**Sultan in Oman** Jan Morris,1957      *Oman's Insurgencies* John Peterson,2014-05-22 Oman today is a rapidly modernizing and peaceful country on the fringes of a region in turmoil It does however have a long history of internal strife In the twentieth century this strife took the form of two internal conflicts The Northern Oman or al Jabal al Akhdar War of the 1950s was a struggle between the forces of the old tribally based Imamate and the newer Sultanate in the northern part of the country In the Dhufar War of the 1960s 70s an anti Sultanate and later Marxist front sought secession in the south J E Peterson takes a detailed look at these two wars in the context of insurgency and counter insurgency warfare He surveys Oman s transition from a strictly traditional regime controlling only parts of the country to a modern inclusive state particularly in terms of security concerns Peterson analyses the development of the Sultanate s successful responses to security challenges especially in the creation and evolution of modern armed forces      *Oman: the Modernization of the Sultanate* Calvin H. Allen, Jr,2016-02-05 Until the 1970s Oman was an isolated almost medieval kingdom virtually unknown to the outside world The 1970 palace coup that brought Sultan Qaboos b Sa id Al Sa id to power also brought Oman into the twentieth century Development programmes made modernization a rapid process and Oman s location at the entrance to the Straits of Hormuz gave the country an increasing importance to US security interests in the Gulf region Yet despite modernization Oman remains an unknown land This book first published in 1987 dispels some of the mystery by focusing on the land the people and the history It explores the influences on events of trade foreign involvement in Omani affairs and Ibadism the principal sect of Islam in Oman It also emphasizes the role of the Sultan in contemporary Oman The architect of Oman s new age Qaboos has overseen significant changes in the country s political system and rapid economic growth financed by oil exports      **Sultanate and Sultan** Sulṭān Ḥaṭṭāb,2014      *A History of Modern Oman* Jeremy Jones,Nicholas Ridout,2015-08-31 The ideal introduction to the history of modern Oman from the eighteenth century to the present this book combines the most recent scholarship on Omani history with insights drawn from a close analysis of the politics and international relations of contemporary Oman Jeremy Jones and Nicholas Ridout offer a distinctive new approach to Omani history building on postcolonial thought and integrating the study of politics and culture The book addresses key topics including Oman s historical cosmopolitanism the distinctive role of Omani Islam in the country s social and political life Oman s role in the global economy of the nineteenth century insurrection and revolution in the twentieth century the role of Sultan Qaboos in the era of oil and Oman s unique regional and diplomatic perspective on contemporary issues      **The Sultanate of Oman** Miriam Joyce,1995-08-15 This study is based on extensive research in British sources and includes material from archives in the United States The last chapter which covers the period from 1970 is based on Omani newspapers and interviews with Omani officials conducted in 1994 Throughout the 20th century Omani rulers were confronted with rebellious tribes and threatened by movements originating outside the sultanate including Wahhabism Arab nationalism and

communism The discovery of oil in the 1960s did not free the Omani people from poverty or seclusion The Sultan s subjects were only liberated in 1970 when a coup d etat led by Sayyid Qaboos bin Said enabled Oman to build a modern infrastructure join the Arab World and the international community *Oman Diplomatic Handbook Volume 1 Strategic Information and Developments* IBP USA, Introduction to Oman Gilad James, PhD,2014-05-03 Oman is a country located in the Middle East on the southeastern coast of the Arabian Peninsula It is a small country with a population of around 5 million people Oman has a rich history and culture with evidence of human settlement dating back to 10 000 BC Its strategic location made Oman an important center for trade and commerce in the ancient world with its ports serving as crucial stopovers for traders traveling between Asia Africa and Europe Today Oman is a modern and prosperous country with a thriving economy based largely on oil production tourism and commerce It is known for its stunning landscapes including rugged mountains golden deserts and picturesque coastlines as well as its diverse and hospitable people Despite its modernization and progress Oman remains deeply rooted in its traditions and history making it a unique and fascinating destination for travelers and scholars alike **His Majesty Sultan Qaboos Bin Said the King of Peace 50 Years of the Glorious Reign (an Anthology)**

Peterson,2024-06-03 Oman s 1970 coup launched a new political and economic structure that was created by and for Sultan Qaboos The initially haphazard construction matured into a durable structure that continues under Sultan Haitham This work details the early construction of the Qabusid state in the 1970s 1980s emphasizing the interplay between personalities and the process of institutionalization The narrative continues to the present demonstrating the resilience of the Qaboosid system United States-Oman Free Trade Agreement United States. Social and Gender Inequality in Oman Khalid M. Al-Azri,2013 Looking at the social political and legal changes in Oman since 1970 this book challenges the Islamic and tribal traditional cultural norms relating to marriage divorce and women s rights which guide social and legal practice in the modern Omani state The book argues that despite the establishment of legal instruments guaranteeing equality for all citizens the fact that the state depends upon Islamic and tribal elites for its legitimacy invalidates these guarantees in practice Two particular features of the legal and cultural regulation of marriage and marital rights are focused on the perceived requirement for kafa aor equality in marriage between so called high and low socio economic status peoples is examined and the institution of talaq which grants greater rights to men than to women in appeals for divorce This book addresses highly complex subjects with great rigor in terms of empirical research and engagement with theory sociological and political as well as theological and legal It is an interesting investigation of the divisions of authority between the state Islam and tribal norms highlighting barriers to reform in both Oman and wider Islamic society and advocating the removal of such obstacles *Oman Tax Guide - Strategic, Practical Information*,
