Summer Will Show:

Summer Will Show Sylvia Townsend Warner, 2011-06-08 In revolutionary Paris a disaffected Victorian wife becomes enraptured by her husband's mistress a brilliantly entertaining historical fiction novel that was far ahead of its time Guardian One of the great under read British novelists of the 20th century my favorite of her novels Sarah Waters author of Fingersmith Sophia Willoughby a young Englishwoman from an aristocratic family and a person of strong opinions and even stronger will has packed her cheating husband off to Paris He can have his tawdry mistress She intends to devote herself to the serious business of raising her two children in proper Tory fashion Then tragedy strikes the children die and Sophia in despair finds her way to Paris arriving just in time for the revolution of 1848 Before long she has formed the unlikeliest of close relations with Minna her husband's sometime mistress whose dramatic recitations based on her hair raising childhood in czarist Russia electrify audiences in drawing rooms and on the street alike Minna magnanimous and unscrupulous fickle ardent and interfering leads Sophia on a wild adventure through bohemian and revolutionary Paris in a story that reaches an unforgettable conclusion amidst the bullets bloodshed and hope of the barricades Sylvia Townsend Warner was one of the most original and inventive of twentieth century English novelists At once an adventure story a love story and a novel of ideas Summer Will Show is a brilliant reimagining of the possibilities of historical fiction

Feeling Backward Heather Love, 2009-03-31 Love weighs the costs of the contemporary move to the mainstream in lesbian and gay culture While widening tolerance for same sex marriage and gay themed media brings clear benefits assimilation entails losses hard to identify or mourn since many aspects of historical gay culture are so closely associated with the pain and shame of the closet

At Home and Abroad in the Empire Robin

Hackett, Freda Hauser, Gay Wachman, 2009 This book builds upon critical reevaluations of modernism and British literature of the 1930s with a simultaneous focus on discourses of race gender and empire The essays direct attention to the complications and ambivalence accumulating around the meanings of Englishness They reject analyses of texts as chronicles of personal psychological development in favor of analyses that assume texts are shaped by their authors public intellectual involvement In addition they offer detailed specific explorations of ways in which British women in the 1930s narrativize empire and war Thus they will resonate with significance for readers in the early twenty first century for whom empire and war as well as terror and security are part of the discourse of everyday life Robin Hackett is an Associate Professor of English at the University of New Hampshire Freda S Hauser is an independent scholar Gay Wachman is retired from the State University of New York Old Westbury
