,Augustson L.,2016-04-18 Countries included in the 2013 2014 survey data Albania Armenia Austria Belgium Flemish Belgium French Bulgaria Canada Croatia Czech Republic Denmark England Estonia Finland France Germany Greece Greenland Hungary Iceland Ireland Israel Italy Latvia Lithuania Luxembourg Malta Netherlands Norway Poland Portugal Republic of Moldova Romania Russian Federation Scotland Slovakia Slovenia Spain Sweden Switzerland Ukraine Wales former Yugoslav Republic of Macedonia **Trends in Mortality and Differential**

Mortality Jacques Vallin, France Meslé, Tapani Valkonen, 2001 The average life expectancy for Europeans has increased from 45 years to 73 years during the last century However important differences in mortality risks are still present throughout Europe For example there is a higher mortality rate in Eastern Europe and in some eastern European countries life expectancy is actually decreasing This study examines mortality trends in the Council of Europe member states over the last 50 years including life expectancy the reduction in infant mortality trends in main groups of deaths and the health crisis in eastern and central Europe It also considers the links between life expectancy and socio economic indicators for 11 European countries

IBSS: Sociology: 1993 Vol 43 International Committee for Social Science Information and Documentation, 1994 This bibliography lists the most important works published in sociology in 1993 Renowned for its international coverage and rigorous selection procedures the IBSS provides researchers and librarians with the most comprehensive and scholarly bibliographic service available in the social sciences The IBSS is compiled by the British Library of Political and Economic Science at the London School of Economics one of the world's leading social science institutions Published annually the IBSS is available in four subject areas anthropology economics political science and sociology

Public Health in Europe Wilhelm Kirch, 2012-12-06 With the background of the 10 years existence of the European Public Health Association EUPHA the present book deals with the developments and results of European Public Health in Science and Practice The contributions involve actual aspects and issues of different topics in Public Health Health care management and quality assurance in various settings Health promotion and prevention for different population groups Health related information and communication Health care policy and science

The Geography of Western Europe Paul L Knox, 2015-11-19 This book provides a comprehensive survey of the social geography of Western Europe It begins by outlining the character of the region and proceeds with an exploration of demographic and cultural features including migration and ethnic groups The political organisation of nations and regions are analysed along with regional change and development The study concludes with a consideration of key issues central to the geography of social well being such as regional convergence divergence and the impact of public expenditure patterns

Socio-economic Differential Mortality in Industrialized Societies, 1981

Europes Population Ray Hall, Paul White, 2005-08-17 First published in 1995 Routledge is an imprint of Taylor Francis an informa company

Health Among the Elderly in Germany Gabriele Doblhammer-Reiter, 2014-11-19 Whether increasing life expectancy leads to better health remains still controversial Three topics are explored 1 vanguard groups which inform about possible levels of health if the general social and environmental conditions were to approach those of the vanguard group 2 the social and behavioral determinants of health differentiated into proximal and distal factors 3 vulnerable groups such as migrants and the health differences between migrant groups Newly available population based data as well as new study designs and advanced statistical modelling form the basis for the empirical analyses

Social and Psychosocial Determinants of Self-Rated Health in Central and Eastern Europe Hynek

Pikhart,2012-12-06 Life expectancy in countries of Central and Eastern Europe is substantially shorter than in Western Europe and a similar divide exists in self rated health This exhaustive study of populations in seven Central and European countries Russia Lithuania Latvia Estonia Poland Czech Republic and Hungary examines the social and psychosocial determinants of this divide Practitioners and graduate students of public health and social psychology will find this an invaluable resource

Regional Variations of Psoriasis - Volume - II Professor Dr. Bilal Semih Bozdemir, Genome wide association studies GWAS have identified numerous genetic loci associated with psoriasis revealing a complex interplay between genetic architecture and immunological mechanisms Many identified loci are involved in immune pathways reinforcing the linkage between genetic predisposing variants and immune dysregulation Notably loci that harbor variants influencing key immunological pathways including Th17 and IL 23 signaling pathways are particularly prominent among patients with psoriasis These findings not only underscore the role of specific gene variants in influencing immune responses but also highlight the potential for targeted therapies that address these genetic predispositions By understanding the genetic landscape underpinning immune dysregulation clinicians can develop more

effective treatment strategies tailored to individual genetic profiles and regional patterns of psoriasis

Right here, we have countless ebook **Socioeconomic Determinants Of Regional Mortality Differences In Europe** and collections to check out. We additionally meet the expense of variant types and after that type of the books to browse. The satisfactory book, fiction, history, novel, scientific research, as capably as various other sorts of books are readily easy to use here.
